

## Fauci! Leave Our Kids Alone

We don't need no vaccination  
We don't need no government control  
Put our kids back in the classroom *(they ain't learnin' nothin' online I know I didn't)*  
Fauci, leave our kids alone *(and Biden you too)*  
Hey, Fauci! Leave our kids alone!  
All in all, you're just another brick in the wall  
All in all, your just another politician to fall!

We don't need no vaccination  
We don't need no thought control  
No more masking in our classroom  
Fauci, leave us kids alone *(and Biden you too)*  
Hey, Fauci! Leave us kids alone!  
All in all, you're just another brick in the wall  
All in all, your just another politician to fall!
