ABATE OF FLORIDA, INC.

WHAT IS ABATE?

ABATE is American Bikers Aimed Towards Education.
ABATE was originally founded by Lou Chimney of California.
The Concept has since spread across the nation.

GOALS & PURPOSES OF ABATE

To provide a newsletter to keep all bikers informed regarding legislative actions and events around our state and through out our country.

To become a powerful and viable political force in legislative matters concerning all motorcyclist rights.

To promote voter registration and motivate members to write their legislators.

To promote safe riding habits without infringing on the individual rights. To educate the public about motorcycle awareness.

To provide a lobbyist to represent ABATE of FLORIDA, Inc. on the state and national level.

HOW DOES ABATE ACCOMPLISH ITS GOALS?

ABATE of Florida, Inc. is a non-profit, grassroots political corporation composed of local chapters that have been organized by motorcyclists, to promote a positive image through local, civic, and charitable and benevolent causes; pooling resources for the common benefit of the members promoting political awareness. ABATE exists to monitor legislation and testifies in your behalf during Senate and House hearings. ABATE collects, processes, and exchanges information that may concern you or substantiate our views and places it in your hands through a newsletter or by other means

WHO CAN JOIN?

Any individual 18 years of age or older interested in motorcycle rights, regardless of their sex, race or club affiliation. It does not matter if you ride or what you ride. ABATE ensures our option on motorcycle laws will be heard.

We are a non-profit organization of motorcycle enthusiasts from all walks of life. We lobby and educate the government and the general public to promote motorcycling in a safe and positive image. We endeavor to enlist the cooperation and participation of all organizations and individuals that share a similar interest in preserving our American tradition of FREEDOM.

We promote motorcycle safety, training, & political awareness. *WE ARE NOT A CLUB OR A GANG*. We fund our work through toy runs, poker runs, camp outs, and other motorcycle activities. We are your neighbors & friends who work, pay taxes, and get involved with our community. We serve and support our country and believe in freedom. We use all legal means to protect our rights without infringing on the rights of others. ABATE of Florida, Inc. is incorporated under the laws of Florida as a motorcycle rights organization or "MRO". ABATE OF FLORIDA, INC.

ABATE of FLORIDA ACCOMPLISHMENTS

ABATE was the driving force behind the changes in Florida's Helmet Law. Florida Motorcyclists, over the age of 21 and who carry at least $10,000 medical insurance coverage now enjoy the Freedom to Choose whether to wear a helmet or not. ABATE has developed & copyrighted "The Motorcycle Safety & Awareness Program" (MSAP). The program is presented to non-motorcyclists to educate them on how to safely share the road with motorcycles. It is taught in local schools & to civic organizations at no charge in the hope of reducing motorcycle accidents and deaths through education, not legislation. ABATE has passed the Vulnerable Road User Bill in 2024, signed by the Governor, for vulnerable road user to pay specified civil penalty; requires person's driver license to be suspended for specified period; requires person to attend specified driver improvement course.

ABATE has gained a positive and respected position in Tallahassee. Because of our Lobbyist and Legislative efforts, State Representatives are aware of ABATE members and our vigilant quest. ABATE reminds travelers every day to "Look Twice Save a Life, Motorcycles are everywhere"

PRESIDENT'S ARTICLE

SE Chapters 47th Fall Annual at Big Dawgs was a great success. Our board of directors take the most pride in seeing the many different riders and our SE members coming together and supporting ABATE of Florida. Thank you to our Sponsors, vendors and all of you for making all the hard work worth it!

October was a very busy month for our Chapter. We welcomed Black Lyons MC Ft. Lauderdale to SE Chapter. Participated with our FMSP partners, LAMA and the American Legion Riders at LAMAS 15th anniversary of the Ft. Lauderdale chapter. Making many contacts thru out the LAMA organization. A very special Thank you to LAMA Miami for the strong support at our Annual! Over 30 Riders on bikes rode in, incredible, SE chapter is grateful.

The newsletter continues to grow and evolve we have welcomed more individual MC member owned businesses. Our chapter was able to support the Grand Opening of Southern Love barbecue in Davie. a tremendous show out of the community and the food was well worth the anticipation. We also have a new service provider Apex Baggers out of Miami. Bike doctors new location as well as if you need to try out a different Harley-Davidson. Check out the Moto Rental flyer. I always say the newsletter is our most successful tool when presenting ourselves to new sponsors, advertisers and the general public. In 2025 we did try to experiment with quarterly full color newsletters I hope to be able to present a full color edition for December 2026 to Mark out the incredible year of achievements.

