

The MAGA Blues

Well, I don't need no more Big Tech reset dues
Yeah, I don't need no more Deep State deep fake news
God knows and I know I got those MAGA blues

Well, there's just one way to beat those MAGA blues
Just get up and stand up for the truth
Then you gonna lift those kick those MAGA blues

Well, I gotta be free for I can't get no rest
I fight for freedom 'till my dying breath
Give me liberty or give me death

I don't need no more Big Tech reset dues
I don't need no more Deep State deep fake news
God knows and I know I got those MAGA blues
