Some of ABATE of Florida, Inc.'s Accomplishments

- On July 1, 2000, we had the 30 year old Florida Helmet law repealed; July 1, 2020 was our 20th Anniversary of Freedom of Choice.
- We've become the 4th largest State Motorcycle Rights Organization (MRO) in the country (IN & IL are 1&2, we regularly switch for 3rd & 4th with PA).
- We got the handlebar heights law modified.
- We successfully fought a bill that would forbid our children from riding on our bikes.
- We successfully fought the bill that would confiscate motorcycles for going 30MPH over the speed limit.
- We developed an effective MSAP program that has raised motorist's perceptions and awareness of motorcycles, and have received funding from the State of FL totaling over \$750,000 to promote motorcycle safety and awareness.
- We successfully fought the bill against vertical tags that had over \$1,100 in fines for a first offense.
- Supported and fought for a texting-while-driving ban for the last few years.
- Our 2009-2010 Stiffer Penalties Bill made it through five of the FL House & Senate's committees; this is the farthest it has gone in the number of years we have tried. On the last day of session, a committee member strenuously attempted to attach a revival of the helmet law to our Bill. To avoid a new helmet law in Florida, we had to kill the Bill.
- We publish monthly Press Releases and/or Articles of Interest in many online & print publications, including Florida Full Throttle.
- The President of ABATE of Florida, Inc. has been asked to be on and currently sits as a member of The Motorcyclist Advisory Council (MAC) to the Federal Highway Administration in Washington, D.C. The Secretary of the U.S. Dept. of Transportation may appoint a representative from only two State MROs throughout the entire U.S.A. to be on this council.
- The President of ABATE of Florida, Inc. sits as the Chairman of the Board of Directors of the National

PRESIDENT'S ARTICLE

The Fall leaves have finally arrived! As we start to usher in the spirit of the Holiday Seasons, the end of 2024 is quickly approaching. The SE Chapter continues to raise awareness and accomplish its goals in making the roads safer for motorcyclists' enthusiasts.

Recently, we have increased event activity with positive feedback providing a renewed sense of participation with our Chapter's members. In the last 90 days, SE Chapter reflected on the importance of its identity dating back 44 years. Our new Board members have been doing a great job with interest and further input and we have found success with new product ideas that embraced our core members. With that followed, the Chapter having a record breaking month of membership applications and renewals. Also, adding new vendor sponsors and partnerships within our community! This led to the exploration of creating more buzz with the newsletter and for the first time in Chapter history, I am excited to announce that the newsletter will be distributed quarterly in full color, in hopes of improving the quality and experience for our readers. The future for SE Chapter is growth! Proudly we are the largest of 17 chapters that make up ABATE of Florida, Inc. with no signs of slowing down. I believe SE Chapter has the potential to really get things accomplished on behalf of Motorcycle Rights and Safety in The State of Florida.

The Florida Motorcycle Safety Program is made up of 3 great organizations. ABATE, ALR (American Legion Riders) and LAMA (Latin American Motorcycle Association). Together we are quite unique. In the next few weeks, the Chapter and myself will be attending a LAMA Ft. Lauderdale meeting at Alligator Alley Harley Davidson in hopes to begin merging our alliance in the local communities. We also plan to visit all the local ALRs to meet with Post Commanders with the same expectations of working as one for the ben-

efit of many!

October 13th, we have our Fall Annual Event at Big Dawgs Sports Cafe. Please come out and say hello. It's always nice to spend time with our brothers and sisters and show support for SE Chapter ABATE of Florida.

As I like to say to all of you who are members and participants in the community...

"Thank you for Watching out for Motorcycles!"

Everyone Welcome

Vice PRESIDENT

This article is going to sound a lot like the rant that I used to write. It seems like every highway or road I've been riding on, has construction going on. It's bad enough that the lanes are uneven or ground down, but they have debris all over them. A couple of weeks ago, I had a rock fly up and crack my windshield in my Jeep. I'm sure glad I wasn't riding my motorcycle at the time. And to make matters worse, the rainy season is upon us. I just want to remind you, the paint (thermoplastic) on the roads is slippery when wet. I learned this the hard way. I stopped on one of the painted lines, put my foot down, and my foot slid out, and my bike went down. I was not even moving. How embarrassing is that, just sayin', you know. So don't stop on the paint, pull up a little, move a little to the side, but don't put your foot down on the paint, especially when it's rainy out.