With the end of the year closing in we still have plenty to do. Our chapter intends to participate as the fmsp again at the 3rd annual Miami Glenn Curtis vintage motorcycle and car show Nov 7th. Which just so happens to fall on one of the best annual parties of the year. the Heathens MC Pirates Ball. Southeast chapter will also be helping organize the Justin Bartlett animal Rescue animal aid poker run we are putting together five stops that will end at renegades up in Palm Beach. The upcoming SFPC Toys in the Sun Run on Dec 5th.

Our state chapter will be hosting a State meeting for all ABATE of Florida members up in destination Daytona. Where we will get the results for our lobbyist election for 2027. This is a very important process to our organizations future. Lastly Southeast chapter will close out the year with its Christmas party we are thinking about changing it up a little bit this year the last couple years we've done a dinner and this year we are thinking about doing a Christmas picnic at Mark embark with some of our extended families from the MC culture.

SE Chapters remains one of the largest advocating Chapters in all of Florida . we are here for our South Florida Riders and I encourage to hear your feedback on what you think can make a difference in our efforts to promote motorcycle safety awareness for 2027. Here at Southeast chapter there are no requirements. All Riders are welcome! Vice President

Howdy Brothers and Sisters, it's November and we are looking at our busiest time of year. Our October Annual was a blast! We got so much support from the local clubs that it made it very memorable.

The next two months we are packed full with parties and events! Stay tuned…

I have been hearing from a lot of folk lately that they either have

Never heard of Abate. Even those who know us well do not know the

history of our organization. I thought that I would include a brief summary.

Origins and Early Years (1971–1975)

Founding by Easyriders: The concept started in 1971–1972 through Easyriders magazine editor Lou Kimzey, publisher Joe Teresi, and associate editor Keith Ball.
NCCA to ABATE: It was initially launched as the National Custom Cycle Association (NCCA) before being renamed ABATE.
The 1967 Highway Safety Act Catalyst: ABATE formed in direct response to federal pressure after the 1967 Highway Safety Act forced states to enact mandatory motorcycle helmet laws or lose federal highway funding.
State Expansion: Coordinators were deployed across the country to help bikers organize locally. Notably, ABATE of Indiana was founded on June 25, 1975, by Wanda Hummel-Schultz.

The 1976 Federal Helmet Law Victory

Lobbying and Data: ABATE chapters organized methodical, data-driven campaigns, engineering studies, and mass rallies to prove that custom parts (like raked and extended front ends) and helmet choices were safe.

Repeal of the Mandate: Their efforts paid off when the U.S. Congress repealed the federal helmet law mandate in 1976, returning the power to set helmet laws to individual states.

Decentralization and Transition (1977–1985)

Handover to Riders: In October 1977, Lou Kimzey and Easyriders officially relinquished central control of ABATE to the grass-roots members attending a meeting in Sacramento, California.
Independent State Chapters: Due to the administrative and financial complications of a single national office, the centralized structure dissolved by 1978. ABATE split into independent, state-level organizations coordinated across regional zones.

National Coalition and Modern Era (1986–Present)

Meeting of the Minds: In 1986, various ABATE and state rights groups gathered for the first "Meeting of the Minds" conference.
Founding the MRF: This coalition led to the establishment of the Motorcycle Riders Foundation (MRF) based in Washington, D.C., to monitor federal legislation.
Current Role: Today, state ABATE chapters operate across more than 40 states. They function as SMROs focusing on state and local lobbying, voluntary rider safety education programs, charity runs (such as toy and food drives), and protecting motorcyclists' road access and rights.

What I wanted to talk about this month is the importance of Clubs to Abate. Nowhere in our founders minds was the idea that Abate should be an exclusive situation. Their concept was to have an organization that stood as a shield for " all bikers ". Notwithstanding what they rode or what walk of life they were from.

Every rider on two or three wheels has rights and as a Motorcycle Rights Organization, every rider is important to us. Not only for their membership

but because they are part of our Community.

