

Hunter Got High

Hey Hunter! Roll up another one of those congressional blunts brotha...

He was gonna get his laptop fixed, but Hunter got high
He wasn't gonna show all them d#%k pics, but Hunter got high
He shoulda let Hillary bleach his whole hard drive
But Hunter got high, Hunter got high, Hunter got high

He wasn't gonna mess with the hoes, but Hunter got high
He was gonna take 'em all out on a boat, but Hunter got high
He's the smartest man Joe ever knew in his life
Till Hunter got high, Hunter got high, Hunter got high

He was gonna go visit his dad, but Hunter got high
He thought he had a secret stash, but Hunter got high
The White House got shut down, we all know why
Hunter got High, Hunter got High, Hunter got High

He never could paint worth a f^&k, Hunter got high
Now he gets a half a mill and up, "damn that's high"
Biden never use to start with B-U-Y
Till Hunter got high, Hunter got high, Hunter got high

Hunter Got High (Page 2)

Ukraine wasn't part of the plan, till Hunter got high
China wasn't that big of a fan, till Hunter got high
He wasn't gonna split it all, with the old big guy
Till Hunter got high, Hunter got high, Hunter got high

He wasn't gonna go to court, but Hunter got high
He'd never been indicted before, but Hunter got high
His attorney's out smokin' a bowl, and we all know why
Cause Hunter got high, Hunter got high, Hunter got high

He was making 80 G's a month, but Hunter got high
On a job brotha ain't never done, Hunter got high
He got more LLC's than John Gotti's ex-wife
Hunter got high, Hunter got high, Hunter got high

His cousin was never a pimp, 'Till Hunter got high
He had the best friends money could rent, but Hunter got high
Just imagine if he wasn't rich, and so damn white
The cops would raid his house, eat his lemon pound cake, disconnect his
cameras, and steal his money
