### **Some of ABATE of Florida, Inc.'s Accomplishments**

- On July 1, 2000, we had the 30 year old Florida Helmet law repealed; July 1, 2020 was our 20th Anniversary of Freedom of Choice.
- We've become the 4th largest State Motorcycle Rights Organization (MRO) in the country (IN & IL are 1&2, we regularly switch for 3rd & 4th with PA).
- We got the handlebar heights law modified.
- We successfully fought a bill that would forbid our children from riding on our bikes.
- We successfully fought the bill that would confiscate motorcycles for going 30MPH over the speed limit.
- We developed an effective MSAP program that has raised motorist's perceptions and awareness of motorcycles, and have received funding from the State of FL totaling over \$750,000 to promote motorcycle safety and awareness.
- We successfully fought the bill against vertical tags that had over \$1,100 in fines for a first offense.
- Supported and fought for a texting-while-driving ban for the last few years.
- Our 2009-2010 Stiffer Penalties Bill made it through five of the FL House & Senate's committees; this is the farthest it has gone in the number of years we have tried. On the last day of session, a committee member strenuously attempted to attach a revival of the helmet law to our Bill. To avoid a new helmet law in Florida, we had to kill the Bill.
- We publish monthly Press Releases and/or Articles of Interest in many online & print publications, including Florida Full Throttle.
- The President of ABATE of Florida, Inc. has been asked to be on and currently sits as a member of The Motorcyclist Advisory Council (MAC) to the Federal Highway Administration in Washington, D.C. The Secretary of the U.S. Dept. of Transportation may appoint a representative from only two State MROs throughout the entire U.S.A. to be on this council.
- The President of ABATE of Florida, Inc. sits as the Chairman of the Board of Directors of the National Collation of Motorcyclists (NCOM). NCOM has over 1000 member organizations.

## PRESIDENT'S ARTICLE

With the Summer's end in sight, the Freedoms we endure to continue riding our motorcycles remain the center focus of this Chapter. Then, at times, in our Brotherhood, we take a loss. It is through these losses we remember why we came to battle for those freedoms to begin with.

As many of our community members know and have experienced a loss of a brother or sister, the SE Chapter has lost one of its very best! A former Vice President, Troy Waugh.

Knowingly, we must move forward in these moments and keep uplifting those around us and as Brother Troy would tell you to, Ride your Ride! GBNF...

Recently, I have attended a State sponsored Seminar for Board member training in Vero Beach and a Delegates meeting in Lake County out of Leesburg. Both events were well attended by all 17 chapters throughout our great State of Florida. To see so many different personalities and perspectives of these chapters is entirely what makes us ABATE of Florida, Inc. I believe these meetings create a comradery amongst our shared interests in not only motorcycles but motorcycle rights and safety. This is what keeps us intact and precise as "A Brotherhood Against Totalitarian Enactments."

At first, I thought being a President and a Delegate at the same time would have conflicted my decision-making as a President. The responsibility of the President's seat and the duties of a Delegate seemed to be mirror opposite of each other when in fact the Delegate position only helps enhance the awareness of decision making for the chapter. This makes the President's seat that much easier to understand when coming to an agreement within the interests of our Chapter. A Delegate attends State meetings in order to be educated and made aware of all that's going on with Abate of FL. Each Chapter is uniquely different with its views and

characteristics and its pursuit of keeping bikers rights prioritized. You have to be open-minded and almost non-opinionated. It is solely the job of a Delegate to communicate between a State meeting and its Chapter, whether the information you receive, you agree on or not. The Delegate has to process this information fairly and bring it back to your Chapter so that, as a Chapter, they can be informed in a non-biased perspective and the President can then communicate on behalf of our Chapter back to our States Representatives. So, what I originally thought was a conflict in the positions, again, only enhances my ability to become and understand what it will take to be a good President for our beloved SE Chapter.

Our community Teachers and Kids are back to school. Please remind everyone to keep an eye out on those school zones and crosswalks. Remember SE Chapter Looks forward to seeing you at the next great event, so check out our event calendars.

