## COLLECTION

Lush Mint blends rich mint green, watermelon pink, and crisp white with bold florals and vibrant graphics that evoke a summer in full bloom. It's a playful, easygoing collection that feels as refreshing as it looks.

Created for those who express themselves through color and aren't afraid to stand out, this collection mixes sporty and feminine energy through light, modern silhouettes. From tropical prints to reinvented animal motifs and stripes, every piece invites you to play with style.
