WHO WE ARE

- ABATE of Florida, Inc. is a non-profit organization of motorcycle enthusiasts from all walks of life.
- We lobby and educate the government and the general public to promote motorcycling in a safe and positive image.
- We endeavor to enlist the cooperation and participation of all organizations and individuals that share a similar interest in preserving our American tradition of FREEDOM.
- We promote motorcycle safety, training, and political awareness.
- We fund our work by holding a series of annual events at different locations within our service area and other motorcycle activities.
- We are your neighbors and friends who work, pay taxes, and get involved with our community.
- We serve and support our country and believe in freedom.
- We use all legal means to protect our rights without infringing on the rights of others.
- ABATE of Florida, Inc. is incorporated under the laws of Florida as a motorcycle rights organization or MRO. We are currently the only political MRO in Florida representing the interest of its members and the motorcycling public at-large.
- WE ARE NOT A CLUB OR A GANG.

ABATE is open to all individuals age 18 and older interested in motorcycle rights, safety or education. It doesn't matter what you ride or even if you ride. Everyone is welcome to join ABATE of Florida, Inc., which ensures YOUR opinion and views on motorcycle laws will be heard.

There are no requirements to join us and we respect and welcome all motorcycle clubs or any other motorcycle associations or organizations. We do not have any mandatory meetings or rides.

Paid Membership Includes:

- ABATE Voting Privileges
- Free \$4,000 Accidental Death or Dismemberment Insurance Policy from the American Income Life Insurance Company. As long as your membership is current, you are covered.
- Free classified advertising in the Southeast Chapter and State ABATE newsletters.
- Motorcycle Safety and Educational Updates.
- A full-time ABATE of Florida, Inc. Lobbyist who fights for your rights at the state and national levels.

ABATE OF FLORIDA, INC. DOES NOT CONDONE DRINKING AND RIDING. DONATIONS TO ABATE OF FLORIDA, INC. ARE NOT DEDUCTIBLE FOR FEDERAL INCOME TAX PURPOSES. Some of ABATE of Florida, Inc.'s Accomplishments

- On July 1, 2000, we had the 30 year old Florida Helmet law repealed; July 1, 2020 was our 20th Anniversary of Freedom of Choice.
- We've become the 4th largest State Motorcycle Rights Organization (MRO) in the country (IN & IL are 1&2, we regularly switch for 3rd & 4th with PA).
- We got the handlebar heights law modified.
- We successfully fought a bill that would forbid our children from riding on our bikes.
- We successfully fought the bill that would confiscate motorcycles for going 30MPH over the speed limit.
- We developed an effective MSAP program that has raised motorist's perceptions and awareness of motorcycles, and have received funding from the State of FL totaling over \$750,000 to promote motorcycle safety and awareness.
- We successfully fought the bill against vertical tags that had over \$1,100 in fines for a first offense.
- Supported and fought for a texting-while-driving ban for the last few years.
- Our 2009-2010 Stiffer Penalties Bill made it through five of the FL House & Senate's committees; this is the farthest it has gone in the number of years we have tried. On the last day of session, a committee member strenuously attempted to attach a revival of the helmet law to our Bill. To avoid a new helmet law in Florida, we had to kill the Bill.
- We publish monthly Press Releases and/or Articles of Interest in many online & print publications, including Florida Full Throttle.
- The President of ABATE of Florida, Inc. has been asked to be on and currently sits as a member of The Motorcyclist Advisory Council (MAC) to the Federal Highway Administration in Washington, D.C. The Secretary of the U.S. Dept. of Transportation may appoint a representative from only two State MROs throughout the entire U.S.A. to be on this council.
- The President of ABATE of Florida, Inc. sits as the Chairman of the Board of Directors of the National Collation of Motorcyclists (NCOM). NCOM has over 1000 member organizations.

From Your President
THROW BACK ARTICLE From 2011
WHEN I WAS ABATE SE PRESIDENT

Well, I have some good news. The drunk driver [in a cage] that killed 4 motorcyclists in Sumter County, Florida was found guilty of four counts of DUI Manslaughter and one count of driving on a Suspended driver's license. He will never get out of prison as long as he lives. The Judge gave him four life sentences. And ABATE Of Florida Members from around the state were at every court hearing from beginning to end. They were there to offer support to the victims' families and help get them some justice. The court recognized our "ABATE" presence in the court room and had to ask the jurors if they were members of ABATE and none were. I hope the courts will start to realize that motorcycles are a green way of getting around and with gas prices off the chain, there is going to be more and more of us on the roads. Anyway, there are no winners in this one, just five families hurting.

