

FOR IMMEDIATE RELEASE
09.14.20

Remedium Life Science of Georgia provides over \$100,000 of donated goods to Chattooga Chamber of Commerce Foundation to assist local youth and families.

Summerville, GA – On Friday, September 11th, a 53 ft tractor-trailer arrived at the Chattooga County Agricultural Center filled with 27 pallets of all new items in their original packaging. Local officials and volunteers were on site, along with Remedium representatives, to receive and unload the shipment. The contents range from home goods including kitchen items, bedding and appliances, to musical instruments, sports equipment, and even Halloween costumes. The Chamber Foundation will distribute these items in coordination with local charities including Helping Hands Ending Hunger and The Boys and Girls Club, along with our two school systems.

“These donations will reach thousands of lives in our community. Remedium has filled our hearts with so much joy – we are incredibly grateful for their generosity,” said Cindy Rivers McGraw, President of the Chamber of Commerce Foundation. Also, on site was Trion Councilman Lanny Thomas who commented, “this could not come at a better time for our community. For the past six months, we’ve had very little to celebrate and now we’ve been gifted a major donation.”

Matt Connelly, Chairman of Remedium, shared, “we are fortunate to be in a position to make a positive impact and that’s what it’s all about. The Remedium Team looks forward to continuing our work to support the families of Chattooga.”

Remedium Life Science of Georgia is partnering with the Northwest Georgia Joint Development Authority, Chattooga County and the Town of Trion to establish a new innovative industry in the community. Remedium is seeking a license to cultivate and manufacture medical low-THC oil for Georgia’s qualified patients. If successful, Remedium will research, develop and distribute specialized medical cannabis solutions throughout the State of Georgia, while bringing jobs and economic growth to the local communities of Chattooga County.
