Some of ABATE of Florida, Inc.'s Accomplishments

- On July 1, 2000, we had the 30 year old Florida Helmet law repealed; July 1, 2010 was our 10th Anniversary of Freedom of Choice.
- We've become the 4th largest State Motorcycle Rights Organization (MRO) in the country (IN & IL are 1&2, we regularly switch for 3rd & 4th with PA).
- We got the handlebar heights law modified.
- We successfully fought a bill that would forbid our children from riding on our bikes.
- We successfully fought the bill that would confiscate motorcycles for going 30MPH over the speed limit.
- We developed an effective MSAP program that has raised motorist's perceptions and awareness of motorcycles, and have received funding from the State of FL totaling over \$750,000 to promote motorcycle safety and awareness.
- We successfully fought the bill against vertical tags that had over \$1,100 in fines for a first offense.
- Supported and fought for a texting-while-driving ban for the last few years.
- Our 2009-2010 Stiffer Penalties Bill made it through five of the FL House & Senate's committees; this is the farthest it has gone in the number of years we have tried. On the last day of session, a committee member strenuously attempted to attach a revival of the helmet law to our Bill. To avoid a new helmet law in Florida, we had to kill the Bill.
- We publish monthly Press Releases and/or Articles of Interest in many online & print publications, including Florida Full Throttle.
- The President of ABATE of Florida, Inc. has been asked to be on and currently sits as a member of The Motorcyclist Advisory Council (MAC) to the Federal Highway Administration in Washington, D.C. The Secretary of the U.S. Dept. of Transportation may appoint a representative from only two State MROs throughout the entire U.S.A. to be on this council.
- The President of ABATE of Florida, Inc. sits as the Chairman of the Board of Directors of the National Collation of Motorcyclists (NCOM). NCOM has over 1000 member organizations.

From Your President

I hope everybody had a great holiday, a Merry Christmas and a happy Hanukkah!!!

We had our 32nd Annual South Florida Presidents Council Toys in the Sun Run in a new location for the first time. I want to do a big shout out to the City of Pompano Beach and to the Broward Sheriffs, who showed up with a truck load of toys, and were so cool the whole day. The event was flawless and there were no problems. I have big respect for Joey and Lisa and the Wings of Gold. I never realized how much work they had to do to pull off one of these events. And a special thanks to the South Florida Presidents Council. We all worked together like a well-oiled machine. If you didn't go, you totally missed out. The bands kicked butt all day and the vendor food was delicious. The main thing is, it was all for the kids. I'll tell you what, all I can say is this is going to grow bigger and bigger in the next few years and I am so happy and proud to be part of it. ABATE Southeast Chapter rocks!! Thank you to all the members who helped at our Safety and Awareness booth. I am giving a very special thanks to our Vice President, Wavy. He worked out there on Wednesday, Thursday, Friday, and Saturday morning helping get things set up. You rock, dude!

The next big thing coming up is the Dania Beach Vintage Motorcycle Show on January 25th at Frost Park. We are one of the sponsors this year. The proceeds from the Show benefit K9s for Warriors, Southeastern Guide Dogs, and Dania Beach Lions Club. It's one of my most favorite events of the year. I get to see all the little bikes I used to have when I was a kid growing up. I mean, they have old motorcycles with external valves and foot pedal starts. Now I know why they call motorcycles "bikes", hahaha. I'm telling you, they have all makes and all models and all years. It's unbelievable! You get to meet a lot of people from all over the state of Florida that share your love and passion for motorcycles. This is all possible because Clive Taylor's and Claire Frost's love of motorcycles. Thank you, guys, for putting on this event. I can't wait to go it! For more info, go to www.daniabeachvintagebikeshow.com.

Don't forget we have our 40th Semi-Annual Party at American Legion Post 180 on January 19th in Plantation. I hope to see everyone there. We need all your support so we can keep our newsletter going. That is pretty much one of the most important things we do for the community, so we can keep everyone informed on what's going on.

That's pretty much all I have for now, so I'm going to end the President's article by wishing everybody health, wealth, and happiness for 2020, and most of all, be safe riding, with the shiny side up and the rubber side down.

