

PARTS CROSS REFERENCE LIST AND PARTS INFORMATION

[17104-112-0000](#) AIR FILTER ELEMENT FOR STRIKE 250

[15200-003-0000](#) OIL FILTER FOR STRIKE 250 (cross reference chart separate pdf)

[21400-013-0000](#) SECONDARY CLUTCH ASY (I sell these as a kit real cheap)

[21300-013-0000](#) PRIMARY CLUTCH ASY

[62410-102-0000](#) BALL JOINT

Battery: GTX9BS (there is a light weight race battery available in lithium ion)

Spark plug: DR8EA (others cross reference will work)

Front wheel bolt pattern: 4x156 (Yamaha banshee)

Rear wheel bolt pattern: 4x115 (Yamaha banshee)

Front brake pads: EBC FA54

Rear brake pads: EBC FA83

Front Hubs and front rotors the same as Yamaha banshee

Front shocks 15.250" or 387mm center to center

Rear shocks 17" or 432mm center to center

Rear swing arm bushing dimensions: 34mm OD/ 45mm length/12mm ID

Throttle body 34mm

Chain: 520 pitch with 76 links OEM. I would suggest going with a high quality O ring

Sprocket size: 2015 – 2016: 11 tooth front and 38 tooth rear, and that is a 3.45 ratio

Sprocket size 2017-newer: 11 tooth front and 42 tooth, this is due to internal gear change
