CHECKLIST

Player Commitment Letter and Release of Liability (Page 1 / 2)

My son/daughter (player) has been offered a position with the following soccer club. I understand that to accept this offer, I as the parent/legal guardian must complete this Player Commitment Letter and return it to the club leadership.

I am committed to Pride Soccer Club for the seasonal soccer year of Fall 2018 and Spring 2019.

By signing this Player Commitment Letter, I give the aforementioned soccer club permission to register my player with Tennessee State Soccer Association (TSSA) in the Current Seasonal Year ("August 1st, 2018 through July 31st, 2019"). I further understand that this Player Commitment Letter is not binding until the 20th of June 2018. Following the 20th of June 2018, I understand that my player is committed to the aforementioned soccer club for the Current Seasonal Year and per TSSA Policy 26; the only way my player may be removed from this commitment is through a properly executed Player Release.

I, the parent/legal guardian of the committed player, a minor, agree that the player and I will abide by the rules of the aforementioned soccer club, TSSA, United States Youth Soccer Association (USYSA), United States Soccer Federation (USSF), and its affiliated organizations and sponsors.

Recognizing the possibility of physical injury associated with soccer, I hereby do waive and release the aforementioned soccer club, TSSA, USYSA and USSF, their affiliated organizations and sponsors, their employees, board members, coaches / trainers, volunteers and associated personnel, including the owners of the fields and facilities utilized for the programs, from any and all claims and rights for damages, liability, actions, and causes of actions whatsoever, arising out of or related to any loss, damages, or injury, including death, concussion, sudden cardiac arrest that may be sustained while participating in the soccer program or and/or being transported to or from the same. I further acknowledge that this risk may involve loss or damage or injury to the player, including the risk of death, or temporary or permanent injury or other unforeseen consequences, including those which may be due to the unavailability of immediate emergency medical care. I have a current medical consent form in force and have provided said form to the coach or club.

I AGREE NOT TO SUE nor bring any type of lawsuit against any persons or entities mentioned above for any of the claims or liabilities that I have waived, released or discharged herein; and I INDEMNIFY AND HOLD HARMLESS the persons or entities mentioned above from any claims made or liabilities assessed against them as a result of my actions.

The league, club, or tournament may not have primary personal injury insurance that covers my player's participation. Therefore, I should have a current, active, personal injury insurance policy in force, which covers my player's participation. Under any condition, I am responsible for any and all medical expenses arising from my player's participation, both in practices and games and while traveling to and from these events. I have the right and responsibility to inspect the equipment and facilities prior to events and, if I believe that anything may be unsafe, I will advise the coach or supervisor of the condition and may refuse to participate. Participation assumes consent.

Player Commitment Letter and Release of Liability (Page 2 / 2)

I also authorize transportation of my player convenient or necessary to and from any athletic event or social event connected with this club. I certify that to the best of my knowledge that my child / player, is in good health and is capable of participating in the soccer related activities including practice, training and games. I will inform my coach if this status changes. I, the undersigned, am/are duly aware of the risks and hazards inherent upon participating in said events.

This form must be completed for EACH soccer player (participant) and, if the player is under 18-years old, must be signed by the player's parent (s) or legal guardian (s). No player will be allowed to participate in practice, training or games without this form, properly executed, and on file, which may be also be completed online and submitted as the same as signing an original paper document.

I hereby affirm that I am eighteen (18) years of age or older and I have read this document and I understand its contents. I understand that I have given up substantial rights for both myself (as parent/guardian) or on behalf of the player, a minor, by signing this document and sign it voluntarily.

PRIDE SOCCER CLUB

CODE OF CONDUCT For Players, Parents, and Coaches

Parents, players, coaches and fans represent PRIDE SOCCER CLUB when our teams play. The actions of one of us affect the image of all of us. This Code of Conduct encourages us to work together to play with good sportsmanship and to treat players, coaches, referees, and parents with respect. It also identifies the possible consequences we will encounter when we can't behave in an appropriate manner.

