

M.A.G.A.

[Verse]

Young man! Walk away from the hate
We're all human, and we don't
segregate
Just like women, help make America
great!
We are all in this together.
Our colors, are red, white and blue
And they stand for, every one of you
And together, here's what we're gonna
do
We're gonna Make America Great!
Woo Hoo!!!

[Chorus]

Everybody sing...

M – A – G – A
M – A – G – A
Let them hear our voice,
All you girls and boys
Stand up and make some noise
M – A – G – A
M – A – G – A
The American crowd,
Patriotic and proud
Shout it! Shout it out loud!

[Verse]

That's why, when it comes time to vote
Just remember, we're all in the same
boat
We're together, we're united folks
And we won't let them divide us
Young man! Walk away from the hate

We're all human, and we don't
segregate
Just like women, help make America
great!
We are all in this together.
Woo Hoo!!!

[Chorus]

Everybody sing...

M – A – G – A
M – A – G – A
Black, white and brown
From every city and town
We don't let the haters keep us down
M – A – G – A
M – A – G – A
The American crowd,
Patriotic and proud
Shout it! Shout it out loud!

[Chorus]

M – A – G – A
M – A – G – A
Let them hear our voice,
All you girls and boys
Stand up and make some noise
M – A – G – A
M – A – G – A
The American crowd,
Patriotic and proud
Shout it! Shout it out loud!
