## Bridge contour lighting effects

QUALITY TEMPERED GLASS

ORDINARY GLASS

HIGH-QUALITY ALUMINUM

RECYCLED ALUMINUM

# As the pinnacle of LED

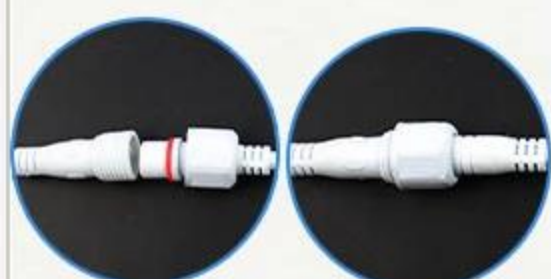

Accumulation of LED line lights

lighting engineering preferred

### Bold public water bus

Bold industrial-grade copper  
high temperature UV  
oxidation, truly waterproof

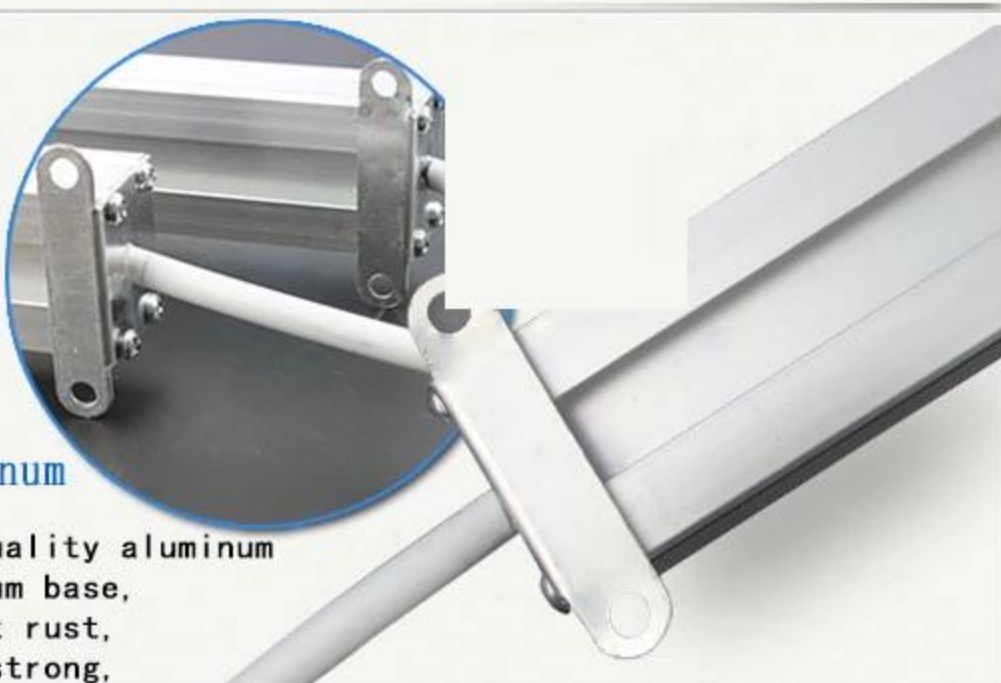

Large terminals

Small terminals

### High-quality aluminum

Integration of high-quality aluminum  
precision cast aluminum base,  
Heat quickly, does not rust,  
corrosion resistance strong,

### Tempered glass mask

PMMA optical quality glass lens mask  
Transmission rate up to 98%  
light color uniform  
Bright colors

### TaiWan Imported Chips

5050/5730 high-quality chips,  
high brightness Low power,  
light uniformity, high luminous flux,  
Low heat, the average life expectancy  
of up to 5 000 -80 thousand hours

### Waterproof and Dustproof

Joint use of imported  
siliconeseal, waterproof  
Dust levels to IP68

### Recommended with power

Monochrome 5730/5050 tempered glass  
lamps need to configure lines  
DC24V Professional rainproof  
power rating, with professional  
Stable, safe and durable