Most importantly your continued support of ABATE of Florida is what drives this chapter to be one the strongest in advocacy for Bikers Rights and Safety and for that - we Thank You!

Dedicated to my Pal, Troy

Respectfully,

**OB**

## TROY WAUGH

### GBNF

Troy Legrand Waugh, beloved son of Glenna and Gary Hollis, passed away on August 1, 2024, at the age of 60. Troy was born on October 9, 1963, to Stanley E. and Glenna (Vaughn) Waugh in Liberal, Kansas. He lived a life full of generosity, leadership, and strength. He was known for his passion for adventure, architectural expertise, proficiency in martial arts, and enjoyment of motorcycles and the open road.

Troy graduated from Merritt High School in Elk City, Oklahoma, in 1982. He worked many years at the Elk City Honda Shop. He then earned his Professional Bachelor of Architecture from Oklahoma State University in Stillwater, Oklahoma, and established a distinguished career with years of service in civil and government architecture.

Troy's work included building high-rises in Honolulu, Hawaii, and government projects in Kabul, Afghanistan, Manila, Philippines, and Guantanamo Bay, Cuba. He also worked on U.S. Embassy projects in Asuncion, Paraguay. Troy had a keen

eye for detail and a special appreciation for timeless church structures. At the time of his illness, Troy was an architectural project and construction manager for the City of Plantation, Florida, where he was greatly supported and encouraged by many friends and coworkers. He was a member of the National Council of Architectural Registration Boards and held a U.S. government "Q" Clearance, one of the highest levels of security privileges.

Troy lived an adventurous life and traveled to 42 countries. He loved hunting, fishing, deep-sea diving, and while living in Key West, Florida, he enjoyed spearfishing.

Troy was a respected figure in the professional mixed martial arts community, excelling as both a fighter and a UFC referee. He held a black belt and was skilled in various martial arts, including Brazilian Jiu-Jitsu, in which he trained under the renowned Gracie family. He was also a member of the Florida Boxing Commission. Troy fought in many MMA events worldwide, which included a notable world championship fight in Abu Dhabi, UAE. He also refereed many prominent UFC fights, including those featuring Jon "Bones" Jones and Kimbo Slice. In Moscow, Russia, he refereed a high-profile match attended by President Vladimir Putin, Italian President Ciampi, and actor Jean-Claude Van Damme at ringside.

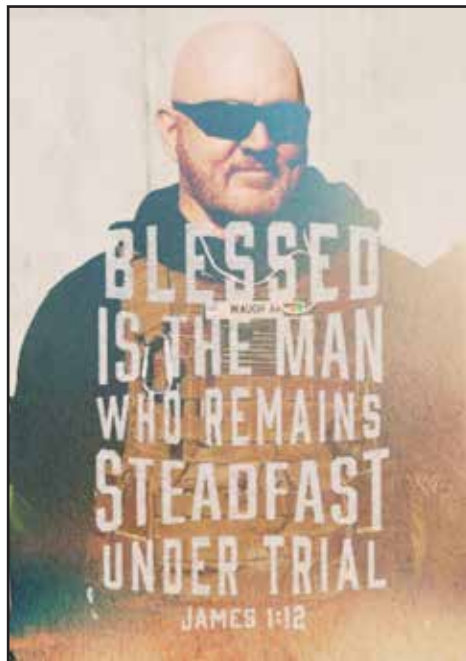

Troy actively served as Vice President and Road Captain of the Florida Abate SE Motorcycle Chapter, was a contributing author to the Abate SE Florida Magazine, and advocated for biker safety laws. He spent hours riding on weekends with friends as a protective leader, always looking forward to the next ride.

Troy had a deep, personal, private faith in God, having been raised in the Friends Church and accepting Jesus Christ as his Savior at an early age at Camp Quaker Haven in Arkansas City, Kansas, where he was also baptized. His faith sustained him throughout his life, especially during his courageous two-year battle with brain cancer-he truly was a Braveheart.