ABATE of Florida, Inc is the largest motorcyclist rights organization in Florida. We have 33 chapters across the state and our own lobbyist. Our mission is to educate the public about motorcycle awareness and safety, and to cover our backs in Tallahassee. That's why I am always saying... ANYONE WHO RIDES, SHOULD BE A MEMBER OF ABATE! Remember for every Abate member we have the politicians look at it as 5 possible votes, because we have at least 4 friends who think like us. This will give our lobbyist more power to protect our rights. Come and join the ranks of those who care to be involved! Times are tough and life is short, so be safe and be strong.

GAS PUMP RESPECT

As Bikers, for us it's all about Respect. Everyone wants to be respected and as we all should know that to get respect, first you have to give respect. It starts with the simplest of things. When you're in a hurry there's nothing more frustrating than pulling into a fuel station and all the pumps have cars parked in front of them. Then you realize that most of them have left their car at the pump and have gone inside to get a soda or a quick snack and left their car at the pump blocking everyone else from being able to fuel up. Don't be that a**hole. After you fuel up and if you

need to go inside the store, move your vehicle first! Don't make everyone else have to wait on you. This is especially true when you're running deep with several bikes, fuel up and move. Remember, Show some Respect.

Your VP,
Troy

**Southeast Chapter Meeting Minutes
Held at American Legion Post 142
171 SW 2nd St
Pompano Beach Fl, 33060
July 17, 2022**

Mike “Bubba” Travis called the meeting to order at 10:00 a.m., and there were 27 members present. This was followed by the Pledge of Allegiance, led by Bubba, and a prayer by our Assistant Chaplain, Barry “Bear” Crown.

**PRESIDENT'S REPORT –
JOHNNY ROSE:**

Johnny thanked everyone for coming. He let all know that Gabe, our Events Coordinator, was on the Hoka Hey Ride and is somewhere in Connecticut. He let all know that Flossie’s is closing. Flossie’s is an iconic bar & grill, amazing place, full of tradition in the community, sad to see it go.

**VICE PRESIDENT'S REPORT –
TROY WAUGH:**

Troy welcomed all. “Respect: Give it...get it.” This includes at gas stations, no matter the vehicle you’re driving. If you are paying at the pump, once done filling your vehicle, move to a parking spot if you wish to go in and purchase anything. This way others can get in and get gas and get on with their day, especially at

a busy station.

**SECRETARY'S REPORT –
HOLLIE “DREAMER” SADOFF:**

Motion to approve minutes as printed in the newsletter, motioned, seconded, approved.

**TREASURER'S REPORT –
SHEILA ROSE:**

Sheila read the Treasurer’s Report for the checking and savings account, motioned, seconded, approved.

**SERGEANT AT ARMS REPORT –
MIKE “BUBBA” TRAVIS:**

Mike spoke of a planned trailer clean-up, after the September 18th Chapter meeting, he will bring out trailer to his home, and all who want to volunteer to help clean it out, will be fed a delicious BBQ afterwards. This is not a free-for-all BBQ, only for those volunteering and helping with the trailer. The trailer will be completely emptied, cleaned, and then re-packed. School is out for the year, but there are still activities with summer school and athletics practices. Please be extra cautious and aware around schools. Represent - When wearing anything with ABATE on it, you are representing ABATE, please keep that in mind and act accordingly.

ROAD CAPTAIN'S REPORT –

TROY WAUGH:

We all used to know all our friends and family's phone numbers or carried a little phone book, but now that we all have cell phones, we don't remember them. Try and remember a few important friends and family phone numbers, in case you lose your phone.

