

GSN UPDATE

Volume 1 / Issue 1

GSNWARD22.COM

Our website - GSN Ward 22 will assist you in keeping up to date on Ward business. We have attempted to make it easy to navigate, with bold headlines, and content that you need. Also included, videos to better illustrate a point, and introduce you to community members you really should get to know. If we have missed something please let us know. Our contact information is at the top of the page.

JANUARY UPDATE

It's a New Year and by now most of us have resumed our old routines, I can't remember the last time I was so excited to get back to work. Just before we "officially" broke for Christmas I was just getting my feet wet in a brand new job, as your city councillor. While the first month was busy setting up the office, navigating the city bureaucracy, and fielding calls from many of you who needed assistance, I know it will all pale now that 2019 is here.

WEBSITE

This website, which we call GSN Ward 22 will assist you in keeping up to date on Ward business. We have attempted to make it easy to navigate, with bold headlines, and content that you need. Also included, videos to better illustrate a point, and introduce you to community members you really should get to know. If we have missed something please let us know. Our contact information is at the top of the page.

"My priority going forward this term is to get you moving"

As you know Gloucester-South Nepean is a large and growing ward. It stretches in the west end from Longfields Drive, to Bank Street in the East End. We are a community of communities divided geographically by the Rideau River and a large chunk of land between Bowesville Road and Albion, just south of the Airport. It has been a challenge to make residents feel connected, but I am committed to doing everything I can to foster a greater relationship between all our wonderful communities. Gloucester-South Nepean is a young ward and we don't have a lot of city infrastructure. That makes it challenging for me to hang out in the Ward. I have a small room in Riverside South at the Community Centre. In FindlayCreek I will let you know where and when I will be having a coffee at Tim's. The same goes for East Barrhaven and Stonebridge.

PRIORITIES

My priority going forward this term is to get you moving. Faster commutes won't happen overnight, but I am working with Osgoode Councillor George Darouze to identify how best to make rapid bussing into the core happen.

OC Transpo in Riverside South has been an ongoing issue, and I continue to invite feedback on how routes can be improved. You have identified speeding as a huge issue. ([Check out the Video here](#)) - Ottawa Police are aware of particular trouble spots and I encourage everyone to continue to call Police to record incidents. It's the only way to ensure new traffic lights or stop signs.

LET'S WORK TOGETHER

I am gratified to serve on the Ottawa Police Services Board, Ottawa Library Board, and I am Vice-Chair of the Audit Committee. While I hold the office of Councillor, I know full well that this is a team effort and we will best succeed working together.