To that end and in keeping with a tradition started by our past president Johnny Rose, OB and I attend regular Council meetings with both the South Florida and Miami/Dade Councils This relationship gives us some access to go speak with MC, RC, RG as well as organizations both charitable and religious.

We regularly attend Open Houses to speak to these clubs and groups about ABATE and the importance of taking control of their futures as bikers in Florida. Many have taken membership on the spot. Some clubs sign all their members.

You have all heard us say " We are only as strong as our Membership". In order to achieve our goals, we have to grow. For those reasons, even though many of our members are Independents, we will never abandon any part of the Community! For Safety, for the fight against Totalitarian Enactments against this Community ABATE of Florida stands tall and strong! With your support!

Until next month Ride Safe, Ride Free

Southeast Chapter Meeting Minutes
Held at American Legion Post 321
9081 SW 51st Street
Cooper City, Fl 33328
October 18, 2026

Lenny called the meeting to order at 10:08 a.m., and there were 16 members present. He then led us in the Pledge of Allegiance. This was followed by a prayer by Bear.

President's Report - OB:
OB welcomed American Legion Riders and BACA to the meeting. Christine from Justin Bartlett Animal Rescue was present and OB thanked her for her participation at our events. Justin Bartlett Animal Rescue is having a poker run and we, along with Palm Beach ABATE, have been asked to help. Each chapter will have 4 stops, with the 5th stop being Renegades in Palm Beach. There will be 4 bands, and food and drink specials.
He spoke about how well our 47th Annual event at Big Dawgs went. Every SFPC and most of the MFPC clubs were in attendance. We had been at the LAMA Anniversary party the weekend before ours, and Miami LAMA came with a huge showing, 36 bikes and 50 people. As well, we had big showing by the American Legion Riders, the Stilettos on Steel and many other independents that came to party. We had great music by DJ Sutra.
OB mentioned that Poet and himself had gone to an Open House with the Black Lions RC to introduce them to ABATE SE. Some of the KOB guys showed up and the whole club signed as new ABATE members. We have to be comfortable stepping outside of our circle in order to grow our Chapter and accomplish the goals we have set.
The Miami Eagle Wings were recognized for their contribution to ABATE SE and the December State Meeting in Daytona was briefly discussed.
He spoke about other upcoming events that we are participating in are Saturday, November 7th - Glenn Curtiss 3rd Annual Motorcycle and Car Show in Miami Springs and SFPC Toys in the Sun Run December 7th. Christmas party this year, anyone have ideas? We were thinking of maybe doing a Christmas picnic at Markham Park. Also looking for ideas for our January Semi-Annual.

SAFETY DIRECTOR REPORT

Freedom to ride … safely: Study examines motorcycle safety on Florida's rural curves
(https://fdotresearch.com/2024/08/02/freedom-to-ride-safely-study-examines-motorcycle-safety-on-floridas-rural-curves/)

A sense of freedom. The open road. Beautiful countryside. For those who love riding motorcycles, these benefits draw them especially to rural areas.

But that freedom comes with a risk.

"Motorcycle crash injury is like a hidden issue," said Dr. Chanyoung Lee, program director of motorcycle injury prevention at the Center for Urban Transportation Research (CUTR) at the University of South Florida (USF) and a member of a Florida Department of Transportation (FDOT) research team that recently published a study on motorcycle safety. "In Florida, motorcycles represent about one percent of traffic but makeup about 17 percent of the traffic fatalities in the past five years (2018-2022)."

According to the National Highway Traffic Safety Administration (NHTSA), motorcyclists in the U.S. are 30 times more likely than car passengers to be fatally injured in traffic crashes. On Florida roadways, 57 percent of fatal and 36 percent of incapacitating single-motorcycle crashes occur on curved roads.

It is on this road type – rural, two-lane road with curves – researchers with CUTR and FDOT tested safety interventions aimed at preventing single-motorcycle crashes.

"A common scenario of a single-motorcycle crash in Florida is that the rider loses control of the motorcycle and then runs off the curb or hits a tree (or another object)," Lee said. "In this type of crash, no other vehicles are involved, and it can be reduced if we can make the rider take more caution."

Please go to the link for more information, specifically about curve danger.

LANE FILTERING IN FLORIDA – IT'S TIME TO MOVE FORWARD!

