Yearly Service Project

The purpose of this project is to provide all kidpreneurs with an opportunity to participate in a project that allows them to give back to a cause in the community. This year's project was to collect laundry detergent, bedsheets and towels for Damascus Way (Valley Rescue Mission). We started in June with our vending fairs.

Totals

- Bedsheets: 2 twin sets
- Towels: 2 sets
- Dryer Sheets: 4 boxes
- Detergent: 24 bottles (945 loads)

New STEAM Program

This year, Sherricka was able to match two-middle school girls with a Robotics/Engineering mentor. She will work with them to guide them through robotics, introduce them to classes and workshops that will help them, and take them to different events.

Recognition

Jalen Boynton was recognized as an American Red Cross Community Hero for hard work in giving back to the community. He has been involved with Minor in Business for a few years. He is in the ninth grade. Every year, he reaches out to Sherricka to coordinate an activity where he can give back to the community. Last year, he created meal bags for less-fortunate families and distributed them to families in need through the Boys and Girls Club.

Speaking Engagements

Sherricka was able to speak at Career Day events at Dimon Elementary, Edgewood and Richards Middle School. Her topic centered on turning hobbies into business and entrepreneurship.
