

# Flames & Games: Recess Rescue Tips

## Characters:

- **Jamie:** A curious student who recently learned about fire safety.
- **Alex:** Jamie's best friend who loves to share safety tips.

**Jamie:** Hey, Alex! Did you know this week is "Fire Prevention Week"?

**Alex:** Yeah, I did! My parents talked to me about it last night. It's all about keeping safe from fires, right?

**Jamie:** Exactly! This pamphlet says we should always have smoke detectors in our homes. Do you have one?

**Alex:** We sure do! Smoke detectors can warn us if there's a fire. They beep really loudly. We test ours every month to make sure it's working.

**Jamie:** Oh, that's smart! My mom said we have two at home. One in the hallway and one near the kitchen.

**Alex:** That's great! It's also important to change the batteries every year. And do you know what to do if you hear the alarm?

**Jamie:** Umm... panic?

**Alex:** No! You get low to the ground, because smoke rises, and then crawl to the nearest exit. And never hide! It's important to get out of the house as soon as possible.

**Jamie:** Oh, that makes sense. This pamphlet also talks about "Stop, Drop, and Roll." Do you know what that is?

**Alex:** Yes! If your clothes catch fire, you stop what you're doing, drop to the ground, and roll back and forth to put out the flames. It's a quick way to put out a fire on your clothes.

**Jamie:** Wow, you're like a fire safety expert! One last thing – it says we should have a meeting spot outside our homes. So, if there's a fire, everyone knows where to go.

**Alex:** We have one! Our meeting spot is the mailbox at the end of our driveway. It's important so we can make sure everyone is safe and outside the house.

**Jamie:** I'll talk to my family about setting one up tonight. Thanks for sharing all this with me, Alex. It's important to be prepared!

**Alex:** No problem, Jamie! Let's be safe fire detectives and share these tips with our friends.

**Jamie:** Great idea! Everyone should know about fire safety.