SAFETY DIRECTOR'S REPORT –

JON "WAVY" VIGER:

Wavy talked about the upcoming South Florida Tattoo Expo, where we will have a Safety Booth. Wavy and Teddy Bear will be at the booth the whole weekend, and we got a few other passes, and Wavy has picked his volunteers that will get those passes, those who have helped in the past, at his Safety Booths throughout the year. The regular rate to get in is between \$20-\$25 per day, so a good price anyway, and goes to help the kids at Joe DiMaggio's Children's Hospital. If you want to help, please reach out to Wavy. Wavy and Johnny are going to a meeting at the Coral Springs Marriott the week before the Expo, so they will have more information then. Wavy will have a Safety Booth at Alligator Alley Harley Davidson on August 6, 2022. When riding in a group, always follow the Road Captain, even if you think he made a wrong turn. This is especially true when getting to the destination and parking, stay together. This helps when going from one place to another, and makes it less confusing, and safer, for any other groups that may come behind yours. When coming to an intersection, and you are behind a car, especially if you are in the right lane, move to the right side of that lane, to become more visible for a car that might be crossing that intersection. This can help avoid an accident and even save your life.

STATE REPRESENTATIVE'S REPORT-

TROY WAUGH & JOHNNY ROSE:

SAFETY DIRECTOR

Good day,

I would like to remind everyone to remember to stay hydrated as this seems to be a hotter season than most. Just as a reminder. Try not to be distracted when riding with your radio, GPS or your phone. It is no different than in your cage. All it takes is a second and BAD happens. I have noticed lots of motorcyclists playing with their radio and phones while riding. Have even seen some texting. Use common sense. As motorcyclists we tend to think it's always the cage's fault for being careless. Pay attention to your surroundings, not your phone or radio. On a brighter note, please ride safe and enjoy the ride Oh, almost forgot, its rainy season and you need to be extra careful. The roads are slippery and watch for large puddles which can cause hydroplaning. Most of you know that but could use a reminder.

FROM YOU ROAD CAPTAIN

STOPPING DISTANCE

All motorcyclists should distinguish that the road is not a racetrack. On a motorcycle, you may think that performance is what it's all about but did you know almost one quarter of all motorcycle fatalities in Florida involve speeding? Give yourself time to react to whatever comes your way, slow down. Speed matters, your decision to speed could be the difference between life and death. Riding the speed limit may allow other drivers to help gauge your speed and distance properly. By giving them a chance to see you might mean the difference of giving yourself a chance to ride another day. Racetracks are designed for races and surprisingly also for crashes. Public streets are not designed for speed for on the road there are so many obstacles to hit such as cars, trees, barriers, curbs and more. Remember, the road is not your racetrack. Speed, which effects stopping distance, is a critical factor in all road crashes and fatalities. Just riding a motorcycle is unpredictable enough and if something unexpected happens on the road ahead, it's your speed that will determine whether you can stop in time. Become aware of the distances needed to brake at certain speeds. Are you familiar with the distances needed to brake at certain speeds?

Troy

BACK TO SCHOOL?

Can you believe it's August? For South Floridians, this means sunny, high temperatures, afternoon rain showers, and maybe a few hurricane watches.

But August also means school zones and crossing guards as kid's head back to class.

Remember when you were in high school, and all you could think about was getting out from under teachers, homework, and grades? Now, we wish we could go back and live that kind of carefree life!

While our classmates are just a memory in a yearbook on the shelf, we still need to keep studying. By that, I mean becoming a student of the word. We never graduate from learning more about God, and the way to do that is by participating in some sort of personal Bible Study.

I found one that I absolutely love and wanted to share the information with you.. It's self-paced and easy, and there's also an app to help keep you on track. And you can go as fast or slow as you want. I like to take my time and dig in as I read, so I don't follow the Bible Recap schedule of reading three chapters a day; three chapters a week is my preferred pace.

The first thing you'll need is a good study bible. I highly recommend the ESV (English

Standard Version) Study Bible. You can get the exact size, cover, and font to suit you on smile.amazon.com. By logging in there, you can choose a charity to support, and of course, you'll want to choose 'Abate of Florida Safety and Education Inc.' Amazon then donates 5% of your qualifying purchases to Abate!

If you prefer a Bible app on your phone, get the YouVersion app, where you can choose a version of the Bible to read, such as the ESV I mentioned above. This app coincides with the Bible study I use called The Bible Recap. After you download the app, open it and find the 'Discover' tab at the bottom. Open that and click the 'Plans' tab. When that opens, click the 'Search' icon and type in, Bible Recap'. Then click on 'The Bible Recap' and go from there.

