### THE GLOBAL PROBLEM

Large, highly fragmented global commodity markets are under pressure to overcome limitations arising from the lack of well-developed global supply chains and systems.

### THE ALLIED SOLUTION

AIP's platform revolutionizes commodity trading by offering a cutting-edge three-participant trading ecosystem that seamlessly connects buyers, sellers, and shippers to transact the exact products important to them.

### THE MARKET

The commodity markets, especially grain, hay, fertilizer, and diesel, are experiencing a surge in demand for price transparency, product verification, and precision commodity selection due to evolving consumer preferences such as ESG. AIP is strategically poised to capitalize on these opportunities and others.

### EARLY MILESTONES

Since its inception, AIP has secured 14 patent pending processes. AIP is securing ownership of the trading platform signifying strength and representing a strategic investment in autonomy, flexibility and control enabling AIP to drive innovation and success.

### REVENUE MODEL

AIP maintains a transactional based notional revenue model that revolves around transaction fees from both buyers and sellers, as well as a usage fee from shippers.

### COMPETITIVE ADVANTAGE

AIP's foundational assets and key strengths are harnessed to develop enduring strategies that maintain a sustainable competitive edge. These strategies leverage our company's core expertise in industry knowledge, cutting-edge technology, and innovative insights, all aimed at enhancing the entire commodity value chain.

### EXIT

AIP has multiple exit strategies in place for its investors including an IPO, merger, or sale.

### BRYCE EVERETT - FOUNDING PARTNER

Bryce's visionary thinking and extensive experience across multiple sectors guides strategic direction and fosters a culture of excellence, innovation, and continuous improvement.

### ROBERT ALBERGHINE - FOUNDING PARTNER

Robert's role entails emphasis in the design, meticulous implementation, and diligent oversight of every aspect of our platform.

### CURRENT STATUS

At present, we are in the pre-seed stage of development, armed with a comprehensive technology roadmap and a contractual commitment for the deployment of a fully operational trading platform. Our strategic focus revolves around penetrating seven chosen markets as our initial, revenue-driving targets. Our highly functional team is poised for significant growth and impact.
