Giving Tuesday is a movement of generosity: a time for donors to share gifts of love with organizations working to make the world a better place.

Every day, Beloved Community's movement for justice works to give a powerful, enduring gift to our communities: a world motivated by love, where historically marginalized people use their shared voices and power to dismantle inequitable systems and create lasting change.

Your support can help us reach this goal. Even a \$20 gift will help us build spaces of belonging, joy, and justice in schools, workplaces, and communities, and get us closer to our \$50,000 annual giving goal.

If you feel led, we invite you to help strengthen our transformative love movement with a gift today, or tomorrow on Giving Tuesday!
