Happy National Bourbon Day!!

June 14 is National Bourbon Day (and Flag Day). Let's celebrate with a "bourbon road trip" to showcase bourbons from around the U.S. This is a virtual tasting. So you decide which of the 7 marked cities you want to "visit" and select a bourbon from that area to build your own flight (tasting placemats included). We will compare notes on our Zoom session!

National Bourbon Day Tasting Road Trip Part 1

Journey down "Route 64" on our "Bourbon Road Trip" to taste bourbons from around the US. This is a virtual tasting. So you decide which cities you want to "visit" (i.e., select a bourbon from that area for your tasting flight).

Did we pick the same bourbons? Fill out our online form with your selections, and join us on Zoom to compare!

Yes, the route kinks up to NYC. That's because we are biased and lobbied for the highway to be routed that way.

Louisville

It will be difficult to select just one. But try. Pick your favorite Kentucky-made bourbon.

Lawrenceburg

Home of MGP! Many distilleries source from them. Pick a bourbon distilled by MGP and compare it to the others.