Troy is survived by his mother and stepfather, Glenna and Gary Hollis of Elk City, Oklahoma; his sister, Debra Smith of Wichita, Kansas; his brother, Stan Waugh and wife, Janet of Stillwater, Oklahoma; step-sisters D'Ann Barrett and husband,

Billy of Clifton, Texas; Geri Hollis of Midlothian, Texas; Deborah Lynne Cox and husband, David of Crescent, Oklahoma; and Jessie Waugh Modderman and husband, Geoffrey of Cincinnati, Ohio. Troy was a beloved uncle to his nine nieces and nephews-Michael Feltman, Rachel Martinez, Jordan Arias, Shane Smith, Lela Smith, Luke Smith, Tanner Smith, Alex Waugh, and Jacob Waugh-as well as to his 12 great-nieces and great-nephews: Judah, Michael John, Meggie, Hadassah, Leire, Adam, Samuel, Gael, Carter, Annie, Grace, and Clark. Additionally, he was loved by a host of step-nieces, step-nephews, many cousins, and loving friends too numerous to name. Troy was preceded in death by his father, Stanley E. Waugh, in 1982.

A Graveside Service honoring Troy will be held on August 9, 2024, at 2:00 p.m. at Liberal Cemetery in Liberal, Kansas. All who knew Troy will treasure their special relationship and memories with him. He will be greatly missed!

## *Vice* PRESIDENT

I just want to send out a reminder for everyone to check their membership cards, to see when they need to renew their memberships. It's very important to keep up-to-date with these, for the support for our cause, and for the insurance. But also, now that we have been making progress in Tallahassee, we need to keep the momentum going. This is so we can continue to make it safer for us to ride on the roadways. After all, "there is strength in numbers" and we want the Congressmen in Tallahassee to see our strength, when they have to decide on laws that affect bikers. ABATE is staying on top of any laws that will adversely affect motorcyclists. We have been fighting for motorcycle rights in the State of Florida for over 44 years, and none of this would be possible without ALL your support. THANK YOU ALL!!

So, I'm going to leave you all with this funny story. Troy served with me, as my Vice President and Road Captain, but mostly my friend, and passed away recently. Since Troy was my VP, he would go with me to all of the Presidents Council meetings. It was our first Miami Florida Presidents Council meeting, and we're getting ready to go down there, and keep in mind, we are way up in Broward and the meeting is way down in Dade County, and this is the first one. Anyway, it's raining really hard and lightning everywhere, and not going to let up, a tropical storm, and I say to Troy, "maybe we should take a cage". He looks at me and said "Are you crazy? We can't go down there in a cage! After all, those guys in Dade are presidents and vice presidents of motorcycle clubs and riding groups. We can't go down there and look like a bunch of pussies!" So, we climbed on our bikes and rode all the way down there, 68 miles, in that crazy thunderstorm. When we got down there, guess how many motorcycles were there? Yup, that's right, two of them, mine and his. Everybody else knew it was safer to ride in a cage. And most of them live down there. It's better to be safe than sorry.

But that was Troy, he was hardcore in everything he did, riding, friendship, everything. I miss you bro, RIP, Ride in Peace!!

Please support all your American Legions and VFWs. God Bless America, the military, and the veterans who have helped keep this Country free.

And to the younger people out there, you have the chance to inherit an organization that stands up and fights for biker rights and safety. Help us make a difference, now, and for the future!

ANYONE WHO RIDES SHOULD BE A  
MEMBER OF ABATE!!!!

God bless America!!!!

Peace,

Johnny Rose

### **SAFETY DIRECTOR'S REPORT –**

#### **BRUCE “POET”:**

The more people we can get to know about ABATE and think motorcycle safety, the more people will be aware of what we're about and the better off and safer we'll all be. Also, if you hear of a good event to set up a booth let him know. We're looking forward to setting up at the upcoming Indian event and the 24th and at Alligator Alley Harley Davidson on the 31st for their Backstage Party.