The Bible Recap has been created to help regular people like us understand what we have read in the Bible. To find this, go to www.thebible Recap.com, where you'll see a cover page. Click the 'Start' box and read the introduction, which explains everything you need to know and explain how to dive in. There is a Bible Recap app for your phone, which makes Bible study even easier. You can also set up notifications as reminders. I personally use the app 'Podbean' and chose to 'follow' The Bible Recap. If you use Spotify, the Bible Recap can also be found there. And as I said above, I go at a much slower pace.

Continued from page 20

Another valuable resource is the Bible Project. (www.bibleproject.com) I recommend logging in or getting the phone app any time you are starting to read a new book in the Bible. For instance, if you were starting at Genesis, log in to the Bible Project, go to 'Watch,' 'Book

Overviews,' then look for 'Genesis' and watch the overview. The drawings are fascinating! Anytime you want to further investigate a subject, you probably can find it there. This is an incredible resource!

I also keep a small notebook handy for jotting down personal thoughts, prayers, and take-aways from what I've learned. If this is too confusing for you and you need help getting started, or prefer all of these resources in your hand instead of online, email me for help. My email is listed along with all of the ABATE SE officers near the front of this magazine.

Anytime is a good time to start your Bible Study journey. This book is full of interesting characters, wisdom for daily living, and an invaluable instruction manual for life. Don't wait until January, when everyone is making New Year's resolutions they can't keep. Instead, start now; it's time to go back to school!

ABATE SOUTHEAST CHAPTER SPONSORSHIP PROGRAM

we are bringing back our old Sponsorship Program. This was an idea to help raise money for our Chapter, and also to recognize those brothers and sisters who provide extra monetary support, to promote the Chapter's mission. Members, or other individuals, who provide a donation to the Chapter, will have name recognition in our Monthly Newsletter and on the Chapter's website, for one year. The categories are: Platinum Donor \$125+; Diamond Donor \$100-\$124, Gold Donor \$75-\$99, Silver Donor \$50-\$74, and Bronze Donor \$25-\$49.

Approximately 40% of our members are Life Members, which means they do not pay annual dues, so they do not financially support the Chapter through dues. They do buy products, pay to attend events, post ads in our Newsletter, and make monetary donations, but they have no obligation to do so. This is another opportunity for them to contribute, if they wish, but anyone can do this.

This is an opportunity for all Southeast Chapter brothers and sister to become ABATE Southeast Chapter Sponsors. Platinum Donors also get to select a page in our Newsletter, to sponsor, where you name will be listed in a banner at the top of the chosen page, and first come, first serve.

I want to sponsor ABATE Southeast Chapter with the following donation (not tax-deductible). Check one:

- () Platinum Donor \$125+ () Diamond Donor \$100-\$124
- () Gold Donor \$75-\$99 () Silver Donor \$50-\$74
- () Bronze Donor \$25-\$49

**Educate, don't legislate
stuff we thought you might like to
know*

-by: Sheila, Sandy, Little Bit, & Thunder

We were sitting around, talking about how sad it is, that Flossie's Bar & Grill is closing. It feels like losing a friend. For those of you who don't know, Flossie's has been a favorite hang-out of the biker community. We have a few hang-outs, each unique in its own way. We started talking about other favorite places of ours that have closed. It's really just part of life, not the best part of life, but these closings give us pause, to stop and think, and talk, about those places, remembering good times, and how the little time we had there, changed our lives, in big and small ways.

Come with us, as we take a little walk down memory lane, some our own, some shared from friends, and we know there are so many others, that are personal and special to each of you.

Flossie's Bar & Grill, Dania Beach, FL 1975-2022

Much love to Pam and all her staff, now and over the years, and to the people, brothers and sisters, who spent many happy times there. The atmosphere was amazing, inside and out, friendly and fun. The food was so good which wasn't the main draw, but they made really good food, not gourmet, just really good. Inside, you could play pool, shoot darts, talk with friends, just relax. And outside, at the Tiki Bar, many times with live music, we couldn't help but feel at peace. We all had quite a few "girls' days" when we were out doing some ABATE errands, and would stop by for lunch, so fun, makes me laugh about it, just typing this. Sheila and Thunder have even brought their grandkids here, never a bad time. No matter who you were, where you were from, what your life was like, you always felt welcome, treated like family. Everyone we know, said the same. Most people left there feeling better than when they arrived. A great big hug and thanks to Pam and all her staff.

