ABATE OF FLORIDA, INC.

WHAT IS ABATE?

ABATE is American Bikers Aimed Towards Education.
ABATE was originally founded by Lou Chimney of California.
The Concept has since spread across the nation.

GOALS & PURPOSES OF ABATE

- To provide a newsletter to keep all bikers informed regarding legislative actions and events around our state and through out our country.
- To become a powerful and viable political force in legislative matters concerning all motorcyclist rights.
- To promote voter registration and motivate members to write their legislators.
- To promote safe riding habits without infringing on the individual rights. To educate the public about motorcycle awareness.
- To provide a lobbyist to represent ABATE of FLORIDA, Inc. on the state and national level.

HOW DOES ABATE ACCOMPLISH ITS GOALS?

ABATE of Florida, Inc. is a non-profit, grassroots political corporation composed of local chapters that have been organized by motorcyclists, to promote a positive image through local, civic, and charitable and benevolent causes; pooling resources for the common benefit of the members promoting political awareness. ABATE exists to monitor legislation and testifies in your behalf during Senate and House hearings. ABATE collects, processes, and exchanges information that may concern you or substantiate our views and places it in your hands through a newsletter or by other means

WHO CAN JOIN?

Any individual 18 years of age or older interested in motorcycle rights, regardless of their sex, race or club affiliation. It does not matter if you ride or what you ride. ABATE ensures our option on motorcycle laws will be heard.

We are a non-profit organization of motorcycle enthusiasts from all walks of life. We lobby and educate the government and the general public to promote motorcycling in a safe and positive image. We endeavor to enlist the cooperation and participation of all organizations and individuals that share a similar interest in preserving our American tradition of FREEDOM.

We promote motorcycle safety, training, & political awareness. **WE ARE NOT A CLUB OR A GANG.** We fund our work through toy runs, poker runs, camp outs, and other motorcycle activities. We are your neighbors & friends who work, pay taxes, and get involved with our community. We serve and support our country and believe in freedom. We use all legal means to protect our rights without infringing on the rights of others. ABATE of Florida, Inc. is incorporated under the laws of Florida as a motorcycle rights organization or "MRO". ABATE OF FLORIDA, INC.

ABATE of FLORIDA ACCOMPLISHMENTS

ABATE was the driving force behind the changes in Florida's Helmet Law. Florida Motorcyclists, over the age of 21 and who carry at least \$10,000 medical insurance coverage now enjoy the Freedom to Choose whether to wear a helmet or not. ABATE has developed & copyrighted "The Motorcycle Safety & Awareness Program" (MSAP). The program is presented to non-motorcyclists to educate them on how to safely share the road with motorcycles. It is taught in local schools & to civic organizations at no charge in the hope of reducing motorcycle accidents and deaths through education, not legislation. ABATE has passed the Vulnerable Road User Bill in 2024, signed by the Governor, for vulnerable road user to pay specified civil penalty; requires person's driver license to be suspended for specified period; requires person to attend specified driver improvement course.

ABATE has gained a positive and respected position in Tallahassee. Because of our Lobbyist and Legislative efforts, State Representatives are aware of ABATE members and our vigilant quest. ABATE reminds travelers every day to "Look Twice Save a Life, Motorcycles are everywhere"

PRESIDENT'S ARTICLE

The Final Stretch of the 2026 Calendar is upon us, and SE Chapter's schedule is packed with events and commitments to our community. As we usher in the start of the Holiday season, what better way to celebrate with ABATE of Florida SE Chapter's 47th Fall Annual on October 11th at Big Dawgs in Pembroke Pines from 12 PM - 5 PM. Multiple vendors will be Participating. Check out our Facebook page for further details.

SE Chapter is also looking forward to participating in LAMA's 15th Fort Lauderdale Chapter Anniversary Party on October 3rd. Our Chapter will be providing the FMSP Safety Awareness Booth in collaboration with our brothers from LAMA and ALR to continue our promotion of motorcycle safety awareness and education throughout the state of Florida.

October 10th, SE Chapter will then participate with the American Legion Riders Cancer Awareness Poker Ride hosted by Post 92, and provide our Chapter's support and camaraderie!

The Chapter's mission is being met. Our expectations with expanding outreach in our motorcycle community and being involved has been nothing but a successful experience and personally rewarding as the Chapter's President.

