

# Let's All Vote Again

[Verse 1]

Let's all vote again  
I just can't wait till we all vote again  
With pen and paper, voter ID in our  
hands  
I can't wait till we all vote again

[Verse 2]

Let's all vote again  
Those mail-in ballots should have never  
been  
And all the dead votes coming in at 3 AM  
I can't wait till we all vote again

[Chorus]

Let's all vote again  
Like a band of patriots, we will count the  
right way  
We're the best of bands, resisting lies  
and fighting for truth our way  
And God's way

[Verse 3]

Let's all vote again  
I just can't wait till we all vote again  
With pen and paper, voter ID in our  
hands  
I can't wait till we all vote again

[Bridge]

Let's all vote again  
How hard can that be?  
Pen, paper, voter ID in your hand  
Should be pretty easy

[Verse 4]

Let's all vote again  
Those mail-in ballots should have never  
been  
And all the dead votes coming in at 3 AM  
I can't wait till we all vote again

[Chorus]

Let's all vote again  
Like a band of patriots, we will count the  
right way  
We're the best of bands, resisting lies  
and fighting for truth our way  
And God's way

[Verse 5]

Let's all vote again  
I just can't wait till we all vote again  
With pen and paper, voter ID in our  
hands  
I can't wait till we all vote again

[Outro]

I can't wait till we all vote again  
I can't wait till we all vote again