TREAT REFEREES WITH RESPECT

- There are no circumstances in which a parent or coach should confront a referee during or after a game.
- Do not verbally harass a referee. If you must disagree with a call, do so quickly, calmly and let it go.
- Coaches will be held responsible for ensuring that parents comply with this portion of the code of conduct. A coach who, in the opinion of the referee director, age group commissioner, coaching director, or board member, fails to control unruly parents will be subject to suspension.

TREAT YOUR TEAM WITH RESPECT

- Ensure your child and all his/her equipment gets to games and practices on time.
- Pick up your child promptly at the end of games or practices; don't make the coaches wait for you.
- Disagreements with the coach do not belong on the public soccer field before, during or after a game or practice. Questions and comments should be voiced later in an adult atmosphere.

TREAT OUR PLAYERS AND OPPONENTS WITH RESPECT

- Coaches, not parents, are the ones we entrust to instruct our players. Parent criticism of (or "constructive help" for) other Pride players is usually not well received by the player, coach or the player's parents.
- Whether you win or lose, do so with class.
- Never yell at or criticize a player on the opposing team. Think how incensed you become when another parent or coach, especially one from the opposing team, yells at your child.
- Avoid confrontations or shouting matches with the coaches, parents, or fans of an opposing team. An effective response is to move to a part of the field where you cannot hear them.
- Constant yelling is very irritating to the people around you (even if you think your comments are positive).
- No alcohol, drugs, profanity or fighting are ever permitted at soccer games or practice.

GRIEVANCES AND CONSEQUENCES

- Your Director of Coaching is the first person you should contact if you feel a parent's, players, or coach's behavior warrants corrective action (e.g., confronting a referee or verbal abuse of players, coaches, referees, or opposing fans). The director will attempt to resolve or correct the issue but may refer it to the club's board (club administrator) for further investigation and remedy.
- The board may impose penalties including reprimands, suspension of playing / coaching / spectator privileges, and expulsion from a team or the club.
- The Tennessee Soccer Association and/or the Memphis Shelby Soccer Federation may respond to certain actions that take place during events they sanction (league matches, tournaments, etc.), such as the following:
 - Confrontations with or touching a referee during or after a game.
 - Confrontations or shoving matches between parents of opposing teams or parents and coaches. These governing bodies have the authority to impose fines and suspensions above and beyond those imposed by the Pride.

SIGNATURE: AS A COACH OR PARENT OF A PLAYER IN THE PRIDE SOCCER CLUB PROGRAM, I ACKNOWLEDGE...

- that I have read, understand and will adhere to this Code of Conduct;
- that my continued participation in club activities, and that of my children, is contingent upon my ability to do so; and
- that I will help my fellow parents and coaches when, in the emotions of the game, they need to be reminded of their own commitment to this Code of Conduct.

Cardiac Arrest Acknowledgement Form

(Athlete/ Parent/ Guardian)

What is sudden cardiac arrest?

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens, blood stops flowing to the brain and other vital organs. SCA doesn't just happen to adults; it takes the lives of students, too. However, the causes of sudden cardiac arrest in students and adults can be different. A youth athlete's SCA will likely result from an inherited condition, while an adult's SCA may be caused by either inherited or lifestyle issues. SCA is **NOT** a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating.

How common is sudden cardiac arrest in the United States?

SCA is the #1 cause of death for adults in this country. There are about 300,000 cardiac arrests outside hospitals each year. About 2,000 patients under 25 die of SCA each year. It is the #1 cause of death for student athletes.

Are there warning signs?

Although SCA happens unexpectedly, some people may have signs or symptoms, such as:

- fainting or seizures during exercise;
- unexplained shortness of breath;
- dizziness;
- extreme fatigue;
- chest pains; or
- racing heart.

These symptoms can be unclear in athletes, since people often confuse these warning signs with physical exhaustion. SCA can be prevented if the underlying causes can be diagnosed and treated.

