CERTIFIED, COMPASSIONATE CARE

ALL ABOUT _____

Tell me everything! The more I know about your pet's personality and quirks, the better care I can provide.

What are your pet's favorite treats and where are they kept?

Does your pet have any "best friends" or "mortal enemies" in the neighborhood?

Favorite hiding spots or cozy places to nap?

Are there any specific words or sounds that get your pet excited (or scare him/her)?

Any funny habits, quirks, or "rituals" I should know about? (e.g., he only eats if you sing, or she loves watching birds)

How does your pet act when he/she is happy, tired, or needs some space?

Are there any specific "no-go" zones in the house or yard?

Is there anything else—no matter how small or silly—that makes your pet unique?