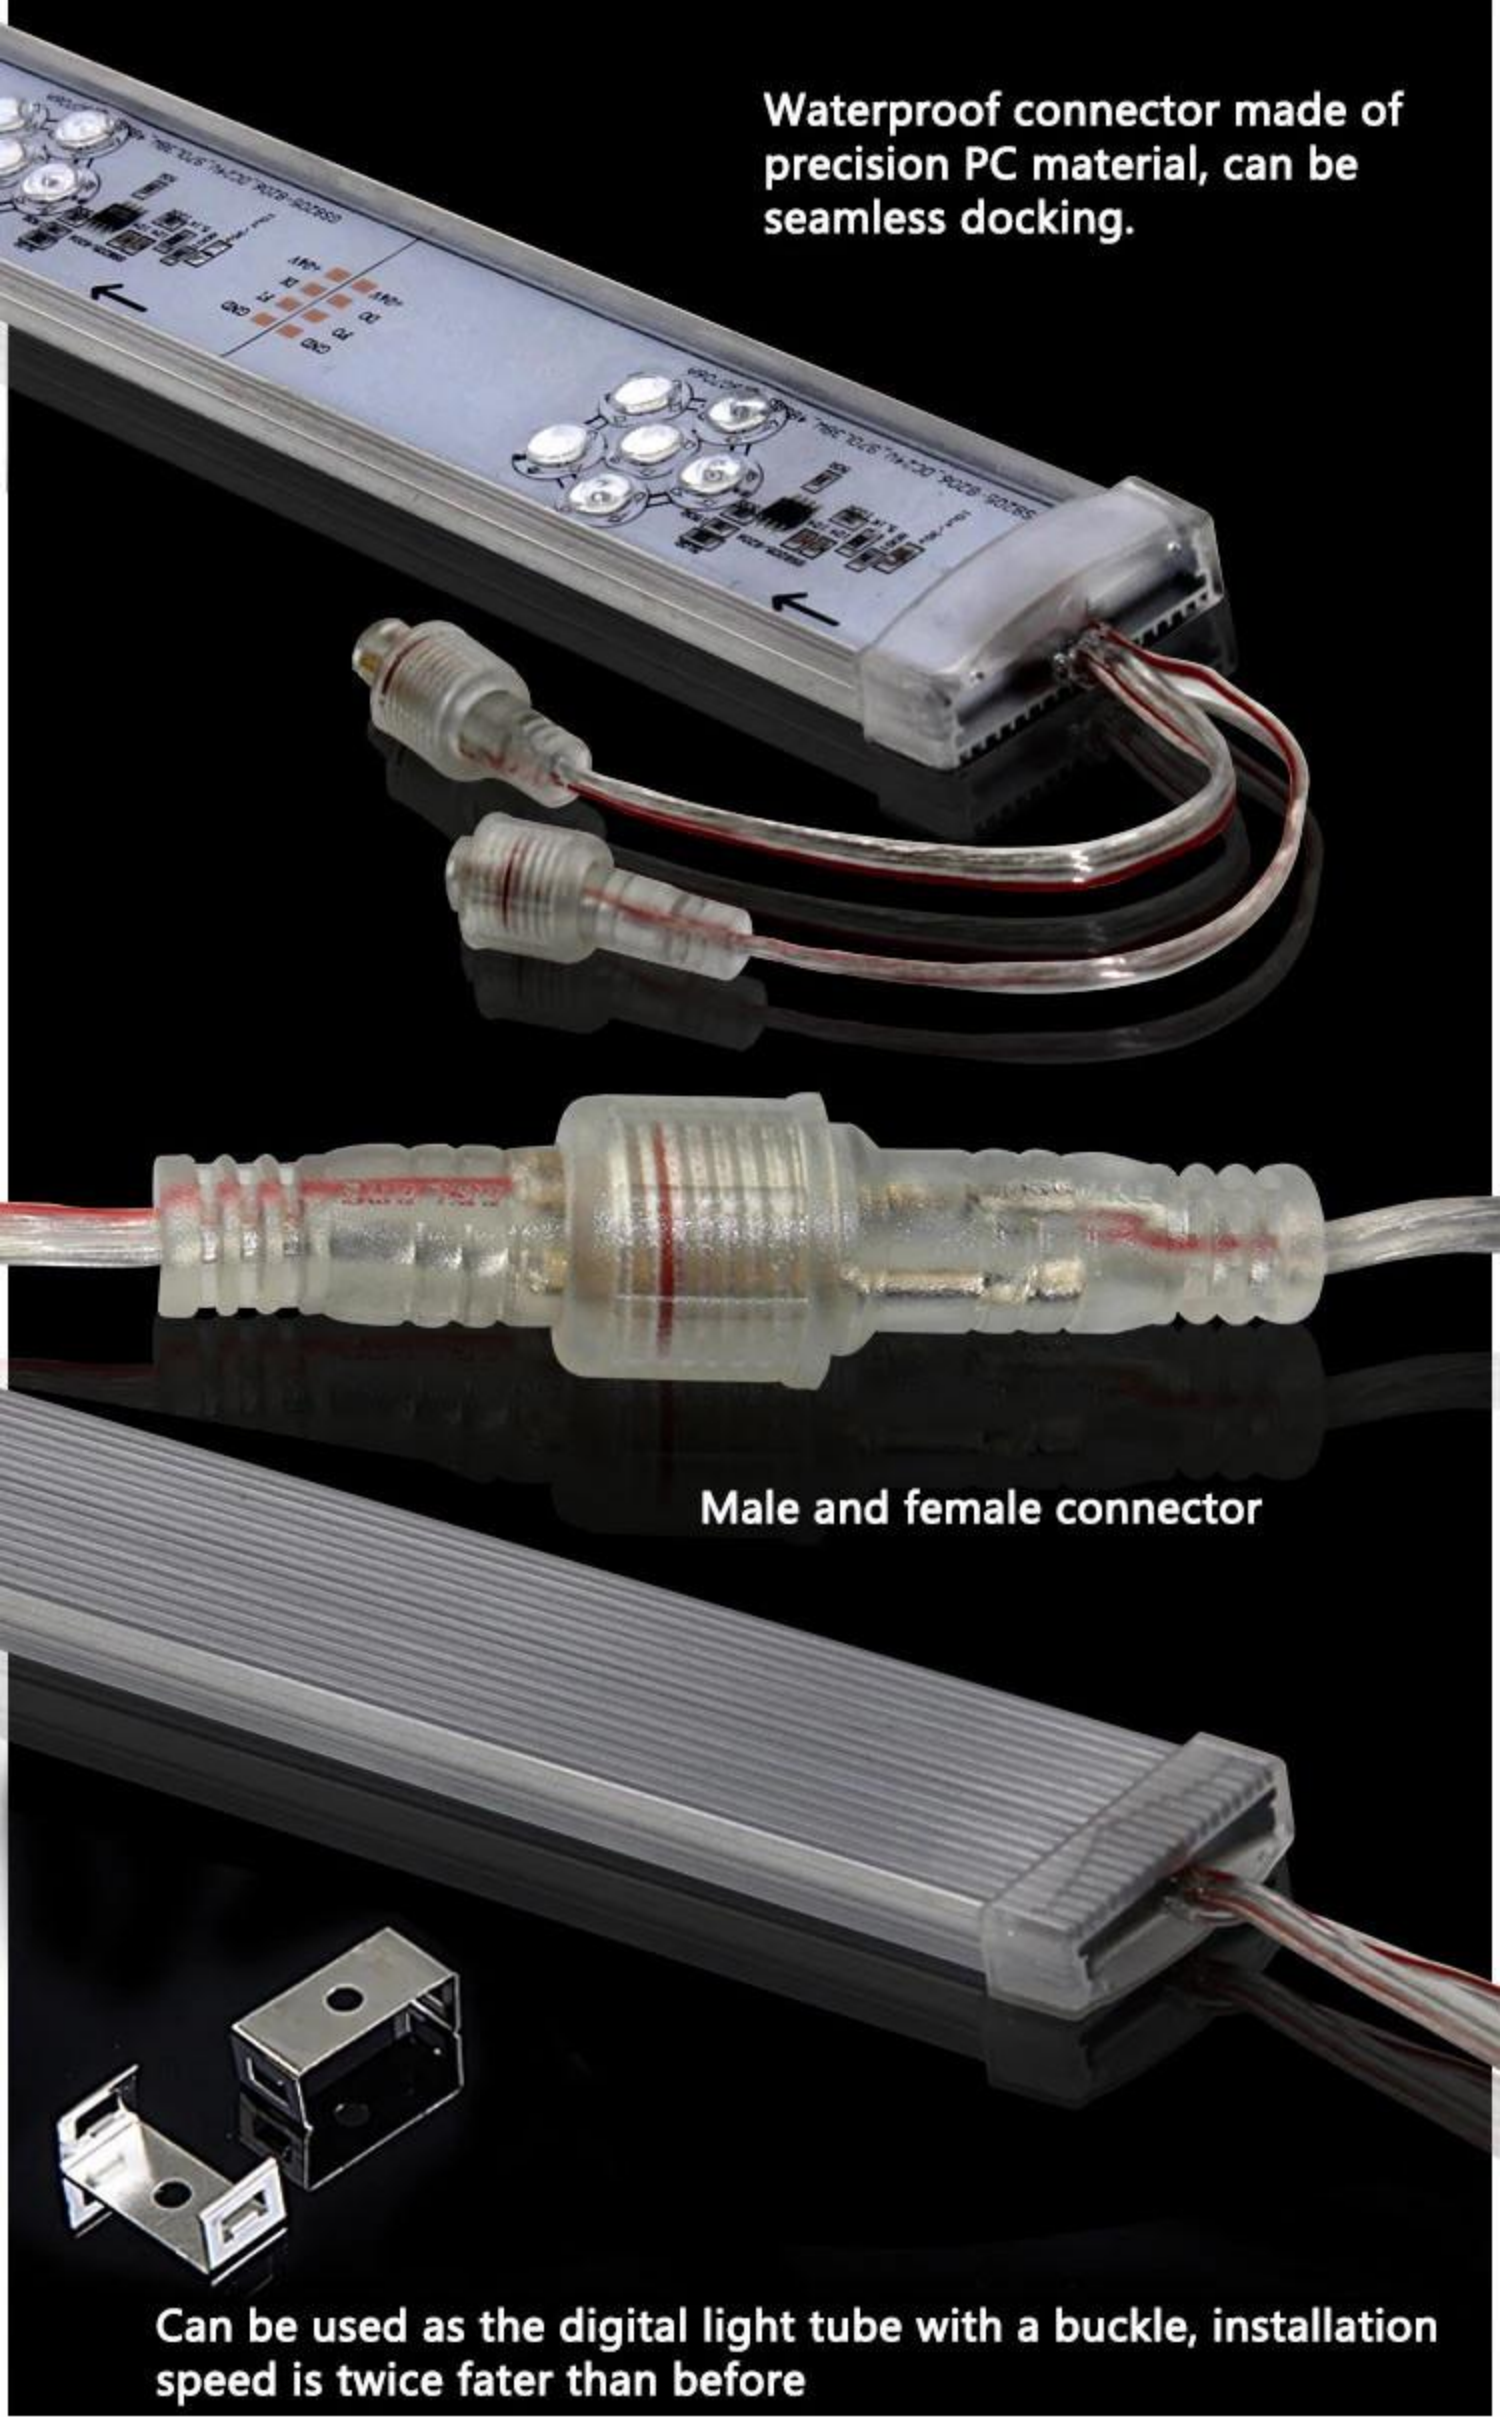

Waterproof connector made of precision PC material, can be seamless docking.

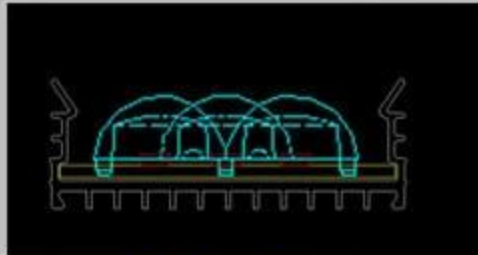

Male and female connector

Can be used as the digital light tube with a buckle, installation speed is twice faster than before

