

ROBBINS-GIOIA
An Acorn Company

Accelerating U.S. Army Capability Delivery at Picatinny Arsenal

Client: United States Army - Picatinny Arsenal

Program: Executive Office Soldier

The Challenge

U.S. Army programs operate in a complex acquisition environment where multiple stakeholders, evolving requirements, and tightly linked technical efforts must stay aligned. Gaps in visibility, disconnected timelines, and delayed decision-making slow progress and increase risk.

The Solution

Robbins-Gioia provides integrated program management support that brings structure, discipline, and clarity to complex acquisition efforts.

Robbins-Gioia develops and manages integrated master schedules that connect all activities, stakeholders, and milestones into a single trusted view.

Approach

Execution first. Technology that enables it.

Robbins-Gioia supports programs through scheduling, cost analysis, configuration management, and collaboration across government and industry teams while providing real time visibility into program status and risk.

The Impact

- ▼ Delivers real time visibility into program performance and execution
- ▼ Strengthens schedule reliability and drives on time milestone delivery
- ▼ Identifies and mitigates risk early before it impacts mission outcomes
- ▼ Accelerates resolution of cross functional challenges across stakeholders
- ▼ Aligns engineering, acquisition, and mission priorities to maintain forward momentum
