Practice Tip of the Month

Little by Little, a Little Becomes a Lot

Meaningful progress doesn't come from marathon practice sessions—it comes from showing up consistently. Just 10–15 focused minutes a day helps students build confidence, improve skills, and enjoy making music.

Use **Practice Space** to review assignments, log practice, and revisit teacher notes throughout the week. It's a simple way to keep the momentum going between lessons.

Need help getting started? Ask your teacher at your next lesson—we're happy to help you make the most of Practice Space!

Jaycee Teague, guitar & ukelele

If you've met Jaycee, you've probably noticed her warm smile and encouraging spirit. Known for her folk-inspired fingerpicking style and laid-back approach to teaching, she helps students feel comfortable while building strong musical skills.

Jaycee is always looking for ways to make Hatfield Music even better. Her willingness to jump in wherever she's needed and her genuine passion for music make her a wonderful teacher and teammate. We're so thankful to have her as part of the Hatfield Music family!

Congratulations to all of our Spring Recital performers! Thank you to our students, families and teachers for making this year's recitals a beautiful celebration of growth, confidence, and music. We are so proud of every performer!

Helping Your Child Succeed

The most successful music students don't necessarily practice the longest—they practice consistently.

Here are 3 simple ways you can help at home:

🎵 Encourage 10–15 minutes of focused practice each day.

👏 Celebrate effort, not just perfection.

📱 Check Practice Space together to review assignments and celebrate progress.

Small, consistent steps lead to confident musicians!

Thank you for being part of the Hatfield Music family. Whether you're just beginning your musical journey or have been with us for years, we're honored to walk alongside you as you discover, grow, and thrive through music.

— Rhonda Hatfield & the Hatfield Music Team

🎵 Until Next Month...

Keep practicing.

Keep encouraging.

Keep making music.