# Five patented

1. 4cm/Structure

2. 3cm/Structure

3. Waterproof plug

4. Male and female connectors

5. Utility model patents

## 4 in 1 use—LED Linear Spot Light

Private design/Patented product/A new generation of LED lights

LED Digital tube

Can replace all the digital tube on the market

LED Linear light

Can replace 80% of the linear lights on the market

LED Wall Washer Light

Can replace 60% of the wash wall lamp on the market

LED Spot Light

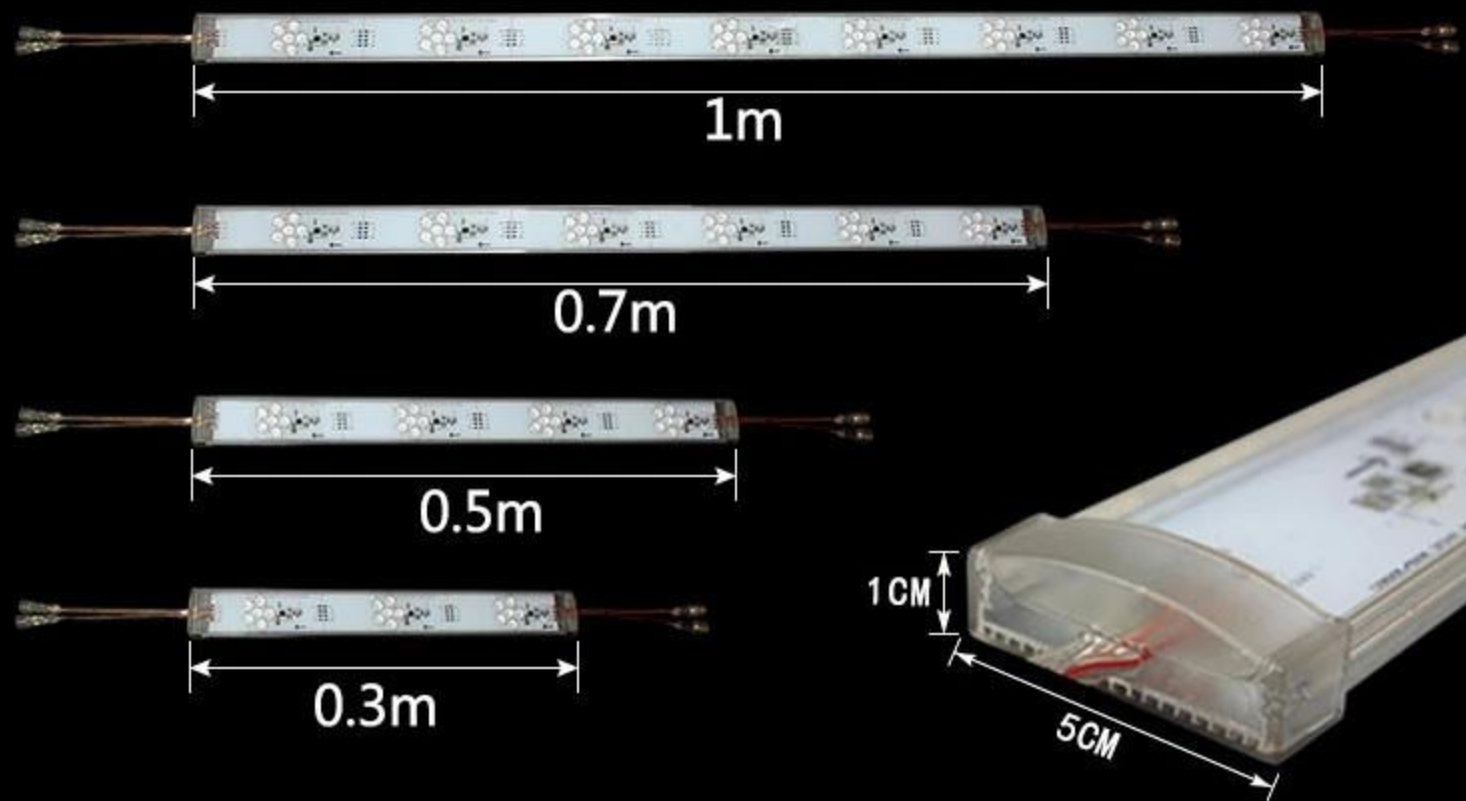

Can replace 50% of the spot lights on the market

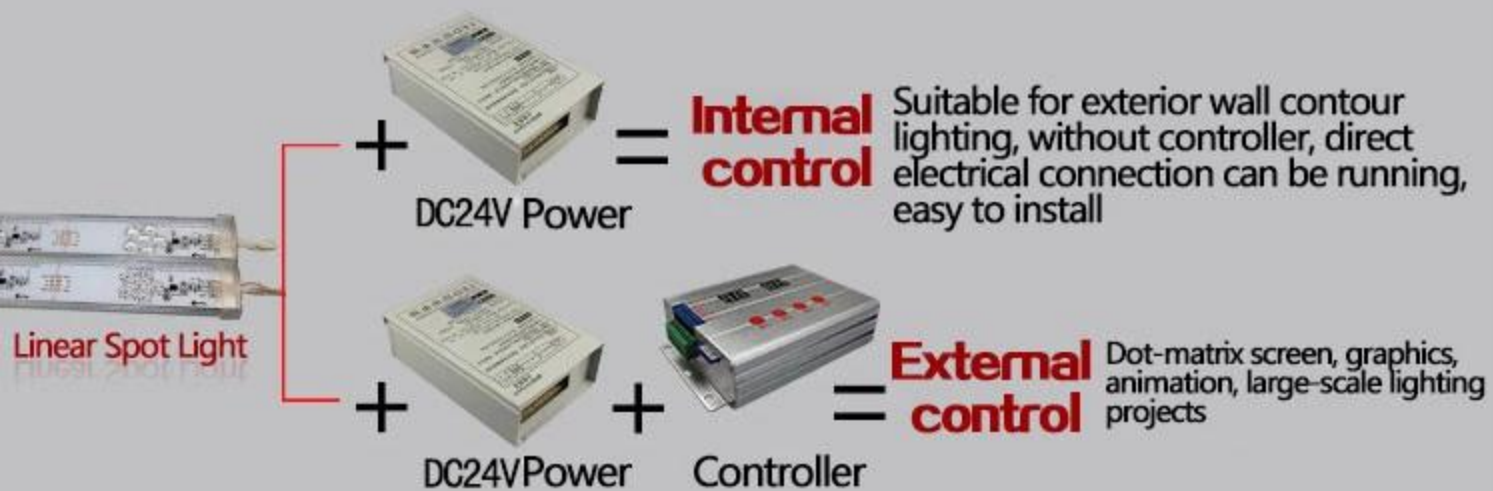

# LED Linear spot light regular size you can choose

(Other sizes can be customized)

Brand	JUXUANLED	Beam angle	≥180°
Color	Full-color	Irradiation	2-2.5m
Power	12W/m	Voltage	DC24V
Material	Aluminum + Silicone	Model	Flat , Lens , Annular flat
Chips	Epistar chips	Lifetime	50000-80000hs
Size	L100/70/50/30*W40/30*H1cm	Collocation	Full color Controller
IP rating	IP68	Feature	IP68
Warranty	3-year warranty		
Scope	City street lighting, building outline, lamp posts, river, overpass, ect		

5 in 1 use Private mode / Patented product/ LED Linear Spot light  
 One has internal and external control merger function' s lamp