Okay, got that out of my system. So now, let's get positive. Our new President is kicking butt and takin' names, I mean, really, takin' names, and our membership is growing fast. He is an inspiring leader and is inspiring his Board and Trustees to crank it up. We are doing a lot of Safety Booths, attending a lot of events, and getting out in the community. OB is really bringing everyone together, for this great cause that we are all a part of, fighting for your rights and educating the public to Watch for Motorcycles!

We're now over seven hundred members strong. We are setting our sites on over eight hundred members in the next few months. And none of this could have happened without the support of the motorcycle community in Broward and Miami-Dade counties. Remember it's a numbers game in Tallahassee. The more members we have, the louder our voices are heard. ABATE is the only organization out there that fights for your motorcycle rights and safety.

With that being said, ABATE is now working with

two other organizations to make it safer out there for us to ride. Under the FMSP group, Florida Motorcycle Safety Program, we are working with the American Legion Riders (ALR) and Latin American Motorcycle Association (LAMA) joining together with us to help make it safer on our roadways. You should check out the website at <https://fl-msp.com/>

Please support all your American Legions and VFWs. God Bless America, the military, and the veterans who have helped keep this Country free.

And to the younger people out there, you have the chance to inherit an organization that stands up and fights for biker rights and safety. Help us make a difference, now, and for the future!

ANYONE WHO RIDES SHOULD BE A MEMBER OF ABATE!!!!

God bless America!!!!

Peace,
Johnny Rose

SOUTHEAST CHAPTER MEETING MINUTES
HELD AT THE AMERICAN LEGION POST 142
171 SW 2ND STREET, POMPANO BEACH, FL
SEPTEMBER 15TH 2024

Kris "That Guy" called the meeting to order at 10:03 a.m., there were 27 members and guests present. This was followed by the Pledge of Allegiance and prayer, led by Barry "Bear" Crown, for those in our community who are in need.

PRESIDENT'S REPORT – LOUIS "OB":

OB started by recognizing the new members in attendance. He then specifically recognized the four Indian Motorcycle Rider's Group (IMRG) members in attendance. The IMRG group thanked ABATE for participating in their recent Folds of Honor charity event. OB thanked them in return, as a majority of the IMRG members attending the charity event also joined ABATE. A volunteer sign-up sheet was then passed around for the upcoming Annual. OB then showed the group the gift of appreciation to be awarded to Big Dawgs Sports Cafe at the event. He then talked about Boston's Johnny's upcoming Second Annual Party Weekend from 09/27 to 09/29. Go out and support Johnny's as they support us, and remember they offer a 20% discount if you show them your ABATE membership card. He then talked about new colors and ideas for ABATE shirts, samples were passed around with a request for feedback. A card was then passed around for Lucky from BACA. We all wish him a speedy and full recovery.

VICE PRESIDENT'S REPORT – JOHNNY ROSE:

Johnny thanked Silver, Lenny and Sandy for attending. It was great to see them. He also spoke about important it is for us to all to get out and support each other.

SECRETARY'S REPORT – ROSS "ROSCOE":

He made a motion to approve the minutes, as printed in the September 2024 newsletter, seconded, and approved. He then spoke about how great it was to see so many fresh faces at the meeting.

TREASURER'S REPORT – SHEILA ROSE:

Sheila gave the Treasurer's Report for the checking and savings account, seconded, and approved.

SERGEANT AT ARMS REPORT –

KRIS "THAT GUY":

School is now back in session, so Kris talked about stopping for buses and slowing down for school zones. Nighthawk, former Sergeant at Arms, then added that eight kids in the Broward County school system were hit last year. One is too many. All the school zone lights are working, look out for them, slow down and be careful.

STATE REPRESENTATIVE'S REPORT -

JOHNNY ROSE & LOUIS "OB":

No Updates.

LEGISLATIVE LIAISON & LEGAL COUNSEL –

BRAD WINSTON:

Currently, no new bills have been filed. He then talked briefly about the newly formed and collaborative American Council of Motorcycle Attorneys which provides advocacy, advice, and guidance to motorcyclists. This group consists of real trial lawyers who are actively involved in their local motorcycling community. www.motorcyclecouncil.com

PRODUCTS REPORT – AMY "PIXIE":

Pixie let the group know that she has t-shirts and other products available and to see her after the meeting for anything you need.

ROAD CAPTAIN'S REPORT – BARRY "RUSH":

Rush went over the upcoming list of events.