Cycle Lab, Fort Lauderdale, FL 1987-2016

This place, on 441, seemed to have everything you needed for your Harley Davidson. They also had great mechanics to work on your bike, if you weren't a do-it-yourself kind of person. They also had, in the front of the store, some clothing and other cool stuff for sale. We all loved their swap shops, that they occasionally had. It was hard to come here and not buy something. And yeah, remember their calendars? Great Christmas gift for your man. Sheila, when she first started riding, was one of those "do-it-yourself" kind of person (of course with help from her friends), and she loves to tell the story of how she went there, one afternoon, to try and see what she could do about her gas leaking out, sometimes even pouring out of her bike. It turned out that she had a broken pet cock but didn't know. She tells us that she went in there and was talking to one of the guys working there, maybe KC, and explaining what was going on, and he was telling her what it might be, just educated guess, and Sheila said "are you sure?" and he said, "pretty sure, I've been doing this all my life", so it was funny, and he was kind, not making her feel like an idiot. She used to love going there, just sitting on one of the stools, waiting her turn, listening to the conversations between the customers, staff, mechanics. Everyone was always willing to help each other, giving advice, sharing, even with some newbie girl. It was such a welcoming place; we were sad to see it close.

Shelby & Ira's Tavern, Hollywood, FL

Just a good biker bar, windows painted black so no one on the outside could snoop, they had to come inside, and then, see all the fun. They had great bands that played there, some good old biker contests, like wet T-shirt contests. Many of our friends still talk about the good times there, how they miss it.

Tobacco Road, Miami, FL 1912-2014

Miami's Oldest Bar, over 100 years, and has survived several Miami land booms, Al Capone, Prohibition, the Great Depression, the country at War, deadly hurricanes, Mariel Boatlift, race-riots, cocaine cowboys, and the rise and fall and rise of South Beach. The Road had been a speakeasy, gambling den, gay bar, strip joint and blues bar. The two-story structure remained virtually unchanged since its inception in the early 1900s. And while ownership changed, the primary purpose of the establishment – a neighborhood watering hole always remained the same. Sheila, being from Miami, spent many a wonderful evening, into the early morning there. They had this great upstairs lounge, where she saw most of the bands. She often went for lunch too, as they had good food, and it was a cozy place in the afternoons. They had a lot of good bands, a lot of blues, and good parties. They were a champion to Miami's local music scene with live music seven nights a week.

Ernie's Bar-B-Q, Fort Lauderdale, FL 1957-2017

Ernie's was near Port Everglades on Federal Highway. Among other things, they served a delicious barbecue pork on Bimini Bread and conch chowder. It had a cool rooftop patio with live music. It was a fun place to watch football too. You can still get their delicious food at the Floridian Restaurant but can't get the Ernie's atmosphere.

R Donuts, Fort Lauderdale, FL 1985-1990

None of us four ever went here, but a few of our men have, ha ha ha, and it's just a cool story. R Donuts opened in November of 1985 in a converted Burger King on US 1 in Ft Lauderdale and was Florida's first topless doughnut shop. Protesters marched and threw bricks through the windows. R Donuts closed in 1990 shortly after the owner died of a heart attack after joining his waitresses delivering doughnuts to sailors on nearby anchored yachts in the Whitbread Round the World Race

Hollywood Sportatorium, Pembroke Pines, FL 1969-

1988

This was located right next to the Miami-Hollywood Motorsports Park, also now gone. It looked like a hangar. It sure was not fancy, infamous for a leaky roof, and traffic was crazy getting out after a concert, but it did have a roof, best thing going at the time. The best parties were in the parking lot, ha ha! When the Miami Arena opened in 1988, a much better venue, that really was the end. From Led Zeppelin, Alice Cooper, and Pink Floyd, to name a few in the 1970's, to Aerosmith, Ted Nugent, and the Grateful Dead in the 1980's, so MANY great bands. We sure do miss those days, not necessarily at the Sportatorium, but in general, when you could go see a good band, at a great price, with your friends.