ABATE of Florida – Southeast Chapter

Fellow Brothers and Sisters,

As your Road Captain, I want to bring attention to an important issue affecting every motorcycle rider in the great state of Florida: the legalization of lane filtering.

For years, motorcyclists have faced the dangers of sitting in bumper-to-bumper traffic, especially here in South Florida. Between distracted drivers, cell phone use, and motorists who simply aren't paying attention, being stopped on a motorcycle in heavy traffic can put us in a vulnerable position.

Lane filtering is not lane splitting. Lane filtering generally allows motorcyclists to move slowly between stopped or nearly stopped vehicles under specific conditions. This is not about racing between cars or riding recklessly. It's about giving responsible riders another option to help reduce their exposure to rear-end collisions while improving traffic flow.

Several states have already taken steps toward allowing some form of lane filtering or lane splitting. Florida should seriously consider joining them. With our year-round riding weather, growing population, and increasingly congested highways, it makes sense to examine legislation that benefits motorcycle safety.

As members of ABATE of Florida, we have always stood for motorcycle rights, safety, education, and freedom of choice. Getting lane filtering legislation passed will take more than talking about it at chapter meetings. It will require riders across Florida to stand together, contact their state representatives and senators, educate the public, and support legislation that establishes clear and responsible guidelines.

We must also address the concerns of motorists who may not understand lane filtering. Public education will be just as important as the legislation itself. Drivers and riders need to know the rules so everyone can share the road safely.

I encourage every member to get involved. Speak with fellow riders, attend legislative events, and make your voice heard in Tallahassee. Our strength comes from our numbers, our determination, and our willingness to fight for the rights of all motorcyclists.

Lane filtering is not about riding faster. It's about riding smarter, protecting riders, and having the freedom to make safer choices on Florida's roads.

Let's make lane filtering a priority and work together to get responsible legislation passed in Florida.

Ride Safe, Ride Free, and Stay Alert!

TAKING THE BACK SEAT

So many activities happen around the table. Everything from eating to conversations to playing games or cards. About 29% to 45% of American families eat dinner together at the table daily, while roughly 50% to 55% share a meal together 3 to 5 times a week.

A YouGov survey tracking typical dinner behaviors found that only 41% of respondents talk to the people they are with, while 63% watch television and 28% are actively looking at their phone. According to the U.S. Census Bureau's American Time Use Survey, the average American spends only about 34 minutes a day socializing or interacting face-to-face. By contrast, tracking data from Reviews.org and other tech indexes show the average American spends between 4 hours 37 minutes and 5 hours 1 minute daily actively staring at their smartphone screen. This means Americans spend roughly 800% more time looking at their phones than interacting with people. WOW! These statistics make hanging out and actually talking with people priceless!

While I've noticed more of us on our devices at club events and meet-ups, our community interacts with our brothers and sisters better than the average crowd. We eat, talk, dance, and do other activities I won't mention, but for the most part, we enjoy each other's company. Some of us can't attend every event, so we pick and choose based on availability, distance, and finances.

Soon, some of us will gather around a table to celebrate Thanksgiving, along with many more holiday events to come. If you don't want to be alone, start now by planning a dinner or offering to bring a covered dish to a friend's house. Maybe even open the club for a Friendsgiving and have everyone bring a dish.

We need to treasure our friendships, always giving each other grace for our shortcomings. I also believe in living life without regrets, knowing people pass on one day. You never know when it will be the last time you see someone.

Jesus's disciples ate a meal with Jesus, not knowing it would be their last supper together. He invited all his closest friends, even Judas, who would betray him. After dinner, he rose up, took off his colors and wrapped a towel around his waist, and washed their feet like a lowly servant. This confused his friends. They didn't know that the foot washing symbolized the need to wash away sins. One day all of this would make sense.

When I think about all the things I might do or say, knowing it was my last meal with my friends, trading my colors for a probate vest might not be one of them. You might find me gorging on rich, expensive foods and eating as many carbs as I could, all the while living it up.

But Jesus knew. He washed feet.

Taking the back seat,
Chrissy Leonhardt,
Chaplain

WHEN DOES A MOTORCYCLE CLUB DIE?