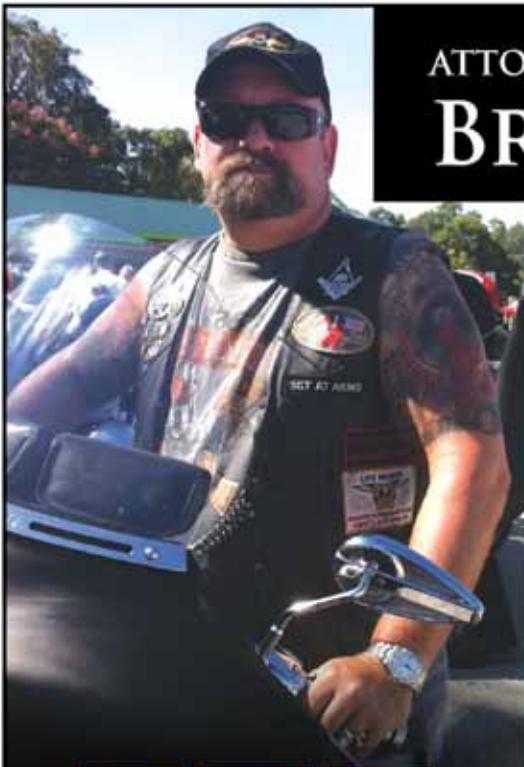

And to the younger people out there, you have the chance to inherit an organization that stands up and fights for biker rights and safety. Help us make a difference, now, and for the future!

ANYONE WHO RIDES SHOULD BE A MEMBER OF ABATE!!!!

God bless America!!!!

Peace,
Johnny Rose

Southeast Chapter Meeting Minutes
Held at the AMERICAN LEGION POST 142
171 SW 2nd Street, Pompano Beach, FL
December 15, 2019

Johnny Rose called the meeting to order at 10:05 AM. There were 27 members present. The meeting was called to order followed by the Pledge of Allegiance and prayer by Bear.

President's Report:

Johnny thanked everyone for all their help at the Toys in the Sun Run on Dec. 7th, at Pompano Amphitheatre. He mentioned that we also got 10 new members. He also mentioned he attended the State Meeting in Ocala, with Zack & Angelo.

Vice-President's Report:

Wavy spoke on the December 7th Toys in the Sun Run and he said Hats Off to the Wings of Gold MC. He spent a lot of time with Joey helping set up everything for the Toys in the Sun Run. The Broward Sheriff's Office donated their time and toys, so a big thank you goes out to them. He then spoke on the January Dania Beach Vintage Motorcycle Show that we are involved with and sponsoring. We need people to help at this Dania event. He spoke about our Semi-Annual January 19th. He also reminded everyone that ABATE is a business, as our State President reminds us. So, if the Board makes a decision and you don't agree, it was done for the benefit of ABATE. We moved our January Meeting to January 12th because of the Semi-Annual. Wavy will be at Peterson's Harley Davidson with a Safety booth set up on December 21st, so please come out and show support.

Secretary's Report:

A motion was made to accept the minutes as printed. Seconded, no discussion, all in favor; Motion was passed.

Treasurer's Report:

Sheila read the Financial Report. A motion was made to accept the Financial Report, seconded, all were in favor, Motion was passed.

Sergeant at Arms Report:

Nighthawk thanked everyone for their help at the Toys in the Sun Run on December 7th. He also spoke about the Semi-Annual.

Road Captain's Report:

Troy spoke about being extra careful as all the snow birds are back. Suzanne mentioned to pay attention to your surroundings and always be vigilant.

Safety Director's Report:

Wavy spoke on being careful at the Malls & gas stations when using your credit cards. There was discussion about police officers stopping your car and searching it. Brad clarified the officer's right to, and not to, search. Bottom line is TRY and be nice when speaking to a cop, bite your lip but be nice, it works a lot better that way. Remember it's his word against yours on the police report!

Products Report:

Laurel (Little Bit) reported we have the Challenge coins available for sale after the meeting.

Events Coordinator:

Gabe was not present, so Johnny spoke that our January Event is locked in for American Legion Post 180. Hired Guns will be the band. He also spoke about the Dania Beach Vintage Motorcycle Show & Swap Meet and that we have a good spot this year. Also, they need volunteers for parking for the event.

State Representative Report:

Zach gave his report. There was no Master Link last month because the files were corrupted! Zach spoke on HB2007, and the Vulnerable Road User bills. Now is the time to

speak to your representatives, but please keep in mind when speaking to the officials, speak respectfully. The State still wants a State party. Doc wants to know about how many of the special, 20th Anniversary, silver coins each chapter wants. The next State Meeting will be in Tallahassee before the Ride to the Capitol in February

Membership Report:

Sheila read the membership report and reported we have close to 700 members in our Chapter.

Newsletter Editor:

Ada (Abby Normal) mentioned that things are going great, just keep getting her lots of pix's. If you need to correct something, email her, please

Legislative Report:

Brad was present and spoke on the Senate and the House, what times they are there and not there, depending on the year (odd or even).

Legal Counsel:

Brad had nothing to report.