He then spoke about an upcoming ride that he and some friends do every year. It is a memorial ride around Lake Okeechobee. Some people come in cars. This is not an ABATE ride, just friends, and planned tentatively for November 9th. He then presented a memorial shadow box containing items to remember Troy, which was provided to the SE Chapter by Troy's family. It truly was a kind and thoughtful gesture, and the chapter is deeply appreciative and will display it at our event.

SAFETY DIRECTOR'S REPORT –

BRUCE "POET":

Bruce thanked the IMRG for allowing us to setup a booth at the Folds of Honor charity event, which allowed us to sign up 16 new members. Bruce and Johnny also talked about the MSAP patch and the chapter's need for more people to get certified. Johnny then told the story of how he got to ride his motorcycle down the halls of the local high school on his way to educate the kids on sharing the road with motorcycles.

OB then added an idea that was suggested by Erik our Webmaster, to set up for events at Broward College. In the following discussion we discussed advertisements at the DMV/Tax Collectors office and the thought that, as we now have State support, unoccupied electronic message boards at those facilities can and should be displaying our message.

MEMBERSHIP REPORT – SHEILA ROSE:

Sheila read the membership report and let the group know that she is extremely busy these days issuing new membership cards. In August we had 35 new members and 21 renewals, and so far in September we have 13 new members and 18 renewals.

EVENTS COORDINATOR – GABE CARRERA:

Gabe was excused.

NEWSLETTER EDITOR – ADA HIBBS:

She also requested that when we speak to people and groups, we also suggest they provide articles. You do not have to be a member to submit an article. If they are part of a motorcycle related organization, ask them to provide an article to better inform the local community what they are about. She then gave a shout out to Marelys, telling us how great of a job she has been doing promoting ABATE online. She then

Hi brothers and sisters! It's October! Notoriously the month when, other than our seasonal storms coming off of Africa, we begin to get good riding weather!

Don't forget this is Florida! Our weather is so changeable that I have seen it raining on one side and on the other side of the road... sunny! Crazy, but that's the price we pay for some of the best scenery in the country.

I just wanted to touch on things to be aware of as we get this new weather pattern. Check your tire pressure! Remember it changes over time and with the ambient temperature.

Check your fluids, riding in the heat as we all did this summer can and will thin out all your fluids!

Check your battery, the heat does terrible things to them. Check the level of electrolyte levels and add if you must. Then charge with a trickle charger regularly.

Tired riding is a real thing! It is being looked at by safety agencies as a real cause of motorcycle accidents. Please don't get on the bike if you are exhausted or otherwise impaired! We want you all around and enjoying life for a long time!

As always, ride safe... ride free

ROAD CAPTAIN

Good day everyone,

First, I would like to say, thank you to all that showed up at our meeting last month. It was a great turnout. Thanks to the hard work of our new President OB, Sheila, the rest of the board and many of our ABATE members, I think we going to need a bigger room soon and that's a great thing!

I was able to present a memorial shadow box from Troy's family for viewing. I had asked the family if we could borrow his vest for showing, but it had already been willed to a family member. Instead Troy's sister and mother decided to send a shadow box in my care to show everyone and also, I would be happy to let anybody use it for any future ceremonies for our fallen members or any other event that people wish to include it.

Thank you all. On another note, we have many events scheduled in the next couple of months. They were broadcast at the last meeting. Please check your event newsletter for these events. . Stay tuned for next month's article that will include some slippery subjects. Thanks again for your attention and for all of you that have been showing up and participating in the ABATE endeavors.

Sincerely,
"RUSH"

WHICH SPIRIT LEADS THE WAY?

(THROWBACK 2019-10)

It's October and that means the holidays are just around the corner. Halloween and harvest decorations have already filled the shelves, and before you can say "BOO", Christmas merchandise will be taking over. Fall is my favorite time of year... slightly cooler riding temperatures, the suns angle on the road, and with any luck, and we may get to wear long sleeves. It's the spirit of the season.

The season is full of other spirits as well. You might find a few of them at one of our local MC Halloween Events (see the calendar), while other spirits get poured straight from a bottle. But the spirit I'm talking about is a dear friend of mine and He was sent to the earth to be a helper. Many don't understand the important role that the Holy Spirit plays in our lives.

