

Global Gathering at The Hive, DR

The Human Hive is a global network of inspiring individuals and organisations working together to make a difference with, not for, one another. This summer we are hosting the first Global Gathering at The Hive in Dominican Republic.

Why Are We Gathering Now?

It's time to gather our collective energy and channel it positively. There's a lot that needs our attention in the world and when we work together we can achieve truly wonderful things. Whatever you are passionate about, wherever you want to make a difference, we will give you a framework for being effective. You'll gain skills and knowledge about how to make change stick and connect with a global network of change makers to be the difference with. You are the person the world needs right now! What are you waiting for?

Where Will It Be?

This is the first ever global gathering at The Hive - a new alternative to school in Cabrera, on the north coast of Dominican Republic. People are coming from all around the world to put their heads and hearts together to figure out how to make a lasting impact. We will spend two weeks together, learning, creating and developing our ideas so that wherever we go next we feel equipped and ready to implement the change we want to see. Our mission at The Hive is to support wholehearted, purposeful practice - for ourselves, the people we care about and the planet we all share.

Who Is Coming?

Changemakers who have big ambitions to achieve great things. Humans with adventure in their soul and a willingness to step up and be the change they want to see. Whether you work in a corporate setting, in education or for yourself you will find kinship here and a way to channel your energy positively. We are inviting all cultures, all backgrounds to come together to find solutions to global challenges from diverse perspectives.

How Do I Apply?

Simply complete this application form and we will be in touch!

If you have any questions, contact Kate@thehumanhive.org

Sat 28th Building your **RESILIENCE**

TESTIMONIALS

"I found the training so worthwhile. I love the way The Human Hive works; unimposing, welcoming and enlightening. I'm looking forward to volunteering with their team."

Georgina Robertson, Teacher

"It has been great to be part of the Human Hive. I have been able to see this teaching module unfold and it is brilliant. I am familiar with the inquiry based learning style, however, the Human Hive has been such a learning experience for myself as an educator and for the students attending the school." Anni Cingari, Parent/Volunteer

Travel Information

Fly into
Santo Domingo SDQ
Puerto Plata POP