### **STATE REPRESENTATIVE'S REPORT -**

#### **JOHNNY ROSE & LOUIS “OB”:**

OB talked about how our focus at ABATE events and safety booths should be on ABATE. He also discussed wearing ABATE gear and representing our organization in public. The 2025 schedule is out for 2025. He discussed on going and potential legislation, such as actually enforcing the texting while driving laws. Currently, we often see only certain officers, specifically designated to do so will enforce the law. He then let us know that State has updated their website, new products are available, check it out and let us know what you want. OB, as always, requested any new ideas you may have. We can't be afraid to try new things, or try things again, which might not have worked in the past. They just might work now.

### **LEGISLATIVE LIAISON & LEGAL COUNSEL –**

#### **BRAD WINSTON:**

We're all missing Brad, who's out riding in Montana this summer. He's excused, but if he doesn't comeback soon, we all just might go camp out at his place next month

### **NEWSLETTER EDITOR – ADA HIBBS:**

Articles are due today. She requests articles from the motorcycle community. If you have something to say about a ride or organization or anything related to the motorcycle community, we want to hear from you. Write an article. Also, if you have anything to sell, remember we have a classified section. OB added that Champion Motorcycles in Davie is a new advertiser. Champion provides great Dyno tunes and service from a world champion rider. Go out and support them as they support us. Lydia from Scurvy Few is also a new advertiser. She makes the most amazing custom mugs and a bunch of other great items. She's donated some for our events, of which we are grateful. They always get greatfeedback.

### **NEWSLETTER DISTRIBUTION – LUIS “OB”**

The new color newsletter was very well received. We will be trying new things with the goal of attracting new advertisers and sponsors. Remember the October newsletter will be in full color. Ada reminds the group that business card advertisements can be 1/8 of a page, no larger. Also, if someone want to advertise, she recommends they have someone help them make an ad with the proper resolution for the size of the ad requested. She can only expand those images so much; she cannot increase the resolution of the provided image.

# POET'S SAFE THINKINGS

Hey brothers and sisters! Last month some of us went to the Abate of FI Leadership Seminars, hosted very graciously by the Lake county chapter! The classes were very informative!

For me, and I am a member going on 20 years, I knew that beyond "fighting for biker's rights", the organization is very focused on making the roads safer through education. How that was being done, like most of you, I had little to no idea.

The Safety seminar opened my eyes. Abate of FI has partnered with the American Legion Riders and the Latin American Motorcycle Association under the Florida Motorcycle Safety Program.

It is a State funded, biker driven plan to educate all vehicle drivers about being safe with motorcycles on the roads.

After all, this is Florida and there's a lot of 2 and three wheelers out there! The more they know, the safer they will think when driving...Hopefully

The ways we are making this happen vary. The Safety Directors of each chapter set up "safety booths" at events and locations throughout the year to speak to the public as a "first contact". Using pamphlets and giving out information.

The "certified Safety Instructors" give classes at schools, businesses, driving schools, etc. New Instructors are trained and certified by existing Instructors. While all this is happening, an independent research company is doing traffic experiments throughout Florida in order for us to be able to explore new ways of making things safer.

Round and round it goes... until we reach everyone... One booth at a time...One class at a time.

Till next month,  
Ride Safe,  
Ride Free!

# ROAD CAPTAIN

Good day everyone. Last month, My article was simply an introduction as your new Road Captain

This month, I would like to dedicate the article to my good friend and riding partner, Troy Waugh

. As some of you may already know, Troy was our Head Road Captain and Vice President of Abate Southeast Chapter. Soon after I joined A.B.A.T.E., I went to an event with my then 13 year old daughter and saw an unfamiliar face. It was Troy. He had just returned from overseas as he was away when I joined ABATE. So we got to talking and after a short time, he asked me if we wanted to go riding. I accepted and we rode all over Fort Lauderdale for about 5 hours. The next night we did the same thing, just him and I. We rode so tight and well together that he wanted me to be the lead Road Captain for ABATE. I was honored that he had that much confidence in me so soon, but the request unfortunately could not be filled because I was a single dad with a handicapped Mom and 2 young girls. In any case, I did lead some rides and all the places that we went together solo, he was right there, teaching me everything about biker etiquette. (I was new to this type of lifestyle) He also showed me how to lead rides and instruct the group on how to ride together. Troy, sadly has passed away at the beginning of August after a long battle with cancer. You know, he always talked to me about our late night rides, sometimes into the sunrise (Yep, breakfast at the Floridian diner after a night downtown) saying that they were some of his best times and would never forget. Shortly before he passed away, I spoke to him about those rides and he said he still thought about them. For now, I say goodbye, but I will remember our times together, always.