Some people refer to their 'conscience' when speaking of an inner voice. Others say, "Something gave me a feeling." Either way, Holy Spirit gets the credit. When Jesus left the earth, He promised us we would never be alone. He sent the Comforter, the Helper, or Holy Spirit, and the role he plays is important. He speaks to us, which can happen in different ways... through the Bible, prayer, thoughts, conversations, experiences, dreams, visions, and even a voice. As mystical as that may sound, his job is to reveal Himself everywhere we go. His other jobs are to comfort us, bring us truth, and guide us in our lives, especially when making decisions. When we ask, he also gives us the strength to make the right choice. He's the 'still, small voice' that we hear when we choose him as our GPS.

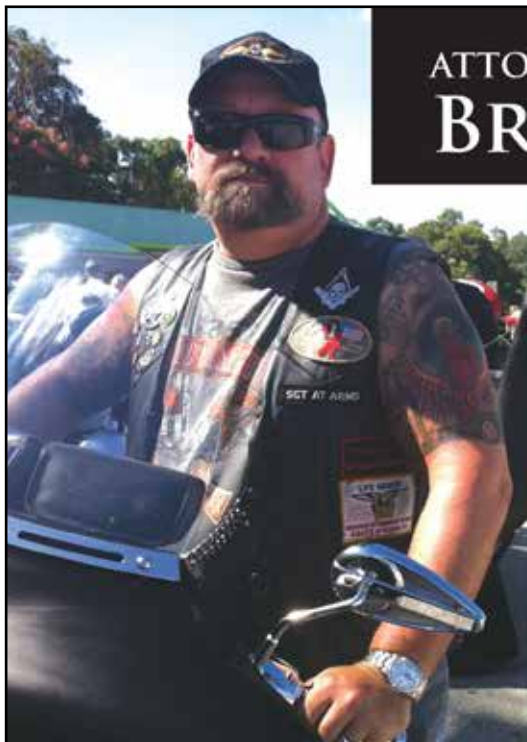

Knowing the Holy Spirit is here to help, why not give him a try? The next time you need help, ask the RIGHT spirit.

Navigated by Him,
Chrissy Leonhardt
Chaplain

ABATE SOUTHEAST CHAPTER SPONSORSHIP PROGRAM

nging back our old Sponsorship Program. This was an idea to help raise money for our Chapter, to recognize those brothers and sisters who provide extra monetary support, to promote the Chapter's mission. Members, or other individuals, who provide a donation to the Chapter, will have name recognition in our Monthly Newsletter and on the Chapter's website, for one year. The categories are: Platinum Donor \$125+; Diamond Donor \$100-\$124, Gold Donor \$75-\$99, Silver Donor \$50-\$74, and Bronze Donor \$25-\$49.

Approximately 40% of our members are Life Members, which means they do not pay annual dues, so they do not financially support the Chapter through dues. They do buy products, pay to attend events, post ads in our Newsletter, and make monetary donations, but they have no obligation to do so. This is another opportunity for them to contribute, if they wish, but anyone can do this.

This is an opportunity for all Southeast Chapter brothers and sister to become ABATE Southeast Chapter Sponsors. Platinum Donors also get to select a page in our Newsletter, to sponsor, where you name will be listed in a banner at the top of the chosen page, and first come, first serve.

I want to sponsor ABATE Southeast Chapter with the following donation (not tax-deductible). Check one:

CAPTAIN'S CORNER

Fall Colors – Western North Carolina. A mid-October ride through Western North Carolina is a MUST. The beauty of the browns, oranges, and reds are impossible to put into words. I have been blessed to make this ride for the past three years. The ride on my FJR begins in Waynesville, 30 miles west of Asheville. Plan on mid to late October for your trip. The colors are at a peak and the temperatures are still moderate. In all of my rides, I try to stay off the interstates. The back roads are incredible. My three favorite rides: 1) The Tail of the Dragon (75 miles west of Waynesville. Route 74 and 28). You have to do it ONCE so you can say that you did it! For my money, it is very commercial and gets all of the publicity. Buy your patch and get back on the road for equally and more challenging twisties. 2) Cherohala Skyway. (60 miles west of Waynesville). This is a 43 mile national scenic byway from Robbinsville to Tellico Plains, TN. Its long, sweeping curves wind up over 5400 foot mountains and crosses the Cherokee and the Nantahala forests. 3) The Blue Ridge Parkway. Any section of the 450 mile road from Cherokee NC into Virginia is awesome. 45 MPH with only a few entrances and exits. I found the section in the Mt Mitchell area to be especially dramatic. I am blessed to have a second motorcycle, a Yamaha FJR, at a friend's house in Waynesville. I fly round-trip on Allegiant Air into Asheville for \$90. This saves a 1600 mile round-trip ride. More time for the twisties! I recommend you consider flying and renting a bike in North Carolina. DON'T miss this trip.

