

Scientific program

Apollo Endosurgery 2020

4th International Conference on Minimal Access Gynaecological Surgery
and Endometriosis.

**15th– 16th of June, The Hallam Conference
Centre, Marylebone, London**

44 Hallam Street, London W1W 6JJ

Honorary president: Ms. Nuala Close, CEO, The Harley Street Clinic,
HCA Healthcare UK.

Local Organizing Chair: Ms. Sally Featherstone

Scientific chairs: Mr. Denis Tsepov, MRCOG and Prof. Alexandr Popov

Welcome to Apollo Endosurgery 4th International Conference!

“Endometriosis is a complex and life changing disease affecting millions of women worldwide. It does not differentiate between race, nationality and socioeconomic status.

We, endometriosis surgeons from different countries have dedicated our careers and talents to try and eradicate this disease. This has proven to be very challenging. Meetings like this will get us working together and develop more understanding of how we should do it.

Welcome to Apollo Endosurgery 4th International Conference at The Harley Street Clinic, HCA Healthcare UK. Hope you will enjoy the conference!”

Mr. Denis Tsepov

Prof. Alexandr Popov