Recently SE Chapter lent its support with the Phoenix Riders at charitable events, and Bike Night, to the BACA event at Post 321, to attending the Kingdom of Brothers MC's very successful, and well attended Annual at the 595 Truck Stop. ABATE of Florida SE Chapter thrives when participating in these kinds of opportunities to get out there at organized MC and RG events amongst all of you. Gathering your feedback is pivotal on topics that both promote and concern our motorcycle enthusiasts' community. MC culture and Independent motorcycle culture, when mixed together, are very important towards ABATE's focus

when promoting positive imagery of motorcycle gatherings, especially in a time when profiling is at its most sensitive. Please be aware that HB 429 has become effective as of October 1st, 2026.

I encourage All Our Members, or if you're just curious and not a member, to get involved, attend a monthly Chapter meeting at Post 321 in Cooper City. We are there every third Sunday of the month. Feel free to reach out and contact any of our Board Officers. Our calendar stays full of events and activities, and I can guarantee YOU will always see a patched member attending, providing our attention and support, which is our purpose. It's our memberships participation and inquiries that keeps ABATE of Florida SE Chapter Officers' enthusiasm in promoting our main focus of...

Howdy Brothers and Sisters, it's October and our Annual is on the 11th! Meanwhile, everything is rolling forward as it should be. Our Bike Nights are a hit, and the plan is to keep it going. On the State side, all seems to be moving ahead as we have discussed. The issues are being addressed, and a lobbyist is being chosen. The work goes on!

I have been thinking a lot about the Biker Life and the culture that goes along with that. I recently read an article online that really hit home. I am going to reprint it here for your reading pleasure

...

It used to be that all bikers shared a common bond, an unspoken code of ethics and behavior that transcended words and was built on respect and actions. There was never a bible written on this biker's code and there was no need for such. But the times are a-changin' and there seems to be a lot of new riders out there. These days the riders you see blasting down the road are just as likely to be clad in shorts and sneakers as jeans and engineer boots. And the roughest, toughest-looking biker you pull up next to could be your doctor or lawyer and maybe wearing a Rolex watch under their leathers

There's nothing wrong with that, so long as these new riders learn the Code just as we old-timers did. Being a biker used to be about using your creativity to take a basket case old hog and using only grit and ingenuity turning it into a one-of-a-kind eye dazzler, then risking your life on the asphalt on a bike you built yourself out of pride.

Bikers wore leather and grease because they knew cagers would just as soon run them down as they look at them, so they had to be intimidating. We were a breed unto ourselves with no union, no support group, and in many cases, no family (they threw us out). We had to make it in a world of our own, against all rules, against mainstream society, and against all odds. We survived and prospered

because of the biker's code, and we never took disrespect from anybody. As an old scooter bro once said: "It's every tramp's job to school the young. How else are they gonna know a Panhead from a bed pan?"

With that in mind, the following is "The Basic Bikers Code". Take heed, brothers and sisters, for our Code is a hallowed one filled with respect, honor, and loyalty; the likes of which have not been since the days of Knighthood:

Don't take any disrespect. Be kind to women, children and animals, but don't take any disrespect. This is an essential part of being a biker. It has to do with respect and honor.

Anyone can be a quick-tempered fool. Be cool, stand tall and backup what you say with action.

Never lie, cheat or steal. Another way of saying this is to always tell the truth. Bikers know that their word is their bond. Your word is all you have in life that is truly yours. Guard it carefully and be something noble for you are a true Knight of the road.

Don't snitch. If you see a wrong, fight it yourself, if you are about anything, you'll take care of problems yourself and never feel the need to snitch someone off. Snitches are the lowest life forms on earth, right up there with bike thieves

Don't whine. Absolutely no one likes or respects a whiner. Another way to say this is "Hold your mud"; still another way to think of it is "Don't sweat the small stuff"... Remember, most of life's little inconveniences work themselves out whether you whine or not. Keep your chin up, dammit!

You're a biker, not some lowly snail. Never say die and never give up. Whether it's in a fight, a

**SOUTHEAST CHAPTER MEETING MINUTES
HELD AT AMERICAN LEGION POST 321
9081 SW51ST STREET
COOPER CITY, FL 33328
SEPTEMBER 20, 2026**

Big Bear called the meeting to order at 10:05 a.m., and there were 23 members present. He then led us in the Pledge of Allegiance. This was followed by a prayer by Bear.

