Customized Gifts

Tee Gifts

Custom woven and embroidered belts make standout tee gifts that players will actually use—and remember. Thoughtfully designed and made to last, each belt can be personalized with your tournament or club logo for a meaningful, practical gift that leaves a lasting impression both on and off the course.

More than just tournament gifts, these belts also make great pro shop staples and keepsakes for members to remember their time on the course.

ROOSTAS

Display Lookbook

Every detail matters in the proshop.

Our belts speak for themselves—but how you show them off speaks volumes. This lookbook is your visual guide to styling Roostas displays that attract, engage, and convert.

Tabletop

Compact doesn't mean cramped. Our tabletop display is made for eye-level engagement—perfect for counters, shelf ends, and grab-and-go zones. With clean lines, warm wood tones, and a bold Roostas logo, it delivers a refined, ready-to-shop presence in any retail space.

Measurements:
46 x 43.5 x 20.5 cm

Belts sit upright in a fixed format, keeping them evenly spaced and easy to browse. The open-top layout showcases color variety without clutter, while the prominent rooster mark reinforces brand recognition at a glance.

For styling, we recommend rotating colors seasonally, grouping tones from left to right, or mixing styles to catch the eye. This display does the heavy lifting—just add great belts and a prime location.

Freestanding

The Roostas freestanding unit is built to command attention. With a compact footprint and open design, it's ideal for anchoring a corner, aisle, or featured wall. Each row is spaced for visibility, allowing belts to hang freely and naturally—inviting touch without clutter.

Measurements:
106 x 53.5 x 14.5 cm

We recommend sorting belts by tone or collection from front to back to create a natural flow for the eye. Keep the base clear of excess signage to let the product speak for itself.