Closing on the Sportatorium, we do have to say that we still do this, go see good bands, at good prices, with good friends, at our local bars, like Mickey's Tiki, and others. That's why it's even sadder to say good-bye to Flossie's, the great music!!

We want to end with a quote from this really good book, A Tender Bar, by J.R. Moehringer..."History is the narrative of people searching for a place to go".

Till next time.....and hope to see you then.

JOHNNY'S RANT

I'm riding down the road on my bike. It's drizzling and really steamy out. I was just thinking to myself is the rain evaporating before it even hits the freaking ground or what? You know this has to be the hottest summer that I can ever remember here.

Anyway, there's two cars out in front of me, one in the left lane and one in the right lane. The car in the right lane hits a giant puddle and sprays over so hard that both cars swerve. They managed to pull it off without crashing in front of me. I don't even wanna think about it. I'm just glad I backed off when I saw what was gonna happen. But what if I was next to that car? Or in the right lane and hit that puddle? A puddle takes you out in a heartbeat. So, watch out for puddles in the rain. And be safe. Remember in the rainy season down here, it could be raining in the front yard and sunny in the backyard. So, my suggestion is during the rainy season, be prepared and don't forget your rain gear. I always bring a zip lock bag with me to put my wallet and important papers in, and stuff it in my vest pocket.

With all that being said, it's also important to go out and support your clubs and organizations. All their annuals and parties are in our newsletter. And if the weather's really bad, take a cage and drive there. OK now I'm really feeling old. I wouldn't even think of that when I was a young man. I used to say, if you're gonna ride in Florida, you're gonna get wet. Damn, I'm feeling old. I guess it's a good thing I refuse to grow up. Responsible, yes, but that's it, LOL. Anyway, even if you do take a cage, everyone would still be glad that you showed up to support them. OK now on a sad note, we lost Flossie's Bar which was an icon in Broward County.

It seems, rumor has it, that the powers that be decided it would be better to have a big fancy yacht club there instead of a biker hangout. I'm really bummed out about that. I used to hang out there in the late 70's on my little Kawi 500 triple two-stroke. Heck in the late 90's, my band used to play there. We were called the Three Legged Dog Band. I have a lot of good memories from Flossie's. I'm sure gonna miss that place. But it's a good thing we still have Mickey's Tiki, Cafe 27, and Cagney's. And, oh yeah, when my band changed their name to Broke Down, we used to play in all those bars too. WOW!

You know if it wasn't for my music, I would have never met Chuck and all the ABATE members That I looked up to and love. Back in the day, we used to play all the ABATE parties. We also used to have three-day camp out parties at Ives Dairy Park. We would put up a sound system on the stage and a back line for the bands. We would play there Saturday, Sunday, and Monday. Those were the best parties I ever been to. What happens at an ABATE party, stays at an ABATE party. That's another story guys, be safe!

So, live your life to the fullest, don't waste a minute of it, ride safe and ride free!!! Love, loyalty, and respect to you all!!!

Peace,
Johnny Rose

NCOM CONVENTION ROCKS NASHVILLE

Hundreds of bikers' rights activists from across America rumbled into 'Music City USA' to rock the country capital with the sounds of motorcycles and two-wheel politics, as the National Coalition of Motorcyclists hosted their 37th annual NCOM Convention, June 17-19 in Nashville, Tennessee!

Rising to the call for action on numerous topics of concern to all riders, concerned advocates from the ranks of Motorcycle Rights Organizations (MROs), clubs (Confederations of Clubs) and independent riders gathered to learn and share for the betterment of biking.

Agenda items dealt with legal and legislative issues, with special emphasis on telematics and the electrification of the vehicle fleet, protecting your digital data, and your personal Privacy.

Special Meetings were conducted for Women in Motorcycling, a Clean & Sober Roundtable, an AIM Attorney Conference, as well as the Christian Unity Conference and Confederation of Clubs Patch Holders Meeting.

NCOM board member Ed Schetter, a veteran of the auto industry and Executive Director of ABATE of Ohio, presented a "We Just Want Our Place on the Road and Safe Fuel" seminar detailing the impending advance of driverless cars and imminent demise (?) of internal combustion engines (ICE), relating the impact on the motorcycling community and our lifestyle.