PRESIDENT'S REPORT - OB:

OB welcomed Phoenix Riders, American Legion Riders, and BACA to the meeting. He spoke about how well the SFPC Bike Night went. Righteous Ink and the other businesses are 100% behind us and raised over \$400 for the Toys in the Sun Run at the Bike Night. He spoke about some important upcoming events: Phoenix Riders event on September 26 at Peterson's HD to support Grey Bull, LAMA's 15th Anniversary Party at Alligator Alley HD, which is also promoted by FMSP, American Legion Riders Breast Cancer Poker Run, Glenn Curtis 3rd Annual Motorcycle and Car Show in November, and of course, our own Annual coming up on October 11th at Big Dawgs. He spoke about the recent BACA event at Post 321, which was a great success, so many people came to support, there were even people dancing on the tables to the great bands. He also spoke about Florida HB 429, and the fact that it starts on October 1st. He urged us all to be careful and be aware. He also spoke about how he and Poet and ABATE in the State are working to unite groups and clubs in Florida to show our concerns about this new law. There was a lot of discussion about this among our members. And finally, welcomed Big Bear, so glad to have him!!

For clarity, HB 429, "Criteria for Determining Criminal Gang Membership" is a Bill that has passed into law. This Bill amended Section 874.03 of the Florida Statutes, enhancing the criteria for identifying a "criminal gang member" to include, among other things, digital footprints, such as social media admissions and online "gang-related language," while reducing required in-person observations with known gang members from four instances down to two.

VICE PRESIDENT'S REPORT – POET:

Poet spoke about HB 429 and ABATE's path forward. He discussed the two choices for lobbyist, FWD Consulting, our current lobbyist, and Michael Infanzon. He said that it was a great month for renewals and new members, including 3 new Life Members.

A ROAD CAPTAIN REPORT

ANNUAL RIDE TO TALLAHASSEE

Every year, ABATE of Florida members from across the state fire up their motorcycles and make the ride to Tallahassee with a common purpose: protecting the rights, safety, and freedom of Florida motorcyclists.

This annual ride is more than miles on the highway. It is an opportunity for members to come together, meet with state lawmakers, and make sure the concerns of Florida's motorcycle community are heard at the Capitol. Whether the issue involves motorcycle safety, legislation, education, or protecting our freedom to ride, showing up matters.

From a Road Captain's perspective, a ride of this size also represents what ABATE is about—organization, teamwork, safety, and riders looking out for one another. Chapters may start from different parts of Florida, but Tallahassee brings us together with one voice and one mission.

If you have never made the annual Tallahassee ride, consider joining your chapter when the opportunity comes around. Ride prepared, ride responsibly, watch out for the rider beside you, and remember why we are making the trip.

United we ride. United we stand for motorcyclists' rights.

debate, or a curve too tight, no matter how bad it gets, a biker never gives up!

Help others. When a brother or sister is broken down by the side of the road, always stop and help them. Even moral support, if that is all you can give, is better than riding on by. And don't just help bikers, show the world that we are better than our image portrays us. Courtesy costs you nothing but it brings respect to the biker nation.

Stick to your guns. Do what you say you'll do, be there when you say you will. This is called "Integrity". This also goes back to standing for something. Like the song says, "You've got to stand for something or you'll fall for anything".

Life is not a drill. Yeah, this ain't no dress rehearsal. This is life so go out and take big bites of it

You've got no time to lose, and bikers don't stand around waiting for the party to come to them.

You only go around once. Tomorrow you could be roadkill, thanks to a texter asleep at the wheel of their cage. Live now, make the most of each moment.

All right, now let's review. You are a biker. A modern-day knight of the road. Protect the weak, walk tall and stand proud. Your word is your bond. Stick to your guns. Don't take any disrespect. Life is not a drill.

Now... Go forth and ride. When in doubt, ride. That is what bikers do... We Ride! If you want to ride around in a day-glo Hawaiian shirt and sandals, go for it, but if you intend to look like an idiot, at least don't ask like an idiot.

These commandments are just a few of the broad strokes, there is a lot more to being a biker than buying a bike. If you just buy a bike, you are a

motorcyclist.

Being a biker is a way of life, a proud way of life that we hold in high regard with burning passion for the open highway.

Now I know that some will say, "Well, we're not in a club!" This is true, ABATE is an organization. We are Bikers though. We walk the walk and talk the talk. Why would we not hold to the unwritten rules that are an ingrained part of that Culture? I have always said that we are the last bastion of Chivalry.