Hi folks,

I wanted to explain a little bit about why I have been sharing information about Amendment 2: The Right to Fish and Hunt. Being an Indigenous person, a member of the Miccosukee Tribe, I have time and time again seen and heard accounts from tribal elders that our rights to hunt and fish are being eroded. Our people use to have the right to hunt and fish all over Florida for subsistence living. Over time as Florida got more developed areas to freely do those activities dwindled for my people. Today there is a train of thought that indigenous people should only hunt and fish on our reservation lands. The problem, over time the quality of fish has decreased with too much mercury and the deer populations have drastically diminished. Which has led to our people to hunt and fish more so outside of reservation lands and territorial lands. The point of this long story? My people, the Miccosukee, understand very well the threats to the right to hunt and fish. My people have experienced it. That is why I feel not only is it important for my people, but for the people for all of Florida to have a constitutional right to hunt and fish. That doesn't mean an open free for all. It means those of us who rely on hunting and fishing to supplement our groceries (yes some of us still do this) keep that right.

Hunting and fishing also contributed to Floridas economy with \$16 billion. In addition to funding the

acquisition of 19% of the Florida Wildlife Corridor. Amendment 2 protects these activities so the youth of today and tomorrow to have those rights.

Too many people are disconnected from these activities and therefore may not understand the need to constitutionally protect these rights or they may just be anti-hunting and anti-fishing. Don't let their fear mongering form your opinion. That's why as we stare down the barrel of the last couple of months before the November general election...

Don't forget to VOTE YES on AMENDMENT 2 and help protect the future of hunting and fishing in Florida!!!

Keep reading if you need more info!

Q: DON'T WE ALREADY HAVE THIS RIGHT?

A: No. We have a statute "recognizing the right", but this could be changed by the legislature at any time. This is the reason a constitutional amendment is so important.

Q: IS THIS REALLY ABOUT CONSERVATION?

A: 19% of the Florida Wildlife Corridor was acquired with hunter/angler dollars. That means that the largest contributor to the largest conservation project in state history is hunters and anglers.

Q: HOW DOES THIS PROTECT CLEAN WATER/AIR/LAND?

A: Courts have determined that this right cannot exist “in the abstract” – what that means is that the right must be able to be exercised. If waters are damaged, for instance, there is now a recourse for damage to the fishery. Similarly, you can’t just overdevelop and wipe out game populations. This truly is a conservation protection, first and foremost.

Q: IS THERE MORE INFORMATION ON THE RIGHT TO FISH AND HUNT?

A: <https://Allfla.org/r2fh> has everything you could want/need!

This does NOT undo the net ban.

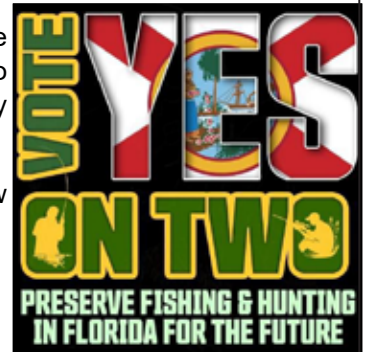

This does NOT undo trespassing laws.

Constitutional authorities review this; to interpret any amendment, the constitution must be read “in whole” – meaning, if the intent wanted to undo the net ban or trespassing laws, it would have to be expressly spelled out in the amendment.

Anyone saying this is a risk to those things doesn’t understand how amendments work

Thank y’all for letting me share my thoughts.

THE BENEFITS OF GROUP RIDING SAFETY AND CAMARADERIE

September 4, 2024

Riding a motorcycle is often seen as a solitary experience—just you, your bike, and the open road. However, group riding brings a whole new dynamic to the motorcycling experience, enhancing both safety and camaraderie. Whether you're a seasoned rider or new to the world of motorcycles, riding in a group can offer numerous benefits that make every journey more enjoyable and secure.

1. ENHANCED SAFETY IN NUMBERS

One of the most significant advantages of group riding is the increased safety it provides. When riding alone, you're more vulnerable to hazards, whether it's distracted drivers, road debris, or sudden weather changes. However, when you ride in a group, your collective presence on the road becomes more noticeable. A group of motorcycles moving together commands more attention from other drivers, reducing the likelihood of accidents.

Visibility is Key: Group rides improve visibility. A single motorcycle can easily go unnoticed, especially in a driver's blind spot. In contrast, a group of bikes is much harder to miss. Drivers are more likely to notice a formation of riders and adjust their driving accordingly, which helps reduce risks.