Medical trainer EMT Dick "Slider" Gilmore expanded his

First Responder and Golden Hour repertoire to include a new "Save A Biker's Life" presentation focusing not only on the health implications of diabetes in general, but also on special considerations specifically for riders, and was well attended and informative as always.

Slider's blood- and Sons of Silence M/C club-brother "Chopper" Gilmore was later honored during the Silver Spoke Awards Banquet with the Christian Unity award for his ministerial work. Other Silver Spoke Award recipients were: singer/songwriter David Allen Coe for Entertainment; Tommy Simpson of the Outlaws M/C and CMT/ABATE of Tennessee receiving the Freedom Fighter award; and NCOM's highest honor, the Ron Roloff Lifetime Achievement Award was presented to Florida AIM Attorney Jerry "T" Theophilopoulos largely for his legal work with the clubs, COCs and ABATE of Florida.

Following the feast and festivities, and a lively auction to benefit the 'Freedom Fund,' NCOM Board Chairman James "Doc" Reichenbach, President of ABATE of Florida, adjourned the 2022 NCOM Convention with the announcement that next year's Convention is scheduled for Father's Day weekend, June 16-18, 2023 in Phoenix, Arizona, so check back at www.ON-A-BIKE.com for further details as they are announced.

WELCOME TO NCOM – United we Ride, Divided we Drive!

The National Coalition of Motorcyclists (NCOM) proudly welcomes the following motorcycle organizations approved by the NCOM Board of Directors 07/17/22 at the NCOM Convention in Nashville as our newest NCOM Member Groups, joining in unity with over 2,000 other motorcycle rights organizations, rider groups, clubs and associations from nearly every state and Canadian Province:

- ~ Bikers Rights Organization (CA)
- ~ ABATE of Florida Safety & Education Inc.
- ~ Wyoming Confederation of Clubs

NCOM serves as a nationwide umbrella organization that provides legislative assistance, information network and legal resources; and also reaches out to various segments of the motorcycle community such as Christian Motorcycling, women riders, sportbikers, independent motorcycle shops, touring associations, clean & sober groups, and veterans – helping to form coalitions and foster cooperation between all

ABATE OF FLORIDA, INC - SOUTHEAST CHAPTER

segments of motorcycle riders.

Also, the NCOM Board of Directors wishes to welcome Robert Petty of the Modified Motorcycle Association (MMA) of California and BRO, as co-director of NCOM Region I: (AK, CA, HI, ID, OR & WA).

NCOM also mourns the recent passing of former board member Ollie "Laddie" Elkins, past ABATE of Louisiana State President.

FUEL TRANSPARENCY

Responding to a Biden Administration announcement that the EPA (Environmental Protection Agency) would temporarily lift summer restrictions on the sale of E15 gasoline to the public, fuel containing 15% ethanol, U.S. Representatives Austin Scott (R-GA) and Rep. Lois Frankel (D-FL) introduced the Consumer Protection and Fuel Transparency Act of 2022 (H.R. 7731).

Many consumers, specifically owners of motorcycles, ATVs and other small engine machines, are not aware that higher blends of ethanol can damage their engines and even void manufacturer's warranties, so H.R. 7731 would require more detailed labeling of gas pumps to warn about the harmful impacts of misfueling.

Concerned riders are urged to contact their Congressional Representative by calling the U.S. Capital Switchboard at (202) 224-3121 and ask for their support and to cosponsor H.R. 7731.

TENNESSEE WAIVES REGISTRATION FEES FOR ONE YEAR

If you own a motorcycle in Tennessee, or personal automobile, you should be aware of a new moratorium on state vehicle registration fees that the governor has signed into law. It affects motor vehicle renewals that are currently scheduled to take place between July 1, 2022, and June 30, 2023, so for an entire year Tennesseans have a moratorium on motorcycle and personal motor vehicle registration fees to the state (not any others).

It's part of Senate Bill 2491, which Governor Bill Lee officially signed into law on June 3, 2022, and the whole thing is a larger budget appropriations bill, but it includes what could

be a helpful provision for a lot of road users tucked inside it, by putting some money back into the pockets of most vehicle owners.

The waived fees will be for Class-A vehicles, which include motorcycles, and Class-B vehicles, which include passenger motor vehicles and motor homes, but not for commercial vehicles or electrics.

