
ATTENTION AUTOMATION CLERKS

I'M VALOUNNY DE LA CRUZ, I am asking for your support to elect me for your President.

All of us have worked in Automation in the past.

We know what the clerks are going through.

THE PLAN FOR AUTOMATION

Once I am elected President for **APWU, SWCAL-917**, we will work with Dominique to make change in the Plant.

I will come into the Plant and check machines during 1st pass and list all clerks who are working alone.

We will help Dominique file **GRIEVANCES** to show a history of short staffing violations.

We will talk to our **STEP 3 REPRESENTATIVE**.

We will contact **JOHN DIPERI** the Western Region Vice President of Mail Processing Operations. He has the authority to bring more clerks into the Plant.

There are **NO THRU-PUT REQUIREMENTS** or sweeping or ledge holding requirements.

THEY DO NOT EXIST. THIS IS HARASSMENT.

All clerks should report any pressure by management about thru-put.

THE NEW UNION WILL NOT TOLERATE INTIMIDATION OR THREATS BY SUPERVISORS.

The current union does not back up Dominique at all. **IT IS OBVIOUS.**

The current union does not care about Automation clerks — and they never will.

It is time to make Automation an acceptable operation to work in.

I INTEND TO DO JUST THAT!

YOU GOT THE POWER TO MAKE THIS HAPPEN!

YOU GOT THE POWER TO MAKE THIS CHANGE!

VOTE
