Ideal for fixed location, high volume fuel transfer, and a popular choice with Fuel Management Systems.

Manufactured from only the highest quality materials like cast iron, sintered bronze, and featuring Buna-N seals, these pumps provide exceptional durability for a wide variety of fuels. Explosion proof motors and UL listed models are your assurance of safety.

Additionally, a complete line of meters and accessories mean you can customize your fuel transfer system. From a simple mechanical meter, a hose, and a manual nozzle all the way up to a digital pulse output meter and ultra high flow automatic nozzle, nothing beats Fill-Rite® fuel transfer equipment.

**FEATURES**

- Cast Iron Construction
- 30 Minute Duty Cycle
- UL/cUL Certified Motor
- Gasoline, Diesel, B20, E-15, and Kerosene Compatible
- 2" NPT Bung Mount
### SD600 Series
- **13 GPM**
- **115 Volt**
- **8’ Lift**
- **For use with Skid Tanks**
- **Excellent choice for light duty applications**