IOWA ATV RIDERS NOW HAVE GREATER ACCESS TO STATE ROADS

Iowa recently changed their state's laws that previously restricted the use of some powersports vehicles on state roads, and as of July 1, 2022, ATV and UTV riders in Iowa now enjoy greater use and access for their rides throughout the Hawkeye State.

The new law was the result of a 2020 survey completed by ATV and UTV owners, asking them which Iowa laws restricting off-road riding that they wanted to see changed. Riders wanted to be able to ride on more county and state roadways in order to connect trailheads, and they wanted the opportunity to ride in all 99 Iowa counties.

These changes don't give off-roaders unfettered use of the roadways, however, as vehicles are limited to 35 mph, must behave like other traffic, have operational headlights, taillights and brake lights, a horn, and rearview mirrors, and operators must be 18 or older and possess a valid license and insurance

Riders also must take the most direct route to and from ATV parks and their home, with limited access to state two-lane and county highways day or night, but are still not allowed on state four-lane or interstate highways.

NEW YORK GETS TOUGH ON NON-LEGAL ROAD BIKES

New York City officials bulldozed nearly a thousand non-road-legal motorcycles, dirt bikes and ATVs confiscated by the NYPD, as the city and police force sought to remind citizens of the importance of abiding by the law.

Over 900 bikes and ATVs were crushed and flattened during a public bulldozing demonstration, making the statement that the seizure of unlawfully operated bikes on the street is "part of a public safety push by new NYC Mayor Eric Adams..."

"noting that [illegal motorcycles, dirt bikes and ATVs] are not only a nuisance and an annoyance to us, but they are extremely dangerous..."

The push to take action follows undeniable statistics; apparently over 2000 vehicles have been seized in 2022, making up a nearly 80% increase in seizures compared to the number of bikes taken by the law in 2021.

"We see them all the time, we hear them all the time at night. We see the large numbers that are moving throughout our streets, and we want to be clear that this is not acceptable," admonishes Mayor Adams, explaining that the reason for choosing destruction over sourcing or selling the machines "...because it keeps them off the street permanently."

NO MORE LICENSES REQUIRED FOR THREE-WHEELERS IN UTAH

The transportation and technology communities have been talking about autocycles for a few years now, with several states attempting to classify the strange new three-wheel vehicles that are not quite car but not a motorcycle, creating difficulties for riders and confusion at license bureaus.

Following much lobbying by autocycle manufacturers such as Polaris, many states no longer require operators to acquire a motorcycle endorsement on their license, such as in Utah, but like others their state defined an autocycle as having "a steering wheel."

That's about to change with House Bill 391, which Governor Spencer Cox signed into law, tweaking the definition of an autocycle just enough that Utahns won't need a motorcycle license at all to drive an "autocycle," steering wheel or not.

Rep. (Kay) Christofferson (R-Lehi), co-sponsor of HB391, explained that all the bill does is adjust the state's definition of an autocycle from having "a steering wheel" to a "steering mechanism" and tacks on a provision regarding seat belts. So, the state's new definition says an autocycle is a vehicle "designed to travel with three or fewer wheels in contact with the ground; and is equipped with a steering mechanism, seat belts and seating that does not require the operator to straddle or sit astride the motor."

But that small amendment to the law is all that was needed to make some autocycles (with handlebars) more accessible to Utah riders without a special permit. Proponents also point out that because of autonomous vehicles, steering wheels are becoming obsolete, so passing HB 391 puts Utah ahead of the curve.

INTERNATIONAL MOTORCYCLE SHOWS (IMS) CIRCUIT CANCELLED

The COVID-19 health crisis has taken a toll on motorcycle manufacturers and dealerships, as well as riders themselves, but with all of the social distancing, masking, and vaccine mandates that events like the International Motorcycle Shows (IMS) has had to continually adapt to over the past two years, the 2022 IMS Outdoors powersports show tour has been canceled.

The original 2022 schedule was set to kick off in Colorado in June, with stops in Chicago, New York, Atlanta, Southern California, and elsewhere, but IMS officials cited in a press release the way "brands promote their products amidst the continued manufacturing and sourcing delays associated with the pandemic" as the main driver of the cancellation.

According to IMS, that shifting landscape doesn't allow the organizers to deliver an experience that meets its expectations.