Thanks to everyone for reading my article as I'm sure many of you are sharing your own thoughts about our friend, Troy  
Sincerely, your RC, "Rush"

## THE CHOICE IS OURS

As I write this article, Larry and I are on our annual RV vacation. Each year, we pick a route and explore parts of the USA that we've never seen or visit a place together for the first time. Our planning starts in February or March, booking all the campsites, excursions, and special shows well ahead of time.

We decided to go west this year, spending almost a week in Keystone State Park, just outside Tulsa, Oklahoma. While there, Larry met a daughter he didn't know he had for the first time. She found Larry through ancestry.com and then contacted him. Meeting her and her family was an incredible blessing for all of us. We're so glad we chose to travel to meet her.

Then, we headed east to Branson, Missouri, to take in a few shows and exhibits. Branson was so much fun that we extended our stay. Between the Sight & Sound Theater, where we saw a fantastic show called 'Queen Esther,' the Titanic Museum, and the 'Top of the Rock,' where you can take in the fabulous Ozark views, Branson has so much to offer.

From there, we headed to Elkhart Lake, Wisconsin, near the area where Larry and I are both from. This permanent destination is usually included in our camping loop around the country. We spent most of our time visiting with friends and family, overeating, and enjoying campfires with the mosquitos.

Another permanent stop is Maggie Valley, North Carolina. If there was ever a favorite spot for Larry and me, it's camping along the cool, babbling Jonathan Creek that comes down the mountains. With a beverage in one hand and a fish pole in the other, the world could pass us by, and we'd never know.

After about six weeks, it's time to head home and face all the music we left behind. We thank the Lord we can enjoy this journey together. It's precious, and Larry and I know too well it can change in an instant.

Like our travels, you can agree that life is a series of choices. Which way to go? What route is best? When to leave? As with most trips, we study the road maps, discuss the best routes, and pray about our adventure, asking the Lord for wisdom.

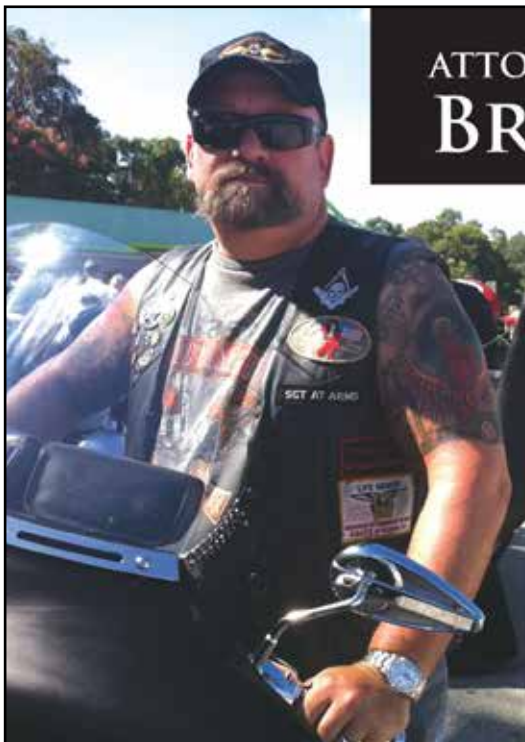

James 1:5 says, "If you lack wisdom, ask God for it. He is always ready to give it to you and will never say you are wrong for asking."

I love the last part of that verse... "and will never say you are wrong for asking." God wants to be involved in every area of our lives. He's there to guide and direct us; all we have to do is ask Him. He will never force His will on us but gives us the option to ask for His advice. It's up to us...

a smooth ride or a rough ride—the choice is ours!