Until next month,
Ride Free, Ride Safe

THE DASH ON YOUR ROAD

As a Chaplain, I have the privilege of supporting people through a wide range of spiritual and emotional needs. From giving encouragement and counsel, praying for the sick, leading grief support groups, to officiating weddings and funerals, the needs are many. Another way I like to reach out is through the mail with a simple card, because who doesn't love getting happy mail!

But recently, my almost 96-year-old mother moved to heaven, and I needed the very encouragement I was accustomed to giving. I was humbled by the flowers, texts, cards, and personal words of encouragement. It was wonderful to be on the receiving end in such a time of need.

Many of us have been dealing with personal loss lately, and often I am asked, "What is the right thing to say to someone who is grieving? The first thing to remember is to use simple and direct expressions. It may sound awkward, but look them in the eyes and say honestly, "I am so sorry," "I am here for you," or "I am heartbroken for you." This acknowledges their loss directly.

It's also important to validate their reality by saying, "This is terrible and unfair," "Of course this is hard," or "I'm sure you feel lost right now." Be careful not to talk about your own losses, even if you understand or can relate. Always focus on what THEY are walking through.

One thing I craved when my husband Gary died was when someone would share a specific memory. Start the sentence by saying, "I was just thinking about the time when [memory]". Reminiscing keeps the memories alive. And when you talk, don't let their tears stop your conversation. Crying is sometimes necessary.

When offering help, be specific. Instead of saying, "let me know if you need anything," say "How about if we ride together Friday and go to Open House night together?" or "I would love to buy you a meal this week."

Alternatively, avoid saying things like "at least they are in a better place" or "at least they lived a long life." It might sound like it minimizes their pain, but it doesn't. Their special person is gone, and no positive-sounding cliché will make that less painful. I also hear, "everything happens for a reason" or "time heals all wounds". But the truth is, while time dulls some of the pain, God is the only One who can heal our wounds. The 'reason' death happens is that the Bible tells us in Hebrews 9:27 that each person is destined to die once. Psalm 139 says God authors our life from birth to death, no matter how many days we are allotted. It's what we do with the days between our birth --- death that matters most.

My mother was a shining example of someone who loved the Lord and spent most of her days rejoicing or boasting in Him. She spent time with Jesus and poured the leftovers out on those she encountered, showing Jesus through love and kindness.

I'll leave you with this question: What will YOU do with the 'dash' between your beginning and your end?

Filling in the dash,

Chrissy Leonhardt -
Chaplain

THE DASH POEM BY LINDA ELLIS

Submitted by Chrissy Leonhardt - Chaplain

I read of a man who stood to speak
At the funeral of a friend.
He referred to the dates on her tombstone
From the beginning to the end.

He noted that first came the date of her birth
And spoke of the following date with tears,
But he said what mattered most of all
Was the dash between those years.

For that dash represents all the time
That she spent alive on earth
And now only those who loved her
Know what that little line is worth.

For it matters not, how much we own,
The cars, the house, the cash,
What matters is how we live and love
And how we spend our dash.

So, think about this long and hard;
Are there things you'd like to change?
For you never know how much time is left
That can still be rearranged.

