DUNS: 081043785

CAGE: 81KP5

DIFFERENTIATORS

Pacific Global Security Group is an intelligence led, Cybersecurity company that prides itself on being composed of upper echeloned talent coming from Big4, military, and DarkMatter pedigree. We have 3 locations to serve our clients from Montana, Texas, and Hawaii. All senior members regularly teach by speaking and authoring papers for the industry.

Company Private/DoD Sector History

Coming from 100+ years of combined cybersecurity experience from the private and government sector, our people, ideas, technology, and outcomes are all designed for impact. For example:

- Executive direction and lead cybersecurity expert for the UAE Nuclear sector, Was the go-to for the Department of Nuclear Safety and Security for information and cyber security issues related to nuclear and other radioactive material facilities and operations.
- Provides vCISO, GRC, C&A consulting & advisory services to clients through the leadership of related teams (Strategy, Risk, Compliance, Architecture, Engineering, Network Defense, Red & Blue Teams, Marketing, Pre-Sales)
- Coordination with national and international stakeholders in developing the strategic vision and implementing activities to support Abu Dhabi Airport Company (ADAC) and surrounding 5 airports in developing and enhancing their information and cyber security as part of their airport security regime.
- Provides fused, estimative intelligence analysis to support asymmetric operations for Phase 0 (steady state) through Crisis Response operations for SOCPAC Counter Revisionist States team.
- Identifies critical vulnerabilities that provide opportunities for full range of SOF asymmetric options development.
- Working with Siemens Industries as the cybersecurity IT/OT subject matter expert for the Pacific rim in order to implement cybersecurity practices from inception to completion of projects.