What are the risks of practicing or playing after experiencing these symptoms?

There are risks associated with continuing to practice or play after experiencing these symptoms. When the heart stops, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who experience SCA die from it.

Concussion Signs and Symptoms Information Sheet

(Athlete/Parent/Guardian Copy)

What is a Concussion?

A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a bump, blow, or jolt to the head or body that causes the head and brain to move rapidly back and forth. Even a “ding,” “getting your bell rung,” or what seems to be a mild bump or blow to the head can be serious.

Did you know?

- Most concussions occur without loss of consciousness.
- Athletes who have, at any point in their lives, had a concussion have an increased risk for another concussion.
- Young children and teens are more likely to get a concussion and take longer to recover than adults.

Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks following the injury.

If an athlete reports one or more symptoms of concussion listed below after a bump, blow, or jolt to the head or body, the athlete should be kept out of play the day of the injury and until an approved health care provider* says the athlete is symptom-free and it is safe to return to play.

SIGNS OBSERVED BY COACHING STAFF	SYMPTOMS REPORTED BY ATHLETES
Appears dazed or stunned	Headache or “pressure” in head
Is confused about assignment or position	Nausea or vomiting
Forgets an instruction	Balanced problems or dizziness
Is unsure of game, score, or opponent	Double or blurry vision
Moves clumsily	Sensitivity to light
Answers questions slowly	Sensitivity to noise
Loses consciousness, even briefly	Feeling sluggish, hazy, foggy, or groggy
Shows mood, behavior, or personality changes	Concentration or memory problems
Can’t recall events prior to hit or fall	Confusion
Can’t recall events after hit or fall	Just not “feeling right,” or “feeling down”

What are the Concussion Danger Signs?

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. An athlete should receive immediate medical attention after a bump, blow, or jolt to the head or body if the athlete exhibits any of the following danger signs:

- Has one pupil larger than the other;
- Is drowsy or cannot be awakened;
- Has a headache that does not diminish or go away;
- Has weakness, numbness, or decreased coordination;
- Has repeated vomiting or nausea;
- Has slurred speech;
- Has convulsions or seizures;
- Unable to recognize people or places;
- Becomes increasingly confused, restless, or agitated;
- Demonstrates unusual behavior;
- Loses consciousness (even though brief it is serious)

Remember: Concussions affect individuals differently. While most athletes with a concussion recover quickly and fully, some will have symptoms that last for days, or weeks. A more serious concussion can last for months or longer.

Why should an Athlete Report Symptoms?

If an athlete has a concussion, their brain needs time to heal. While an athlete's brain is healing, they are more likely to have another concussion. Repeat concussions can increase the time it takes to recover. In rare cases, repeat concussions in young athletes can result in brain swelling or permanent damage to one's brain. They (concussions) can even be fatal.

What should you do if you think your Athlete has a Concussion?

If you suspect that an athlete has a concussion, remove the athlete from play and seek medical attention. Do NOT try to judge the severity of the injury yourself. Keep the athlete out of play the day of the injury and until a health care provider* says the athlete is symptom-free and is safe to return to play.

Rest is a key component to helping an athlete recover from a concussion. Exercising or activities that involve a lot of concentration such as studying, working on the computer, or playing video games may cause concussion symptoms to reappear or grow worse. Following a concussion, returning to sports and school should be a gradual process that is carefully managed and monitored by a health care professional.

