

The Trump Train Song 2024

I hear the Trump Train coming
It's rolling around the bend
You all ain't seen nothing till Donald Trump stepped in
He's got that certain something, that we can all agree
Some people say he's cocky
That's alright with me

Was not a politician
As you can plainly see
He didn't put up with bull crap involving all DC
Like Mueller and Pelosi, he got them all on the run
So, climb aboard the Trump Train
And vote for number one

So, if you're cruising for a bruising
And you don't like Brandon Joe
Climb aboard the Trump Train, the only way to go
Back to the White House where he ought to be
Where he will be a working
For you and me

Original song by Johnny Cash