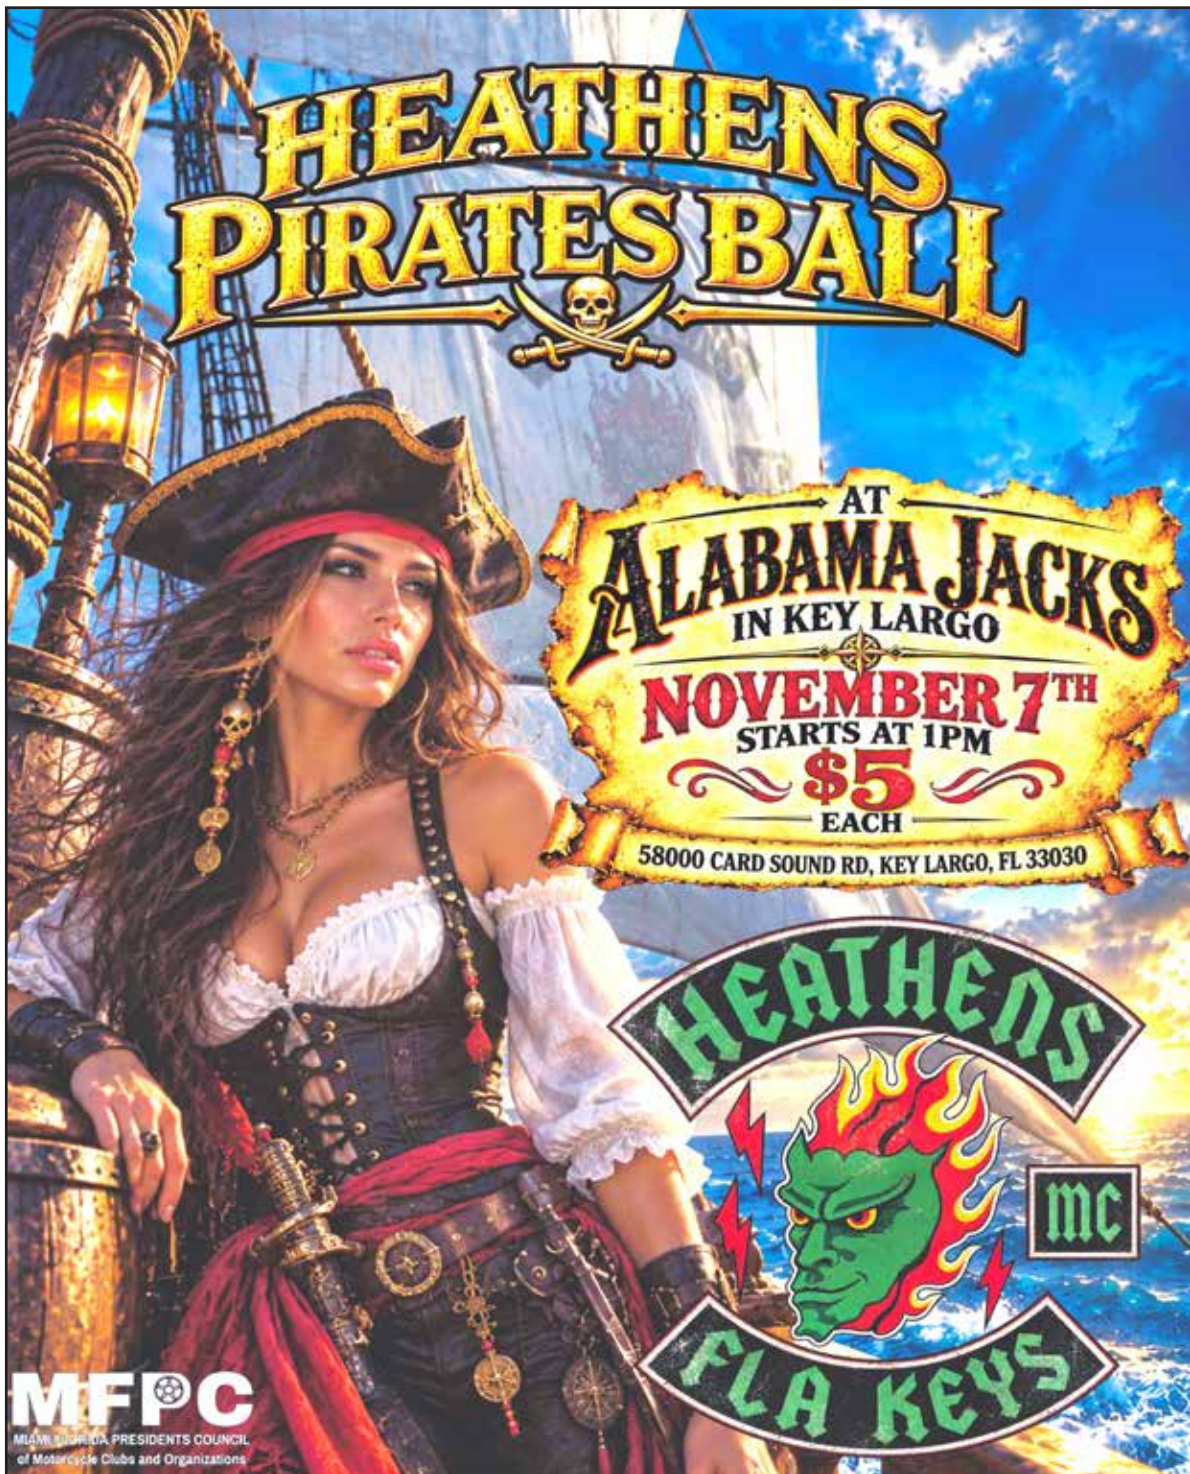

If we could just slow down enough
To consider what's true and real
And always try to understand
The way other people feel.