Chaplain

## ABATE SOUTHEAST CHAPTER SPONSORSHIP PROGRAM

we are bringing back our old Sponsorship Program. This was an idea to help raise money for our Chapter, and also to recognize those brothers and sisters who provide extra monetary support, to promote the Chapter's mission. Members, or other individuals, who provide a donation to the Chapter, will have name recognition in our Monthly Newsletter and on the Chapter's website, for one year. The categories are: Platinum Donor \$125+; Diamond Donor \$100-\$124, Gold Donor \$75-\$99, Silver Donor \$50-\$74, and Bronze Donor \$25-\$49.

Approximately 40% of our members are Life Members, which means they do not pay annual dues, so they do not financially support the Chapter through dues. They do buy products, pay to attend events, post ads in our Newsletter, and make monetary donations, but they have no obligation to do so. This is another opportunity for them to contribute, if they wish, but anyone can do this.

This is an opportunity for all Southeast Chapter brothers and sister to become ABATE Southeast Chapter Sponsors. Platinum Donors also get to select a page in our Newsletter, to sponsor, where you name will be listed in a banner at the top of the chosen page, and first come, first serve.

I want to sponsor ABATE Southeast Chapter with the following donation (not tax-deductible). Check one:

# CAPTAIN'S CORNER

## GAME OVER??

Throughout history great societies have remained on top for an average of 250 years. The United States is now in its 248th year.

The numerous reasons great societies have failed include epidemics, war and economic collapse. All of these issues are in play at this time. Economic collapse is of greatest concern to me. I have been very concerned about the mushrooming federal budget deficit since 2010. Currently our total deficit stands at over \$35 trillion. That is OVER \$100,000 per US citizen!! Some Background Like you and I, the government takes in revenues and has expenses. The biggest government revenue is income taxes. This represents about 50% of our income. Our three biggest expenses include healthcare, Social Security and defense. Until 2009 our annual deficit (expenses greater than revenues) was less than \$450 billion per year. In 2009 our annual deficit mushroomed to \$1.5 trillion. The annual deficit has remained extremely high ever since. The major problem with such a huge \$35 trillion deficit is that interest MUST be paid to those who hold our debt. Investors hold about 80% of our debt. An additional \$2 trillion of our debt is held by China and Japan. Interest must be paid to our debt holders in FULL and ON TIME or our country will be in default. In the current year, the interest on the \$35 trillion debt will be \$1.1 trillion or approximately 1/3 of our annual revenue. That is \$1.1 trillion that IS NOT AVAILABLE for healthcare, Social Security, defense, education, infrastructure, arts and all the rest. The solutions are few: raise taxes. Reduce expenditures. Continue funding the deficit by borrowing and paying a greater percentage of revenue in interest each year. RAISE TAXES? How much more can Americans pay in taxes? It is estimated that we are paying almost 50% in taxes when ALL taxes are considered. (Even more in states with city and state income taxes). REDUCE EXPENDITURES? Our government? Don't Hold Your Breath. CONTINUED DEFICIT FINANCING? A certain recipe for economic collapse. And soon. Sorry for the gloomy picture of our economy and where our country is headed. I will end on a positive note, however. We can solve this simply if each citizen of the United States would write a check to the IRS for \$100,000. This would guarantee us another 250 years on top. I am writing my check now! National debt clock [www.usdebtclock.org](http://www.usdebtclock.org)

***TO KNOW***

***-BY: LITTLE BIT, SHEILA, SANDY, & THUNDER***

We were sitting around, talking about the recent event that some of our members attended, and where we had a Safety Booth, which was the Indian Motorcycle Riders Group, IRMG, Charity Ride. The IRMG teamed up with Folds of Honor to raise funds for fallen and disabled veterans, and they rode out from Broward Motorsports to the South Florida National Cemetery, and back. There were some beautiful Indian bikes there. We sometimes forget about the other great American motorcycle, the Indian. Sheila's mom, who was born in 1925, even rode around on one with her first husband. So we looked up some different stories about Indian motorcycle riders and came across the one below, about the "Abernathy Kids". It is such a great story, and it is always amazing to us, some of the incredible lost histories of riders, that are out there, like this. God bless the internet. So we are sharing that story here, and told better than we could, so we are sitting where we got it, all here <https://roaddirt.tv/the-abernathy-boys-an-american-chronicle/>

Two young brothers who criss-crossed America

I first laid eyes on the photo of the "Abernathy Kids" when my father gave me a wooden framed print of it some 10 years ago for my basement "man cave". He knew a little of the backstory which he shared with me, and I placed the picture and frame among some of my other vintage and antique paraphernalia downstairs, where it

remained for a decade. When we transferred my "motorcycle works" to a new outdoor garage, I thought the photo and frame would fit perfectly, so I set it among my other old stuff on the back pegboard.