Public Relations:

Fern was present but had to leave early. Hotline is up and running.

Billing and Invoicing:

Sheila reported that there are a few advertisers behind, but not by much. Also, please ask businesses that you frequent, to advertise, to support our Chapter.

Social Director Report:

Bear was present and brought his fabulous homemade brownies for after the meeting. The Board also donated some goodies.

Newsletter Distribution:

Wavy was present and mentioned he was a little behind this month because of all the time spent for Toys in the Sun Run as well as the Thanksgiving holiday.

Quartermaster Report:

Bob was not present to report.

Photographer's Report:

Barry said he took lots of pictures from Toys in the Sun Run.

Webmaster's Report:

Dark Angel was not present, so Ada (Abby Normal) reported for her. All is running and up to date.

Chaplain:

Chaplain Chrissy was still out of town, she'll be back for next month's meeting.

Old Business:

Nighthawk spoke about school still being in session so please still watch your speed. BSO is writing tickets. Johnny mentioned that the extra table at the Toys in the Sun Run worked out well, so people could sit and relax a little and grab something to eat. We will have one at Dania event also.

New Business:

American Legion Post 142 is having a New Year's Eve Party so come and support the Post who is so good to us. Johnny reminded everyone about the January Semi-Annual Event at Post 180 off Peters Road.

Good of the Order:

States MC Blessing of the Bikes, January 5th, at their clubhouse, Southeast Chapter Semi-Annual, January 19th, Der Krieger MC Annual, January 26th, Dania Beach Vintage Motorcycle Show, January 25th, ABATE Tallahassee Annual Freedom Rights Ride in February. Vice-President

Good Day,

Well another year gone. I hope you all had a nice and safe Holiday.

Would like to talk a little about the SFPC Toy Run. I feel it went really well. I would like to give a special thanks to Joey and the people that helped set this event up. I knew there was a lot to this but after being there and lending a hand, let me tell you there is a lot more to this than you think. So much hard work and thought has to go into every little detail and there are many. Thanks again to Joey, Lisa and the rest that had a hand in pulling this event off in such a short time and making it the success it was.

As far as the ABATE booth at the SFPC Toy Run went, we had a good turn out and things went well. ABATE S.E. Chapter is doing well, let's keep the good work up. Want to remind everyone that we have the following coming up:

Next chapter meeting is Jan 12, 2020 at the American Legion Post 142 in Pompano Beach, we need to see some new and old faces.

Then we have the ABATE S.E. Semi-Annual on Jan 19, 2020 at the American Legion Post 180, Ft Lauderdale. We expect a good turn out, so don't let us down.

Then last but certainly not least, the 14th Vintage Bike Show in Dania Beach is on Jan 25, 2020 at Frost Park. For those of you who have not attended this, you have been missing out.

Thank you for reading our newsletter and look forward to seeing you at the above events.

New Years Resolution

It's hard to believe another year has come and gone. Keeping with tradition, many make New Years resolutions of going to the gym, being a little more productive at work, or just saying to slow down, enjoy life and ride more. Maybe this year as one of your resolutions, commit to actually doing a full exam and tune-up of your bike. Not just change the oil and plugs, but a full exam of each and every component. First step, take a mental MRI of your bike and write down a list of all the minor and major repairs that need to be made. Next, create a written schedule and timeline of how you plan to accomplish the list including milestones and deadlines, then duct tape it to the tool box. As with the best way to accomplishing anything, do one thing at a time and check it off the list. There is something about that sense of accomplishment when you scratch a line through a to do list no matter how great or small the task was. In reality that's what resolutions are all about. Getting something done one step at a time.

Happy New Year to everyone and ride safe.

Your Road Captains,
Zak and Troy

From Your Safety Director

Good Day,

Yea, the Holiday Season is over. Just maybe some drivers will start driving a little better by paying more attention to the driving rather than shopping.

To the riders that purchased a new bike. Remember if you now have all the new tech gadgets that distract people in vehicles, do not let the gadgets distract on your new bike. It is very easy to let them distract you. Remember to use your common sense while riding. We want everyone riding free and safe.

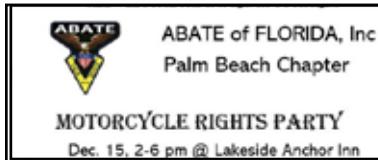

And I know I have said it before, but it does need repeating:

Check your bike over before any ride.

For more safety information, go to: nhtsa.gov/safety/motorcycles.gov

Here is the contact information for Rep. Brad Drake, we really need to saturate his office with request to have him place HB 455 (Traffic Offenses by Rep. McClain) on the agenda for the Transportation and Infrastructure Subcommittee of which he is the Chair.

