In collaboration with Alisha Jackson Ministries, we are proud to offer a comprehensive network of services that support individuals through coaching, resources, and guidance. Our partner organizations, such as Divine Warrior Life Coaching, A Better Life Publishing Company, and Alisha Jackson Academy, work alongside us to provide holistic services that address trauma, financial hardship, and emotional healing.

Join Us:

We invite you to connect with us for support, encouragement, and the resources you need to move forward. Together, we can break the cycle of abuse, inspire healing, and empower individuals to live a life of purpose, peace, and strength.

At F.A.I.T.H. Connection Center, we are deeply committed to providing essential resources and unwavering support to families affected by domestic violence, with a special focus on empowering African American families. This focus stems from the recognition that African American communities experience a disproportionately high risk of domestic violence, yet often have limited access to targeted or specialized resources.

We work with this population because they face unique challenges in seeking help, from systemic barriers to a lack of culturally relevant support services. By offering guidance, healing, and a clear path toward a brighter future, we aim to address these gaps and ensure that every family, regardless of background, has the resources to rebuild, regain their strength, and move forward with confidence.

Our goal is to provide support that is not only effective but also empathetic to the cultural, emotional, and practical needs of African American families, helping them to overcome trauma and break the cycle of abuse.

Who We Are:

F.A.I.T.H. Connection Center is a compassionate community committed to supporting domestic violence survivors through every step of their healing journey. We focus on offering practical tools, emotional support, and referrals to ensure that every individual and family we serve has access to the resources they need to break free from the cycle of abuse.
