

WORK AUTHORIZATION & LIABILITY AGREEMENT

Customer Name:

Vehicle (Year/Make/Model):

VIN:

Date:

Scope of Work:

Authorization: By signing below, I authorize Blue Line Upfitters to perform the services listed above.

Acknowledgment of Upfitting Work: Work may include drilling, mounting, wiring modification, panel removal, and electrical integration. These modifications are permanent and may alter the vehicle.

Electrical & System Integration: Modern vehicles contain complex electronics. Customer accepts that integration may affect factory systems including CAN-bus, sensors, driver-assist features, charging systems, or alerts.

No Guarantee of Compatibility: Blue Line Upfitters does not guarantee compatibility with all factory or aftermarket systems, especially where manufacturer limitations or software restrictions exist.

Pre-Existing Conditions: Blue Line Upfitters is not responsible for pre-existing electrical issues, warning lights, battery conditions, or system faults present before installation.

Warranties: Equipment is covered by manufacturer warranties only. Blue Line Upfitters provides a limited workmanship warranty for installation defects only.

Limitation of Liability: Liability is limited to the total amount paid. No responsibility for indirect, incidental, or consequential damages including loss of use, downtime, or lost revenue.

Customer Responsibility: Customer confirms ownership or authorization and accepts all risks associated with vehicle modification and system interaction.
