

Holiday Helpers: The Joy of Giving

Characters:

- **Emma:** A caring student excited about the holiday season.
- **Charlie:** Emma's best friend who learns about the joy of giving.
- **Classmates**

(Scene: School classroom or playground. Emma is decorating a small holiday tree. Charlie approaches with curiosity.)

Emma: Hey, Charlie! Look at this cute little tree. I'm going to decorate it for our class.

Charlie: Oh, that's nice. Why are you doing it all by yourself?

Emma: Well, I thought it would be a great surprise for everyone. I love the holidays, and it's fun to make things festive!

Charlie: You know, my grandma always says the holidays are about giving, not just getting. Maybe we could do something for others together.

Emma: That's a wonderful idea, Charlie! What do you have in mind?

Charlie: How about we make holiday cards for people who might be feeling lonely or sad during this time?

Emma: I love that idea! We can spread cheer and make others happy. Let's do it!

(They gather art supplies and start making holiday cards.)

Charlie: You know, Emma, this feels really nice. I like helping others.

Emma: It does, Charlie! Giving and making others happy is what the holidays are all about. And you know what? It's not just about presents and decorations; it's about the joy we share with others.

Charlie: Emma, what if we share this idea with our friends? Maybe they'd like to help spread holiday cheer too.

Emma: Great idea, Charlie! Let's ask them.

(Emma and Charlie approach their classmates.)

Charlie: Hey, everyone! Emma and I are making holiday cards for people who might be feeling lonely or sad. Do you want to join us and spread some holiday cheer?

Classmate1: That sounds awesome! I'm in!

Classmate2: Count me in too! Let's make the holidays special for others.

(Everyone starts working together)

Charlie: This feels amazing, Emma. Thanks for helping me see the true spirit of the holidays.

Emma: Anytime, Charlie! Being a holiday helper and putting others before ourselves is the best gift we can give.
