

J6 Jailbreak

I said whose corner is this
I said whose corner is this
It's our corner
Whose corner is this
It's our corner
Whose corner is this

Yo, that's right, this is our corner
That's right, this is freedom corner
Look, they want everything we got
When they wake up, we the first
thing that they think about
We stuck to they mind like glue
They wanna be like me and you
But we come to the corner for a
bigger purpose
The DC rats they always nervous
Let's go

Tonight, might be a jailbreak
Tonight, might be a jailbreak
Tonight, might be a~
Let's go

Don't mess with Micki again
Tell AP and them we don't wanna
make amends
Tell AP and crew that we don't want
no friends
Freedom corner here we gon be here
'til the end
We the first thing that they think
about
We the only thing they talk about
Freedom corner we came here for a
purpose
The DC rats they always nervous
Let's go

Tonight, might be a jailbreak
Tonight, might be a jailbreak
Tonight, might be a~

Whose corner is this
I said whose corner is this
I said whose corner is this