The other night, as my wife was hanging out briefly with me in said garage, she saw the photo and asked about it. I recounted what I could remember my dad telling me about the boys, and she replied, "You should write a story about them for Road Dirt." Dumbfounded that I'd never thought of that before, I set about researching their tale, and it turned out to be more fantastic than even Pops had shared with me years before.

The boys' names were Louis "Bud" and Temple Abernathy, sons of a famous U.S. marshal and sheriff named Jack "Catch-Em Alive" Abernathy. Born and raised in Guthrie, Oklahoma in the early 1900s, their mother died in 1907 after giving birth to the couple's sixth child, and Jack raised the whole brood as a single father on their family ranch. Jack had been a soldier in Theodore Roosevelt's "Rough Riders" unit in the Spanish-American War by some accounts, and the two remained friends, staying in contact in the years following the war. Known for his toughness and bravado, Jack earned the nickname "Catch-Em Alive" for not only his track record of apprehending criminals as an agent of the law, but also for his unusual ability of catching wolves and coyotes alive that preyed on local livestock. He apparently was paid handsomely by regional ranchers for his unique skill set.

Life on a ranch in Oklahoma in the early years of the 20th century was hardscrabble, and Jack made sure his boys grew up strong and confident. The young brothers first adventure, approved and encouraged by their father as a way to "toughen up" the young lads, saw Bud and Temple ride their horses Geronimo and Sam from Guthrie, OK to Santa Fe, New Mexico in July of 1909. Alone. At ages 9 and 5, respectively. It was definitely different times back then.

***ABATE OF FLORIDA, INC - SOUTHEAST CHAPTER***

The intrepid youngsters' next adventure saw them make a trip the very next year, from Guthrie to New York City astride their trusty steeds Geronimo and Sam again, this time amidst much newspaper coverage across the country. Upon arriving in NYC, they were welcomed by none other than Teddy Roosevelt himself and a crowd numbering in the thousands, lining the streets to see the "wonder kids". If that weren't enough, the boys purchased a small Brush Motor Car with sponsorship and gift money, and they drove that car back home to Guthrie, OK, once again on their own.

In 1911, the now young celebrities accepted a challenge to ride their horses from New York City to San Francisco in under 60 days. If they succeeded, they would receive a \$10,000 prize. The catch: they were forbidden to eat or sleep indoors the entire trip. The boys rode Sam and Geronimo hard but missed the deadline by two days. Yet their quest had been so followed and popularized across the country via newspaper reports that they raised enough money to purchase a new Indian motorcycle, seen in the now iconic photo.

Their Indian motorcycle appears to be a single speed 1000cc v-twin, worth about \$250 back in its day, from what some sources have claimed. The bike had a leaf spring rear suspension, made about 7 hp, weighed about 355 lbs fully fueled, and rolled down the largely unpaved roads of its time at a top speed of 55 mph. The rear fender-mounted tandem seat with its own handlebars was apparently a popular accessory of the day, and in 1913, the boys took up another challenge: ride that motorcycle from Oklahoma back to New York City. The boys were accompanied by their stepbrother Anton (unsure how they managed that), with Bud being all of 14 and Temple aged 10. Upon reaching New York, after being hailed again nationwide for their adventure, the boys loaded up the bike and took a train home to Guthrie, their escapades concluded. It would be their last cross-country adventure. In all, the boys traversed over 12,000 miles back and forth across America, in an age before superhighways or even

paved roads.