Support in Emergencies: Riding in a group also means having immediate support if something goes wrong. Whether it's a mechanical issue, a flat tire, or even a minor accident, having fellow riders nearby can be invaluable. They can help with roadside repairs, call for assistance, or provide first aid if necessary. This kind of immediate support is a safety net that solo riders simply don't have.

2. LEARNING FROM EACH OTHER

Group riding is not just about the destination; it's also about the journey and the people you share it with. For newer riders, group rides offer a chance to learn from more experienced motorcyclists. You can observe their techniques, from how they handle curves to their posture and speed control.

Riding with a group can accelerate your learning curve and improve your skills much faster than riding alone.

Sharing Knowledge: Beyond the physical act of riding, group rides are a chance to share valuable knowledge about motorcycle maintenance, gear recommendations, and tips for navigating various terrains. Veteran riders often have a wealth of information and are usually happy to share insights that can make you a better and safer rider.

3. CAMARADERIE AND BONDING

One of the most rewarding aspects of group riding is the sense of community it fosters. Motorcycling is more than just a hobby; it's a lifestyle, and sharing that lifestyle with others who have the same passion can create deep and lasting bonds. Group rides are an opportunity to connect with like-minded individuals who share your enthusiasm for the open road.

Building Friendships: Riding together creates a shared experience that goes beyond the ride itself. Whether it's stopping at a scenic overlook, grabbing lunch at a roadside diner, or sharing stories around a campfire after a long day of riding, these moments build friendships that often last a lifetime. The camaraderie developed through group rides extends beyond the road and can evolve into a supportive network both on and off the bike.

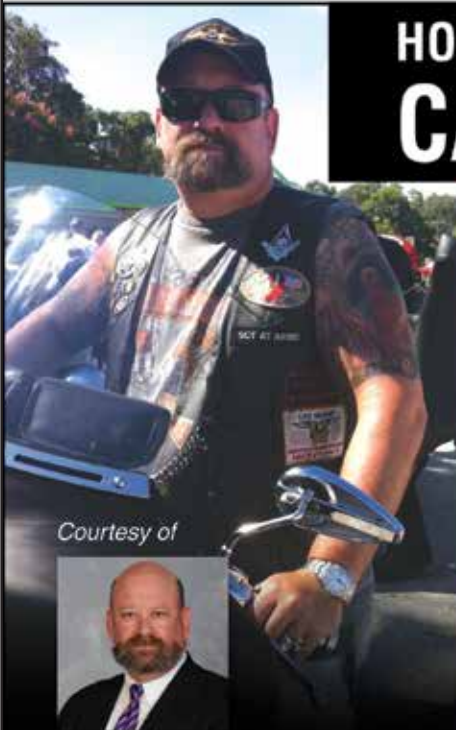

4. STRUCTURED RIDES AND ORGANIZATION

Group rides often involve a certain level of planning and structure, which can make for a smoother and more enjoyable experience. Having a designated leader, tail rider, and pre-determined routes can help keep the group organized and ensure that everyone knows what to expect. This organization reduces stress and allows riders to focus on the enjoyment of the ride rather than the logistics.

Pre-Ride Briefings: Many group rides include a pre-ride briefing where the leader goes over the route, planned stops, and hand signals used during the ride. This preparation ensures that everyone is on the same page, which enhances safety and efficiency. Knowing the plan helps each rider anticipate what's coming next, whether it's a tricky intersection, a sharp turn, or a planned fuel stop.

5. COST SAVINGS

Group riding can also lead to cost savings, which is an added bonus. Many motorcycle events, rallies, and even some hotels offer group discounts, making it more affordable to participate in extended rides and gatherings. Additionally, when traveling in a group, riders often share resources like tools, which can save money on emergency purchases.

6 INCREASED ENJOYMENT

Lastly, group riding simply makes the ride more fun. The shared experience of navigating a winding road, overcoming challenges, or even just enjoying a beautiful day on two wheels is amplified when done with friends. The camaraderie, the shared stories, and the collective memories all add to the enjoyment of group rides.

Conclusion

Group riding combines the thrill of motorcycling with the added benefits of safety, learning opportunities, and social connection. Whether you're riding with a group of friends or joining an organized club ride, the experience offers a unique blend of freedom and fellowship that solo riding can't match. So next time you're planning a ride, consider inviting some fellow riders to join you. After all, there's safety—and a whole lot of fun—in numbers.
