

# WHY MERIT ASSESSMENT ELEVATES OUR JUNIOR GOLFERS' GAMES

We're excited to share that we're introducing a Merit Assessment program for our junior players here at Golf with Sherlock! This initiative is designed to support our junior community in reaching new heights in skill, discipline, and enjoyment on the course. But what exactly is a merit assessment, and why is it a game-changer? Let's break it down.

## **What is Merit Assessment?**

Merit assessment is a structured way to evaluate and recognize players' skills, consistency, and dedication. It goes beyond simply looking at game scores by focusing on key aspects of golf performance like accuracy, consistency, putting efficiency, and course management. Think of it as a holistic "report card" for our junior golfer's journey, measuring growth over time rather than only individual game outcomes.

## **Why Merit Assessment?**

### **Clear Benchmarks for Growth**

Having specific, measurable standards helps players identify their strengths and pinpoint areas for improvement. With these benchmarks in place, golfers can work towards clear goals, creating a targeted path for progress.

### **Motivation Through Recognition**

Every player deserves recognition for the hard work they put into developing their game. Through merit assessments, golfers receive the encouragement they need to keep pushing forward. Achieving new skill levels provides that extra boost of motivation and a sense of accomplishment.

### **Fair Competition**

Merit assessment makes it easier for us to match players of similar skill levels, creating a more balanced and enjoyable competitive experience. This ensures that everyone competes within their ability range, making tournaments fairer and more exciting for all participants.

## Targeted Training

With the insights gained from merit assessments, our coaches can design more effective, individualized training programs. By focusing on each player's unique strengths and growth areas, we maximize development, helping each golfer reach their full potential.

## A Holistic Approach to Excellence

At Golf with Sherlock, we're committed to developing well-rounded players who excel on and off the course. Our merit assessment program isn't just about numbers; it's about instilling discipline, resilience, and a lifelong passion for golf.

## Why Golf with Sherlock Is Implementing Merit Assessment

We are dedicated to excellence, we believe that introducing this program will enhance the experience and performance of every junior player. With merit assessments in place, we can provide our junior golfers with a supportive environment that recognizes their progress, encourages continuous improvement, and celebrates every milestone.

We're thrilled to see how merit assessment will help our junior players grow and strengthen our community. Whether a scratch golfer or just starting, this program is here to support you at every level. Embrace the challenge, track your progress, and watch yourself become the best golfer you can be!

# UPCOMING RETREATS

**golf with SHERLOCK**

**WEEKEND RETREAT**  
**2 DAY ADULT ONLY**  
**DECEMBER 28 - 29, 2024**  
**\$350 PER PERSON**
