## ALPHA HEAVY DUTY Commercial Petrol Pump

The HYTEK ALPHA pump range now includes an ATEX approved pump for pumping petrol.

The **ALPHA** heavy duty fuel pump has a modern robust stainless steel cabinet. Available in two versions, economy & standard speed. All models are fully electronic so there are no levers, switches or knobs to worry about!

**Pumping Speed:** Choose 50L/min version for filling cars & vans, 70L/min for filling small trucks.

Accuracy:	Accurate to +/- 0.25%.
Display:	Single sided electronic display shows up to 99,999.9 litres, the electronic totaliser keeps an ongoing total of fuel used up to 99,999,999 litres. Dual sided display optional.
Nozzle Operated:	No switches, levers or handles to operate or break. Simply remove the nozzle & the pump starts, replace & the pump stops. Next time you remove the nozzle the display resets. (Nozzles not included, choose the make you prefer).
Key/Card System Interface:	All versions can easily be interfaced with most existing or new key/card fuel management systems as a 10:1/100:1 pulse transmitter is fitted as standard.
Cabinet:	Modern robust cabinet, completely stainless steel to prevent corrosion. Individual parts can be replaced in the unfortunate event of accident damage.
Easy to Maintain:	Good access for service engineers allows for easy & quick maintenance. (Speak to your distributor for maintenance schedule/contract)
Supplied With:	Outlet hose, suction inlet flexible connector & base drip tray.
Compatibility:	Use to dispense petrol or diesel.
Options:	Automatic shut off nozzles, breakaway couplings & hose retractors. Ask for full list.

FOR USE ON BELOW OR ABOVE GROUND STORAGE TANKS.
