

Biking For Babies Regional Ride

Our Council coordinates a team with the Parish to ride and raise funds for Biking For Babies which is a non-profit organization that promotes a mission of life and raises funds for area pregnancy centers. We also provided volunteers that worked the Halfway Aid Station on the 25-mile ride. This year's Biking For Babies Philadelphia Area Regional Ride in Exton, PA raised over \$7,000 for two area pregnancy centers.