*He alone can kill HB 455 by simply never placing it on the agenda.
So **we need to email and call his office** and politely
request that he place HB 455 on the agenda so it can get a fair
hearing.*

Below is the contact info for the Speaker of the House Jose Oliva. **We need to also contact him** and ask that HB 455 get a chance to be heard in the Transportation and Infrastructure Subcommittee.

*****YOU CAN CALL OR EMAIL THEM*****

Sample script for emails and/or phone calls:

Dear Rep. Drake (or Dear Speaker Oliva),

I would like to request HB 455 Traffic Offenses by Rep. McClain be placed on the agenda for the Transportation and Infrastructure Subcommittee. HB 455 would help to save lives of Florida's Vulnerable Road Users.

ABATE of Florida, Inc. has been trying for several years to get the Traffic Offenses Bill heard in committee. We believe that all filed bills deserve a chance to be heard fairly during the legislative session.

All we ask is for a fighting chance to explain the merits of HB 455 in open committee. The Transportation and Infrastructure Subcommittee is the first scheduled committee, so we respectfully request that it be placed on the agenda.

Thank you,

In Loving Memory of "Big Ang"

Angelo Umberto Taranto

May 5th, 1944 – December 19th, 2019

It's been said that some people come into our lives and quickly go, while others leave footprints in our hearts and because of them, we will never be the same. Angelo Taranto did both. With his characteristic raspy voice and a smile that never quit, Angelo believed everyone should live life to the fullest, and that he did, especially during his last years on earth.

Just like most of us, Big Ang had many stories to tell. Resourceful in many ways, Angelo lived in the present... going to see people, helping others wherever he could. He was a giver, not a taker, and may have even picked up YOUR tab!

While he could have, Angelo never whined or let his illnesses get him down. He faithfully reached out to his brothers and sisters. Perhaps he learned faithfulness being a good Catholic, or maybe he was that kindhearted by nature.

Not only was he faithful to his friends, he was committed to all things ABATE, giving 110 percent. Shortly after joining, he promised our President, Johnny Rose, that he would bring in 1000 members. He may not have met that goal, but as a vital part of ABATE, he recruited numerous members during his abbreviated membership. Even the owner of Peterson's Harley Davidson (an ABATE member because of Big Ang) would attest to that.

Those who knew Angelo were truly blessed. Beyond doubt, his passing saddens the hearts of all those he left behind. Nevertheless, this active ABATE member went out shifting gears with his boots on!

Be a difference maker in Angelo's honor,
Chrissy Leonhardt - Chaplain

ABATE SOUTHEAST CHAPTER SPONSORSHIP PROGRAM

We are bringing back our old Sponsorship Program. This was an idea to help raise money for our Chapter, and also to recognize those brothers and sisters who provide extra monetary support, to promote the Chapter's mission. Members, or other individuals, who provide a donation to the Chapter, will have name recognition in our Monthly Newsletter and on the Chapter's website, for one year. The categories are: Platinum Donor \$125+; Diamond Donor \$100-\$124, Gold Donor \$75-\$99, Silver Donor \$50-\$74, and Bronze Donor \$25-\$49.

Approximately 40% of our members are Life Members, which means they do not pay annual dues, so they do not financially support the Chapter through dues. They do buy products, pay to attend events, post ads in our Newsletter, and make monetary donations, but they have no obligation to do so. This is another opportunity for them to contribute, if they wish, but anyone can do this.

This is an opportunity for all Southeast Chapter brothers and sister to become ABATE Southeast Chapter Sponsors. Platinum Donors also get to select a page in our Newsletter, to sponsor, where you name will be listed in a banner at the top of the chosen page, and first come, first serve.

I want to sponsor ABATE Southeast Chapter with the following donation (not tax-deductible). Check one:

Its been two weeks since my tire blew on the Turnpike. While standing on the side figuring out my plan, who drives up? Is it a weirdo, some super hero? Pffttt IT WAS JOHNNY AND SHIELA ROSE. I had never met them but they were not going to leave until I had a solution to get my bike taken care of. I asked myself, "who does this?" Well after finding out who they were and what they advocate, etc. I absolutely thought it was a sign to have met them. They were so humble, kind and helpful. They offered me a ride to the gas station. I am sure I will run into them again. I just had to post here that ya'll have quite the President and should know both him and Shiela represent the chapter on point. Thanks again for the help and I got a new tire. Heading out and see you on the road! Peace Love and Happiness to all. Pam

New Years Resolutions by Jody Swett

The custom of making a New Year's resolution has been around for thousands of years but it hasn't always been like it is today. In 1740 the first day of the new year became a traditional occasion for thinking about ones past mistakes of the past year and resolving to do better in the upcoming year. Of course similar thoughts and practices occurred with Julius Caesar, the Babylonians and early Christians... but I won't bore you with too much history. Despite the traditional Religious groups New Year's resolutions today consist of making promises to yourself and not to ancient gods !