**Hotel contour lighting**

**Apartment contour lighting**

**Road lighting**

**KTV facades lighting**

**Large - scale bridge lighting**

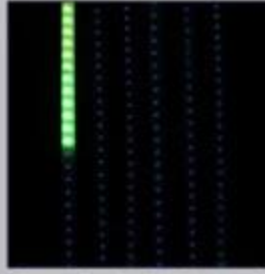

**Business Club lighting**

# What kind of trouble will come to you when buy inferior light?

The lights is not bright enough

The whole lights will don't work when one IC is broken, short life.

Bad waterproof effect, easily broken

Time and effort consuming when installation

## Are you still using poor quality digital tube for lighting?

Digital tube

- Weak emitting, low brightness
- The program effect is single
- Plastic plug is not waterproof
- There are gaps in the joints
- Non-breakpoint continuingly
- Ordinary PC mask is fragile
- High voltage ,and is easy to burned
- Ordinary cardboard, slow heat elimination

## Are you still using the monotonous linear light to make the outline?

- Only 1 or 2 IC , no breakpoint continuingly
- Ordinary glue infusion, bad waterproof effect
- General PC mask, low heat elimination
- Plastic plug is not waterproof
- Ordinary chip has short life
- The program effect is single
- There are gaps in the joints
- Low transmittance