A motorcycle club is dead when its members no longer ride together…

When the club plans to meet somewhere on a Thursday for what is supposed to be a ride, and more than half of the members show up in cars…

When the club no longer cares about attending the anniversaries of other clubs or chapters… not even the ones close to home and the road is no longer part of the brotherhood… when members stop supporting the hosting club by riding out, showing respect, and even something as simple as buying food or a drink at the event.

When meetings are no longer about the club, the ride, or the brotherhood; but instead become discussions about punishments, suspensions, and deciding who will be the next to lose their patches…

When the President or the officers care more about being popular, being feared, or giving orders for the sake of authority, than about serving the club… when the rule "All for the club, nothing for oneself" is no longer lived, only spoken…

The painful truth behind all of this is that every motorcycle club stands on three basic pillars:

MOTORCYCLES, BROTHERHOOD, AND THE ROAD.

Once one of these is lost, the others will inevitably fall…

and when that happens, the club is already dead.

This year marked the fifth annual motorcycle ride that my friend Freddie and I have taken together. For adventure,our destination was Washington, D.C. I rode from Fort Lauderdale to join Freddie at his home in Waynesville, North Carolina, and from there we set out together for Washington on our motorcycles.

We traveled primarily along Routes 81 and 66, enjoying a beautiful ride through the mountains of North Carolina, Tennessee, and Virginia. The winding mountain roads, scenery, and fresh air were a welcome change from the traffic and monotony of Interstate 95. For us, the journey was every bit as important as the destination.

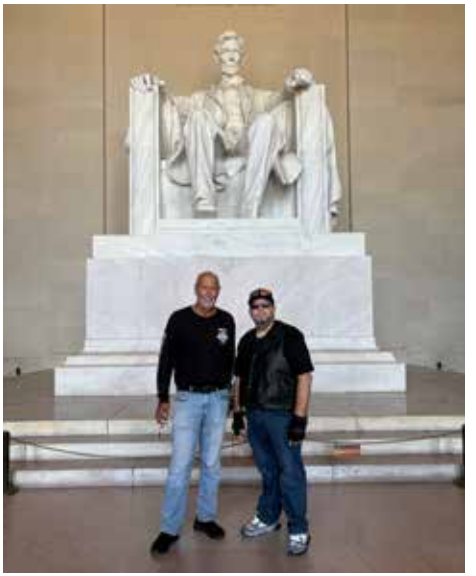

Once in Washington, one of the highlights of our trip was the Museum of the Bible. As Christians, we especially appreciated this remarkable museum, which explores the history, influence, and significance of the Bible through interactive exhibits, ancient manuscripts, historical artifacts, and engaging presentations. It gave us a deeper appreciation for the Bible and its impact on people and cultures throughout history.

We also spent time walking around the National Mall and taking in many of Washington's famous sights. The Lincoln Memorial was particularly impressive. Standing before the enormous statue of Abraham Lincoln and reading his powerful words was a moving reminder of the challenges our nation has faced and the principles that have helped hold it together.

In all, the seven-day adventure covered approximately 2,600 miles—a memorable trip filled with friendship, faith, history, and the freedom of the open road.

ABATE SOUTHEAST CHAPTER SPONSORSHIP PROGRAM

We are bringing back our old Sponsorship Program. This was an idea to help raise money for our Chapter, and also to recognize those brothers and sisters who provide extra monetary support, to promote the Chapter's mission. Members, or other individuals, who provide a donation to the Chapter, will have name recognition in our Monthly Newsletter and on the Chapter's website, for one year. The categories are: Platinum Donor $125+; Diamond Donor $100-$124, Gold Donor $75-$99, Silver Donor $50-$74, and Bronze Donor $25-$49.

Approximately 40% of our members are Life Members, which means they do not pay annual dues, so they do not financially support the Chapter through dues. They do buy products, pay to attend events, post ads in our Newsletter, and make monetary donations, but they have no obligation to do so. This is another opportunity for them to contribute, if they wish, but anyone can do this.

This is an opportunity for all Southeast Chapter brothers and sister to become ABATE Southeast Chapter Sponsors. Platinum Donors also get to select a page in our Newsletter, to sponsor, where you name will be listed in a banner at the top of the chosen page, and first come, first serve.

I want to sponsor ABATE Southeast Chapter with the following donation (not tax-deductible). Check one:

( ) Platinum Donor	$125+	( ) Diamond Donor	$100-$124
