

# Who We Are

## Background

We are a team of experienced educators, with a wide range of knowledge and expertise within both mainstream and specialist support. We have a great passion and understanding for pupils in need of something different in order to successfully access and complete their learning. We work with pupils at risk of exclusion, or simply in need of a different approach.

## Values

Our setting is steeped in values built around individuality and simplicity. We work flexibly to allow learners to gain valuable life skills and qualifications, in a manner that suits their needs and enables them to express their aspirations and interests. We truly believe that every child can thrive.

## Mission

Our mission is to be recognised as an outstanding provision for pupils with additional behavioural needs.

We aim to provide the community with support, including preparing students for employment and further education through life skills such as independence and resilience.

Our support within schools will also have a lasting positive impact on pupils and the wider community.

## Every child can thrive

A perfect mix of enrichment and education to allow every child to thrive.

We provide support for pupils, schools and the wider community. Visit our website or give us a call to find out more and enquire about further support.

Primary, Secondary, and Homeschooling places available.

# Primary

All learning for pupils is immersive and tailored to their needs and abilities. Primary pupils will continue to follow their curriculum set by their mainstream setting, but at a pace and environment that suits them.

Pupils will have access to interventions and support such as:

- ELSA
- Thrive
- Lego Therapy
- Art Therapy

.... as well as taking part in team building and resilience activities.

Pupils also have the opportunity to further develop curriculums that they are passionate about, such as:

- Sports
- Expressive Arts
- Horticulture
- Animal Care

## Products & Services

Our Alternative Provision is an education hub. Whilst our primary focus is to support pupils, we are able to provide a multitude of high quality training and support in other areas too.

We can support schools in a variety of ways. We provide schools with qualifications and training as well as upskilling with how to best support learners.

Additional school support services include:

- Observations & shadowing
- Action planning and support sessions
- Referrals & panel support (ie. EHCP & CAMHS)
- Truancy hub / school avoiders support

Our specialised staff are able to put together a bespoke package that can suit your schools needs with a focus on the best way to support both staff and learners.

## School Support

## Secondary

Pupils will access an immersive curriculum, based around their chosen pathways. They will achieve relevant qualifications, including Math & English Functional Skills.

**Pathways to choose from include:**

- Sport & Nutrition
- Health & Well-being
- Entrepreneurship

All pathways are adapted to provide appropriate training, qualifications and life skills to support learners with moving into a positive and independent adult life. We also aim to achieve successful re-integration to mainstream education.