Linear light

Internal and external control merger

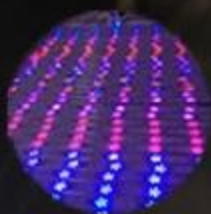

breakpoint continuingly functions

Cooling fast

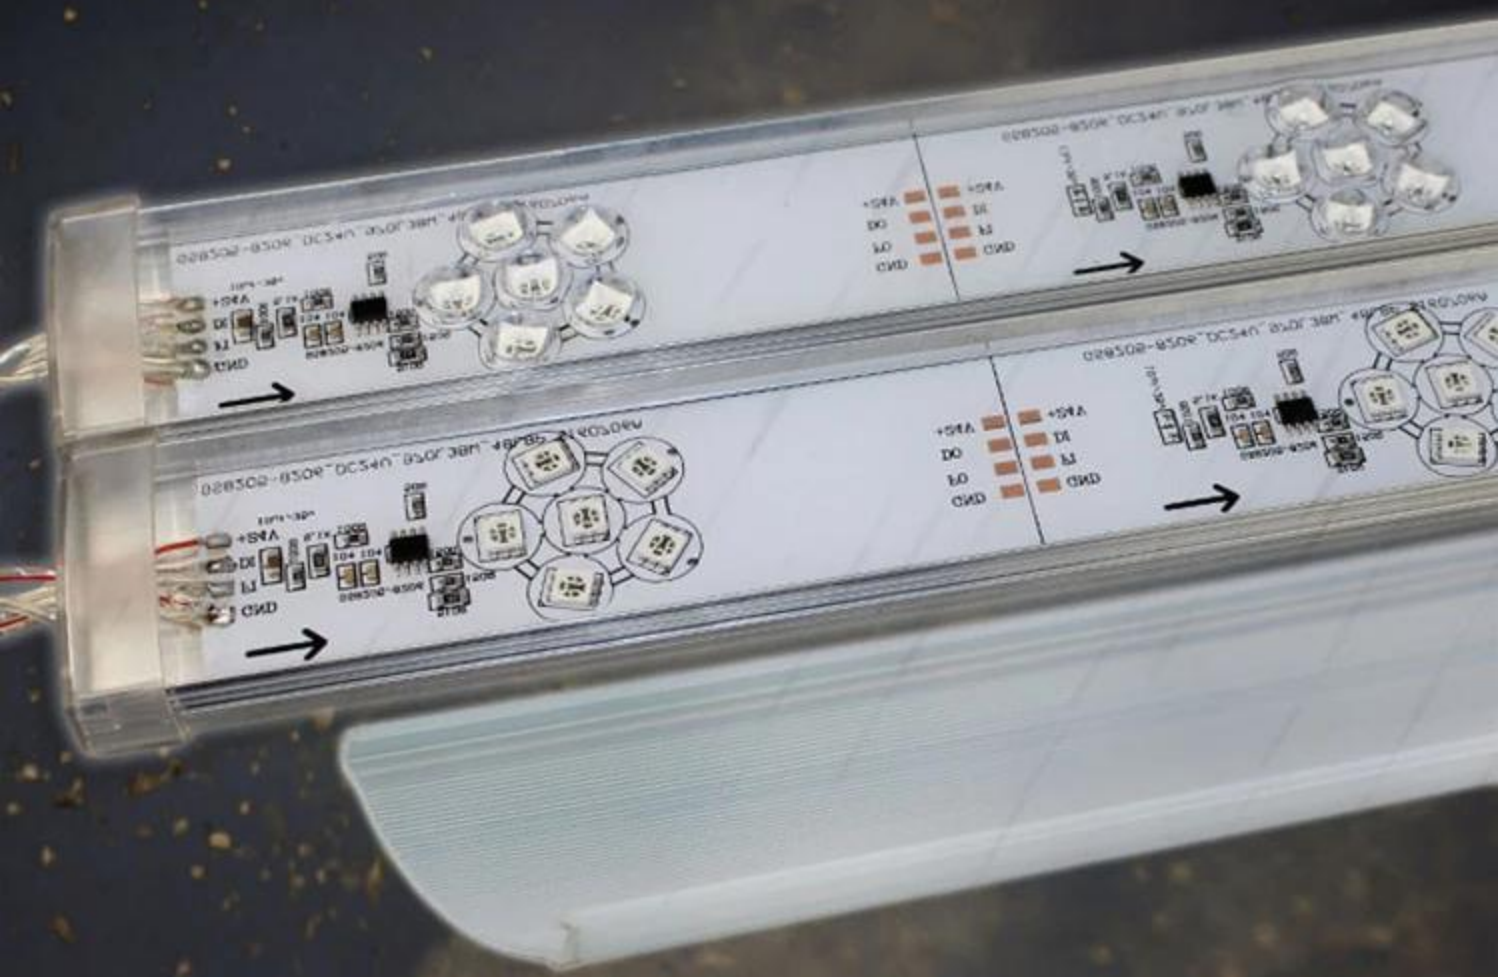

Waterproof male and female connector

Programmable diverse

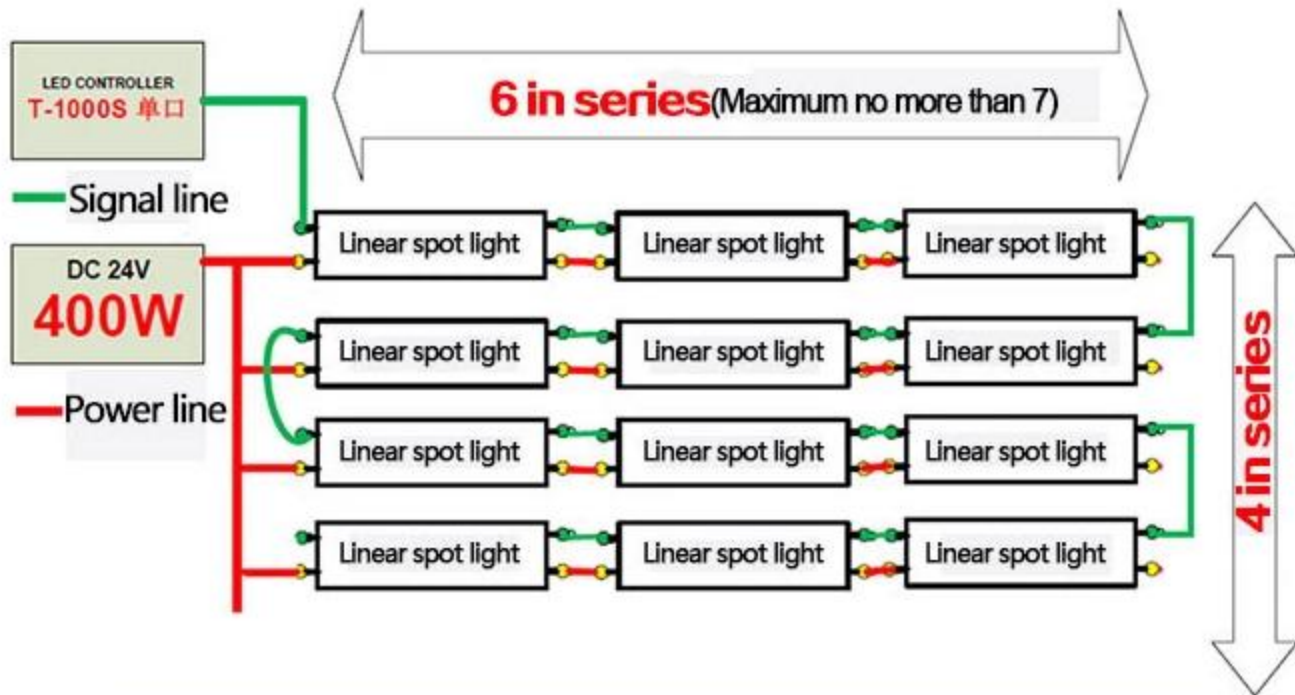

Waterproof plug

