

## **Our First Baby**

**..... is coming in October!**

**Our resident Betsy is having her baby next month.**

**Betsy will soon need a vehicle** to transport her baby to daycare, and to doctor appointments. It would also be a great relief if she could get to work without taking three or four buses.

**We hope** that one of our supporters has a vehicle in good working condition that can be donated to meet our resident's need.

**We are praying we can bless Betsy with a vehicle before her son arrives!**

***If you can help***

**Please call or text Anna**