Jack eventually moved the family to Wichita Falls, Texas during the oil boom years, working as a "wildcatter" in the oil fields. Temple grew up to accompany his dad in the work. Louis "Bud" would go on to study law at the University of Oklahoma and practice law in Wichita Falls, Texas, later becoming a judge. Jack died in 1941, Bud passed away in 1979, and Temple died in 1986. Their story is the stuff of legend, from a time in American history that is long gone but never forgotten. May the tale of the Abernathy Kids live on in American lore.

# THE UNCHARTED PATH: A STORY OF TWO FRIENDS AND THEIR MOTORCYCLE ADVENTURE

By: *ABUELOS ON 2 RDAS*

Life often intertwines destinies in the tapestry of history, where two friends once shared a dream of the open road

They envisioned themselves racing down endless highways, embraced by the wind and freedom that only motorcycles could provide. Their shared love for riding forged an unbreakable bond, one that transcended time and space.

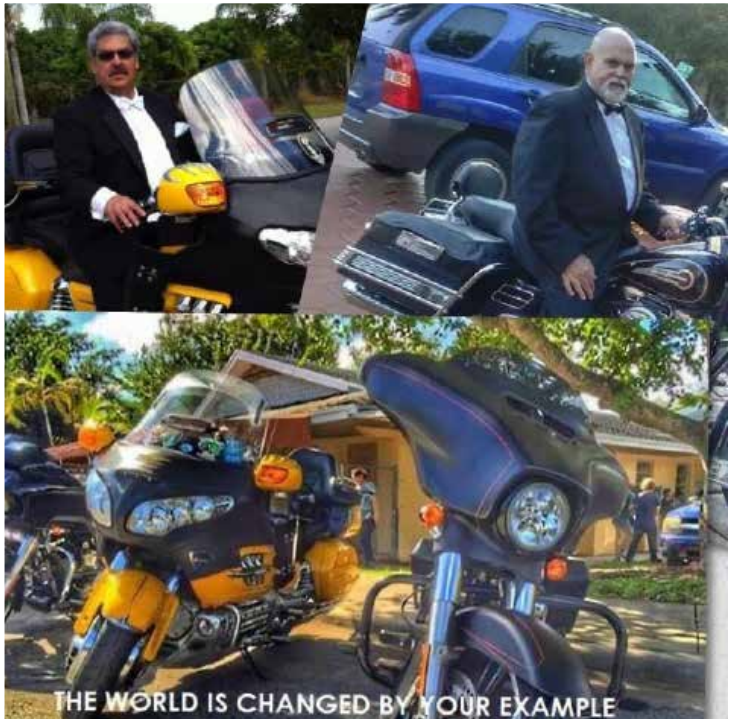

As the years unfurled, the journey of one friend came to an abrupt halt, leaving a chasm in the heart of the other that seemed impossible to fill. Yet, amidst the tears and heartache, a vow was silently made to keep their shared dream alive. Every ride taken thereafter became a poignant tribute to the departed friend, a way to honor their dream and keep their memory alive in the wind.

On a morning heavy with emotion, he mounted the motorcycle they had once longed for. The road ahead stretched out like a canvas, and with each tear-drop that fell, he felt his friend's ethereal presence riding alongside him. The weight of grief and passion intertwined, creating a gut-grabbing mix of emotions that fueled his journey.

Despite the changes in the motorcycle world, their bond remained unyielding, a beacon of love and remembrance. Reflecting on the evolution of safety measures and technological advancements, he realized that the essence of riding remained unchanged - the connection between man, machine, and the road. Each journey now carried a profound significance, a spiritual pilgrimage where his friend's soul guided him, offering solace and healing in the wind.

The ride was no longer just a journey; it had transformed into a sacred ritual, a celebration of their enduring friendship and a tribute to the healing power of shared dreams and passions. In the tears shed along the way, there was a gut-grabbing release of grief, a cleansing, and a renewal of the spirit.

Thus, the open road became a bridge between the realms of the living and the departed, a tear-drenched path filled with passion, gut-grabbing emotions, healing, and the eternal bond of friendship. Just as the Masonic saying goes, "The power that shapes the future is the force that governs the adaptable."