# LED Linear Spot Light

Patented product

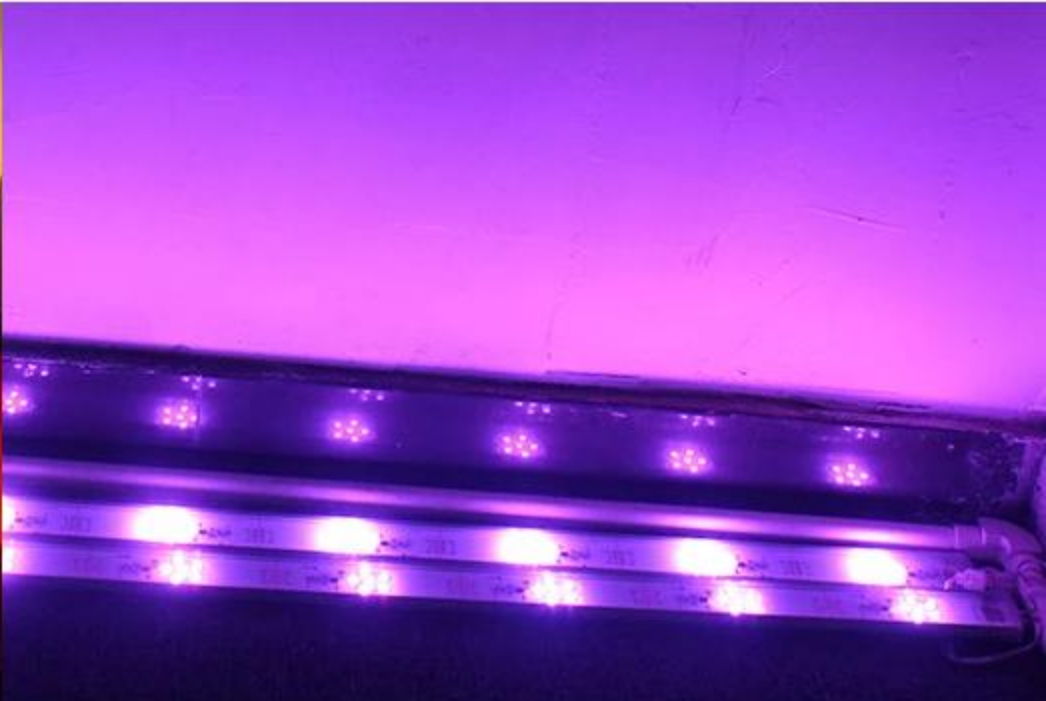

$$6 \times 4 = 24$$

$$24 \times 12W/m = 288W$$

$$400 \text{ Power } (288W/400W) \times 100\% = 72\% (\text{Max } 75\%) \text{ Load}$$

Building outline  
lighting

Bridge Lighting

Lattice screen

Landscape Lighting
