MEDICARE

The practice welcomes Medicare patients. **Please contact the office regarding the Medicare Replacement insurances that we accept.** If Medicare is your only form of coverage, you will be expected to **pay the 20% not covered** by Medicare at the time of your appointment. **We do not file secondary claims that do not automatically crossover from Medicare. We do not accept Medicaid as a secondary insurance.**

INSURANCE

The practice participates with many insurance companies. **Patient's are always responsible for knowing their insurance benefits.** If Dr. Danziger is an "out of network" physician the patient agrees to be completely responsible for all "out of network" charges. If Dr. Danziger is not a participating provider with the insurance then no claims will be filed. **We will need your insurance card to file your insurance claim. Without an insurance card the patient will be considered a "self pay patient".**

REFERRALS/AUTHORIZATIONS

If an insurance plan requires a referral for **ANY SERVICES,** it is the patient's responsibility to ensure that a hard copy of the referral is in the office **at least one day before the appointment.** If the referral is not here the day before the appointment then the appointment will be rescheduled.

LABS/DIAGNOSTIC TESTING

Many insurance plans stipulate which lab and/or diagnostic facilities you may use. It is the patient's responsibility to know this information. We "Code" all lab tests to the best of our abilities. Despite this the patient may still be responsible for lab fees.

Medications

Patients need to be seen every 6-12 months to renew any prescriptions.
