

Friends of Greenhouse: 2025 Fall Newsletter

Dear Members & Friends,

Autumn has taken possession of the grounds at Rockefeller Park Greenhouse (RPG). The jeweled-toned colors of summer are being replaced with the vivid red, orange, and golden hues of fall. Whether you're a longtime visitor or a first-time explorer, prepare to be enchanted.

Throughout the fall and every season of the year, the goal of the [Friends of Greenhouse](#) is to help keep RPG blooming and freely accessible to all. To our members, donors, and volunteers, thanks for your support!

Annual Poinsettia Sale

December 5th-6th
10am – 4pm

(Members will receive additional info)

Memorial Pavers

New memorial pavers have been installed in the Willott Iris Garden.

View the additions: [2025 Pavers](#)

Volunteers in the [Betty Ott Talking Garden](#)

In September, CLEeastZTA sorority members and friends gave the Betty Ott Talking Garden a much appreciated clean-up! The garden is named for broadcast journalist and Zeta Tau Alpha member, Betty Steinhauer Ott.

Fall Gardening Tips

Autumn is the perfect time to plant spring-flowering bulbs like tulips, daffodils, and crocuses. You can also divide and transplant perennials, giving them time to establish roots before winter. Compost leaves instead of sending them to a landfill. And, for **pollinators**, don't forget to add Ohio native plants like asters and wild geraniums. Most importantly, enjoy the beauty of the season!

We wish you a wonderful autumn filled with nature's splendor, and we hope to see you at the Poinsettia Sale. And, if you haven't already done so, please renew your [membership](#).

*Sincerely,
Friends of Greenhouse Board*
