# B-EYE 760 IP

The B-EYE 760 IP is a high-performance LED moving head light designed for both indoor and outdoor applications. It offers versatile features suitable for stages, theaters, TV studios, and event productions.

## COB PAR 200

- Light Source: 200W COB (Chip-on-Board) LED
- Color Options: Available in RGBW (Red, Green, Blue, White), Warm White (3200K), Cool White (5600K), and combinations thereof
- Beam Angle: 60°
- Power Consumption: Approximately 200W
- Voltage: AC 100-240V, 50/60Hz
- Control Modes: DMX512, Master-Slave, Auto Run, Sound-Activated
- DMX Channels: Options for 1, 2, 3, 4, 6, or 8-channel configurations
- Protection Rating: IP20 (suitable for indoor use only)
- Dimensions: Approximately 290mm (W) x 260mm (D) x 305mm (H)
- Weight: Around 3.5kg

## Aquos B0618P IP

- Input Voltage: AC100V-250V at 50-60Hz
- Power Consumption: 108W
- Light Source: 6x18W high-brightness LEDs with 6-in-1 color mixing
- Color Options: Capable of producing 16.7 million colors
- Waterproof Rating: IP65, indicating protection against dust and water jets from any direction
- Lens Angles: Available in 15°, 25°, and 40°
- Dimensions: 22x14x19 cm
- Weight: 4 kg

# Exterior B1218P

- Input Voltage: AC100V-250V at 50-60Hz.
- Power Consumption: 216W.
- Light Source: 12 high-brightness 18W LEDs with 6-in-1 color mixing capabilities, offering 16.7 million color variations.
- Lens Angle: Adjustable between 15° and 40°.
- Control Modes: Supports DMX512, master-slave, self-running, 2.4G wireless DMX512, infrared remote control, and app control (compatible with iOS and Android).
- Size: 270mm x 270mm x 330mm.
- Weight: 5.5 kg.

## Battery Bar

- Light Source: 6 LEDs emitting 80 lumens of cool white light (4000K).
- Power Source: Operates on 6 AA batteries (included), providing up to 44 hours of continuous use.
- Features: Tap on/off functionality with an auto-off timer (options: 1, 5, or 15 minutes).
- Installation: Mounts easily using Command Strips by 3M, ensuring damage-free setup.
- Dimensions: 12 inches (length) x 2.5 inches (width) x 1.1 inches (height).

# AUDIO MIXER

# Behringer X32 Digital Mixer

A 40-input channel, 25-bus digital mixing console featuring 32 XLR mic inputs and 16 XLR outputs. It boasts 25 motorized 100mm faders, an assignable control panel, Ethernet connectivity, and dedicated iPad and iPhone control applications.

## Avolites Quartz

The Quartz is a compact yet powerful lighting control console designed for professionals requiring mobility without compromising

### Key Features:

- 10 playback faders
- 20 macro/executor buttons
- 3 high-quality optical encoder wheels
- 12.1" high-brightness touchscreen
- Compact width of 42.5 cm (16.5")
- Solid-state internal storage
- Support for one additional touchscreen
- Integrated Avokey security system

When it comes to sound mixing for content creation, whether it's for video production, podcasts, live streaming, or music, the right mixer is crucial for ensuring high-quality audio. Sound mixers, also known as audio mixers or mixing consoles, allow users to blend and adjust different sound sources to achieve the desired audio output.

The background features a light gray hexagonal grid pattern. In the center, there is a faint, large logo consisting of a square with a stylized 'E' inside, composed of several overlapping rectangular blocks. The text 'Thank you!' is written in a large, black, cursive script font, centered over the logo.

*Thank  
you!*