And be less quick to anger
And show appreciation more
And love the people in our lives
Like we've never loved before.

If we treat each other with respect
And more often wear a smile,
Remembering that this special dash
Might only last a little while.

So, when your eulogy is being read
With your life's actions to rehash
Would you be proud of the things they say
About how you spent your dash?

ANOTHER DAMN GOOD OUTCAST PARTY

THE WIDOW ON OUR BACKS

If you've spent much time in Florida's motorcycle community, chances are you've seen her, an ashen-faced woman falling to her knees, one hand upon her head, on the backs of riders beneath the words "Widows Sons".

To someone unfamiliar with us, it is an unusual image and name. But to the

Freemasons who earn the right to wear her, the Widow represents much more than a motorcycle patch.

We are the Widows Sons of Florida Masonic Riders Association, Master Masons brought together by motorcycles, brotherhood, charity, and the open road. We are not a motorcycle club, nor do we claim to be one. We are Masons who ride. Our Association includes Chapters throughout Florida and beyond, each maintaining its own identity and charitable efforts while sharing a common purpose. Here in Broward County, our local Chapter is known as the Ashlars.

I discovered the Widows Sons almost by accident. I had been away from active participation in Masonry for some time and riding alone for some time, and when I returned to Lodge, I noticed a Widows Sons patch displayed in a shadow box. As both a Mason and motorcycle rider, I had to ask about it. That question introduced me to an organization that brought together two important parts of my life.

There may be Masons reading this who ride but have never heard of us. There may also be rid-

ers who have ridden alongside Masons for years without knowing it, or who have wondered what Freemasonry is about.

WHAT DOES THE WIDOW MEAN?

The image on our patch represents a widow at the grave of her deceased Master Mason husband, wondering how she will provide for herself and her children now that he is gone.

She represents our Masonic obligation to provide relief to the widows and orphans of departed Brothers. More broadly, the Widow represents the wife, mother, sister, or daughter of every Master Mason who has ever lived and died.

That's why our patch isn't something we wear simply because it looks cool. When a Brother receives his patches, he is reminded never to casually discard them, allow them to touch the ground, or forget what the Widow represents. We wear her with pride and honor and understand the responsibility that comes with carrying her on our backs.

MORE THAN RIDING

We certainly enjoy riding, whether it's a charity event, a trip across the state, or just a Saturday morning on the road or wrenching on a bike together, but motorcycles aren't our entire purpose. Widows Sons Chapters support their communities, Masonic causes, Brothers and their families, and charitable organizations. We tend to focus on smaller local charities where our support can make a meaningful difference, and we don't always advertise who we help. Sometimes charity is public; sometimes helping someone is simply the right thing to do.

It reflects a simple idea at the heart of Freemasonry: Making Good Men Better.

Masonry brings good men together and provides opportunities to improve ourselves through brotherhood, charity, service, and leadership. The

Widows Sons gives us another opportunity to put those principles into practice outside the Lodge, and motorcycles happen to be a pretty good way to do it.

There are similarities between Masonry and the motorcycle community. Brotherhood matters. Your word matters. Character matters. Respect matters. We respect the traditions and protocols of the motorcycle community while remaining first and foremost Master Masons. The Widow doesn't make us better than another rider; she reminds us that our conduct while wearing her represents something larger than ourselves.

ASK US ABOUT IT

If you're already a Master Mason and ride, ask us about the Widows Sons. You might discover the same thing I did when I saw that patch in a Lodge years ago.

If you're a rider who isn't a Mason, but the ideas of brotherhood, charity, personal growth, and service appeal to you, maybe the first question isn't how to become a Widows Son, but whether Freemasonry has something to offer you.

Freemasonry doesn't recruit men. A man seeks Masonry of his own free will. That's the meaning behind:

2B1ASK1 — To Be One, Ask One.

If you know a Mason, ask him. If you don't, strike up a conversation with one of us. We'd be happy to talk about Masonry, the Widows Sons, or probably spend entirely too much time talking about motorcycles.