****NOTE: Health Care Provider means a Tennessee licensed medical doctor, osteopathic physician, or clinical neuropsychologist with concussion training.***

	A concussion is a brain injury which should be reported to one's parents/legal guardian, coaches, or a medical professional if one is available.	
	A concussion cannot be "seen." Some symptoms might be present right away. Other symptoms can show up many hours or days following an injury.	
	I understand and will tell my parents/legal guardian, coach, and/or medical professional about my injuries and illnesses.	
	I understand and will not return to play in a practice or competition if a hit to my head or body causes me any concussion related symptoms.	
	I understand that written permission is needed from a health care provider* to return to play or competition following a concussion.	
	Most concussions take days or weeks to improve. A more serious concussion can last for months or longer.	
	Following a bump, blow, or jolt to the head or body an athlete should receive medical attention if there are any danger signs such as loss of consciousness, repeated vomiting, or a headache that continues or grows in severity.	
	Following a concussion, the brain needs time to heal. I understand that a concussed athlete is more likely to suffer another concussion or more serious brain injury if return to play or competition occurs before concussion symptoms go away completely.	
	In some cases, a repeat concussion can cause serious, long lasting problems or even death.	
	I have read the concussion signs and symptoms on the Concussion Information Sheet and I understand the importance of Concussion Education.

FINANCIAL CONTRACT

PLAYERS NAME: _____

PARENTS NAME: _____

TEAM NAME: _____

Please initial each box confirming you have read and understand each item.

PLAYER'S CLUB FEES

_____ 1. Club Fees and Team Fees do not include travel, or any other expenses incurred while traveling (e.g. hotel, transportation, or food).

- **LEAGUE PLAYERS:**

- Pride Soccer Club can keep our fees low because all staff are highly qualified and certified volunteers. Fees listed below are **per season, per player**. Our fees are all inclusive for the "League Play", unless otherwise noted. All fees collected go directly to the players and their needs. The only additional fees that may arise are on an optional basis for 3v3 tournament, replacement player gear, parent support gear, or extra opportunities that arise. Fees are subject to change, if vendors and/or event cost rise, without notice. The fees listed below are for each season separately (fall or spring).
 - NEW PLAYERS pay a total of \$450 for each season, fall and spring.
 - RETURNING PLAYERS pay a total of \$350 for each season, fall and spring.
 - ✓ ** New uniforms and other gear are made available for additional fees.
 - ✓ ** A uniform change occurs no more often than every two years and adds additional fees.

⚽ **FOR EXAMPLE:** If a player joins in the fall for \$450, he/she is then a returning player in the spring at \$350, and he/she will remain a returning player thereafter, if the player is playing consecutive seasons.

- **FEE BREAKDOWN:**

- **Club Fee: \$125 State Registration and Club cost (Website, TeamSnap, Awards, Club Training Gear, etc.)
- **Team Fee: \$225 League Play/Tournaments
- **Gear Fee: \$100 Uniform kit and training shirts, other items are available for additional fees (for new players).

- **TRAVEL TEAMS:**

- Travel Team fees are a bit different than "League Play".

- **FEE BREAKDOWN:**

- **Club Fee: \$125 State Registration and Club cost (Website, TeamSnap, Awards, Club Training Gear, etc.)
- **Gear Fee: \$100 Uniform kit and training shirts, other items are available for additional fees (for new players).

○ **TOURNAMENT FEES:**

- Every tournament is at a different price point. So, for this reason we have to calculate.
- FULL-SIDED tournaments we will take the number of players attending from all teams and divide by the total cost and then round to the nearest \$5.
 - ⚽ **FOR EXAMPLE:** Tournament cost is \$1,570 and there are 24 players attending, the cost per player would be \$65.42, then round up to nearest \$5, would be \$65.00 each player.
- SMALL-SIDED tournaments (3v3, 4v4, 5v5, etc) are done almost the same way. We will calculate the number of teams, the total cost for all of those teams, and divide by the number of players and round up to the nearest \$5.
 - ⚽ **FOR EXAMPLE:** There are 10 teams that will attend a 3v3 tournament. The cost per team is \$210. Therefore, the total cost to enter that particular event would be \$2,100. Inside those 10 teams we have 5 players, giving a total of 50 players that will then be divided into \$2,000, making that price \$42, rounded up to the nearest \$5 would be \$45 per player.

- _____ 3. Any payment received 30 days after its due date shall be past due and may result in surrender of a player's membership card. Players will not be allowed to practice or play until the membership card is reinstated.
