TAKING HER PLACE ON THE THRONE

JAZZ FROM THE VALLEY

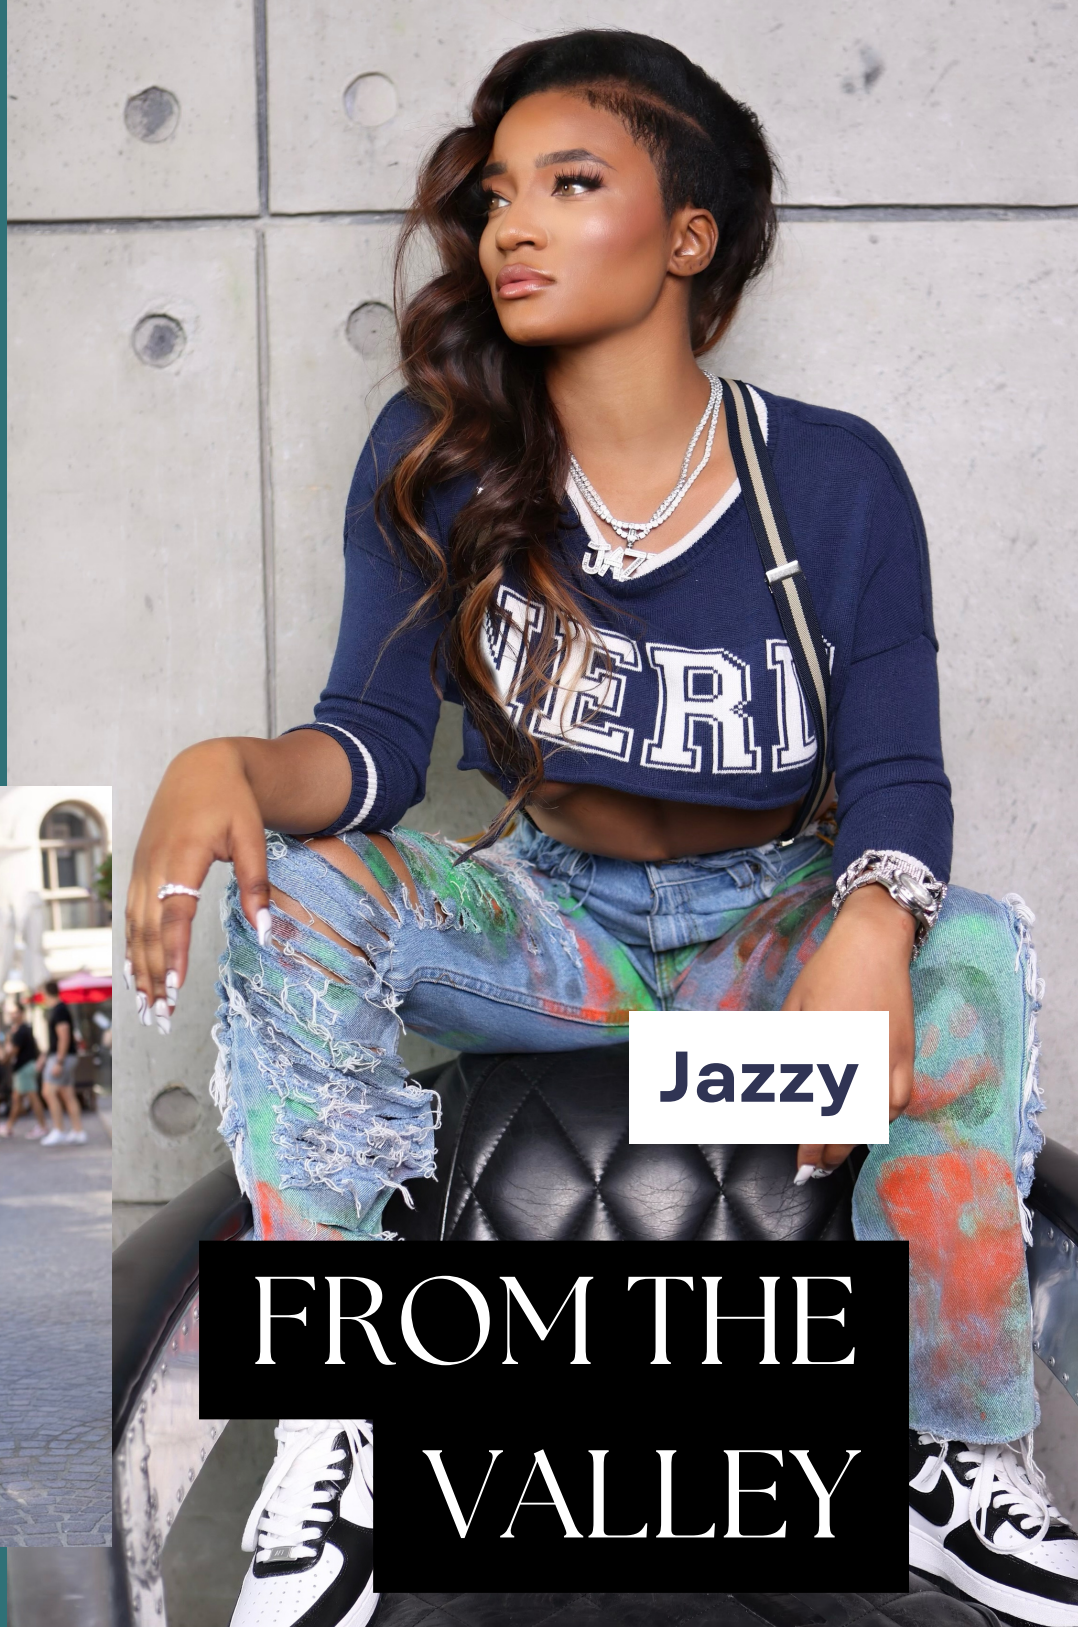

The new Queen has arrived, it is possible that you just haven't noticed or been informed, or maybe you have.

Jazz from the Valley is an extremely viral star all over social media. Her TikTok and YouTube shorts are filled with her bubbly personality being funny or her practicing for opening up at Coachella.

Jazz From The Valley is rebranding the "valley girl" subculture into a lifestyle of pure dedication and hustle while still approaching life with an optimistic outlook. Fully immersed in the music scene from an early age, her style and popularity had her moving around between girl groups as a singer and rapper, but she knew her talents would shine the brightest as a solo act.

She picked up the stage name Jazz From The Valley to pay homage to her roots in the San Fernando Valley and started writing infectious pop/hip-hop hits that showcased her fiery nature.