Finally, you may notice two different Widows Sons patches being worn in Florida. Differences over governance and the future direction of the Widows Sons resulted in two separate organizations. Our organization chose a Florida structure where Chapters maintain their autonomy while

working collectively through our Council of Presidents. The other organization chose a different direction. Today we are separate organizations focused on our own members, Masonry, charity, fellowship, and riding.

So, if you see our Widow on the back of a rider, come over and ask him about her. You might hear about a ride or a charity. You might learn something about Freemasonry.

And, just like I did when I saw that Widow in a shadow box, you might discover something you've been missing, or maybe you didn't even know you were looking for.

MAKING GOOD MEN BETTER.

ABATE SOUTHEAST CHAPTER SPONSORSHIP PROGRAM

We are bringing back our old Sponsorship Program. This was an idea to help raise money for our Chapter, and also to recognize those brothers and sisters who provide extra monetary support, to promote the Chapter's mission. Members, or other individuals, who provide a donation to the Chapter, will have name recognition in our Monthly Newsletter and on the Chapter's website, for one year. The categories are: Platinum Donor \$125+; Diamond Donor \$100-\$124, Gold Donor \$75-\$99, Silver Donor \$50-\$74, and Bronze Donor \$25-\$49.

Approximately 40% of our members are Life Members, which means they do not pay annual dues, so they do not financially support the Chapter through dues. They do buy products, pay to attend events, post ads in our Newsletter, and make monetary donations, but they have no obligation to do so. This is another opportunity for them to contribute, if they wish, but anyone can do this.

This is an opportunity for all Southeast Chapter brothers and sister to become ABATE Southeast Chapter Sponsors. Platinum Donors also get to select a page in our Newsletter, to sponsor, where you name will be listed in a banner at the top of the chosen page, and first come, first serve.

I want to sponsor ABATE Southeast Chapter with the following donation (not tax-deductible). Check one:

BRYCE CANYON NATIONAL PARK

My third stop on my Western swing was Bryce Canyon National Park, about 85 miles northeast of Zion National Park. After the massive cliffs and narrow canyons of Zion, Bryce offered an entirely different kind of beauty. I had never seen anything quite like its vast amphitheater filled with thousands of towering rock formations called hoodoos.

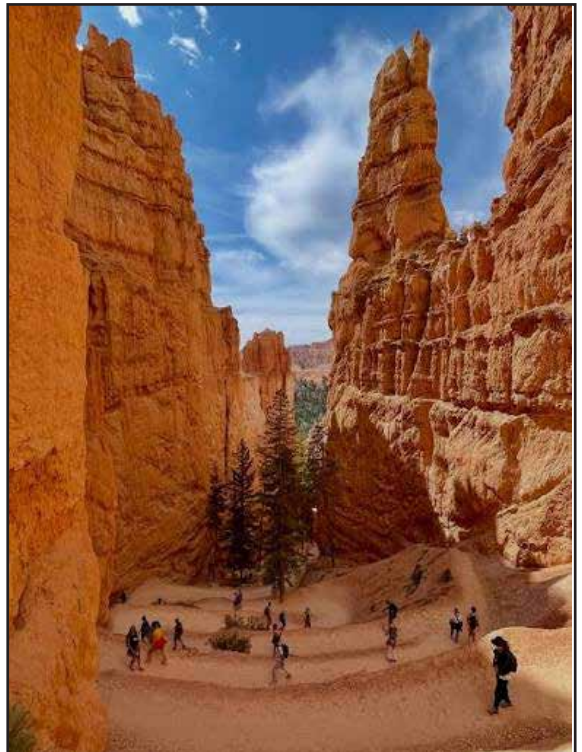

Riding into Bryce Canyon was an experience in itself. The road climbed steadily into higher elevations, and I could feel the temperature dropping as the miles passed. The cool mountain air, the sound of the motorcycle beneath me, and the winding road through the pine forests made the ride feel like part of the adventure rather than simply a way to reach the destination. When I finally reached the rim, I was completely taken aback. Looking across the amphitheater, I saw layer upon layer of orange, red, pink, and white rock stretching as far as I could see.

I spent time at several overlooks, each revealing a different perspective of this extraordinary landscape. Standing at the edge and looking down into the maze of hoodoos, I found it almost impossible to comprehend that these delicate-looking formations had been created over millions of years by wind, ice, and water.

Bryce Canyon was perhaps the most unexpected surprise of my Western swing. Its unusual beauty made a lasting impression, and I knew it would remain one of those places I would remember long after the miles and years had passed
