

Jason Perez is a fantastic employee, hard worker, and all-around great person!

I had the privilege of meeting Mr. Perez back in early 2019 and he far exceeded expectations. Our team brought him on board to run our graphic design department.

Jason has a talented eye for giving customers a professional polished look within a fast turnaround time. His positive and upbeat attitude helped him develop relationships with our customers. These relationships converted into satisfied customers who continued to return with repeat business.

His great attitude also helped form strong bonds with his coworkers. This made for a positive work environment. Mr. Perez's passion for his craft shines through in every aspect of his life.

Unfortunately, due to the economic slowdown, due to the pandemic, and downsizing of the company, we had to let Jason go.

Jason will get the job done and I would highly recommend adding Mr. Perez to any team.

Sincerely,

DAVID LEITER

President
