To Whom it may concern:

The Lighthouse Children's Advocacy Center has contracted with Melissa Lopez since the beginning of 2022. For the past year she has made herself available to our entire staff for interpretation with our clients as needed. Due to an influx of Spanish speaking clients, we have utilized her services on a regular basis. Ms. Lopez is quick to respond and flexible in scheduling as it is often a time-sensitive situation to serve the clients in what is typically a personal crisis for them and their family.

In my personal interactions with Ms. Lopez she has consistently remained professional while simultaneously demonstrating empathy and cultural sensitivity to the families in need that we see. She is an intelligent and motivated individual who displays a passion for helping others.

If you would like additional information about Melissa Lopez, reach me at 980.925.2013.

Sincerely,

Kathryn Shemesh
