CONNECTIONS PROGRAM

ONGOING SUPPORT TO BELONG AND THRIVE

THE PROBLEM

Businesses strive to support and elevate their employees and build community. Supporting and retaining employees is more critical than ever. Employees are constantly navigating life transitions and challenging circumstances. They need resources and support, yet only 13% seek help. What if employers provided a platform for everyday mutual support? We are an untapped resource for one another to learn and grow along our journeys.

THE SOLUTION

ShareMyJourney is a three-tiered program designed to increase employee connection and strengthen your business community. Employees Connect, Share, Learn to support one another during their life journeys.