Recent research shows that 45% of Americans say they usually make a New Year's resolution. But... listen to this....only 8% are successful in reaching your goals. This dismal success story won't stop us from making resolutions, after all, people have been doing it for 4000 years

A New Year's resolution is a decision "to do" or "not to do" something that would accomplish a personal goal or to break a habit. It just falls at a time when the calendar shows a new beginning and so people want to accomplish a new personal beginning. Maybe this year's New Year's resolution could take on a more interesting theme and perhaps the goals could be more obtainable.

Is a New Year's resolution a good idea? Basically yes because it forces us to consider what we value most. A resolution is a promise a person makes for the new year with a goal to improve some part of your life!

The top three New Year's resolutions almost every year

- to eat healthier
- get more exercise
- save more money

and then of course we have the quit smoking, lose weight, find a new jobwell you get the picture!

Maybe this year's resolutions could take on a more interesting theme and perhaps the goals could be more easily attainable !

- have your photo taken in five new interesting locations
- learn something you never learned as a child
- try a new food every week
- make a new friend every month
- do something nice for someone/pay it forward
- visit or call someone you haven't seen in quite a while

So start again tomorrow. Focus on what you're doing for yourself rather than the setback...stay positive and have a HAPPY NEW YEAR !

With the holiday season here and everybody going on road trips to visit family and friends, do not use your debit card at the service plazas on the turnpike. Use your credit card or cash, that way, what happened to me, won't happen to you, just sayin'.....

Me and some friends rode up to the State Meeting in Ocala and I used my debit card to purchase fuel. Hell, I didn't know it, but a Harley Davidson Road King can hold \$125.00 worth of gas, hah! Luckily my phone sent me a warning about the phony charges on my card and I was able to shut my card down and have it blocked. And here's the thing that sucks, this is only happened to me at the Shell gas stations on the turnpike service plazas. I had to go to the bank today so I could get a temporary card because it will take five to seven days to get my new debit card. The same thing happened to one of the other guys on our run and he has a different bank from me. Anyway our banks took care of it. I just don't want anybody else to have to go through the hassle I just went through.

I think I'm going to send Shell a real nasty email. When I went to my bank today, they were telling me that they've been having a lot of problems like this from all the gas stations, but the only one that really got me was the Shell gas station at the turnpike service plazas. Next time I go anywhere, I'm paying cash, screw it, not only do we have to worry about idiots running us over on the highway, we also got to worry about them stealing our money. So please take heed of my warning so you don't have to go through what I did.

Just sayin'.....

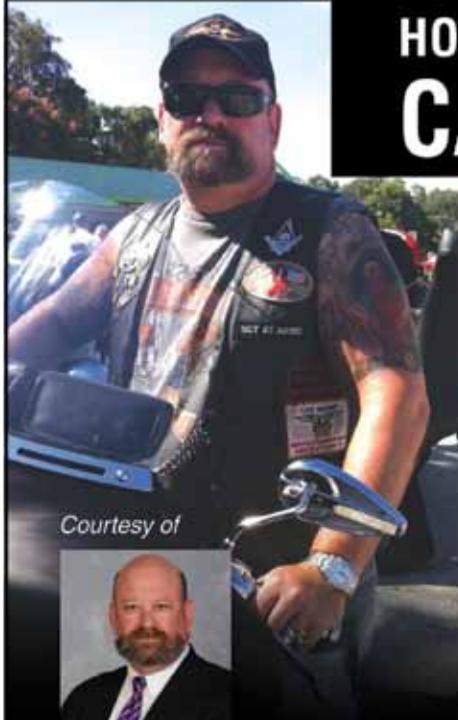

Save the date; February 10, 2020 is ABATE of Florida's 23rd Annual Freedom Ride to the Capitol!!! We need as many motorcycles out there representing as possible. We want them to see us, stretching down the road to the horizon. Please take a mini-vacation and join us in fighting for your rights. If you have never done this ride before, you get to ride your motorcycle right into the courtyard and it's awesome. Look in the newsletter for the flyer. It has all the details. It's important!

God bless America!

NCOM BIKER NEWSBYTES
Compiled & Edited by Bill Bish,
National Coalition of Motorcyclists (NCOM)

BIPARTISAN HOUSE BILL WOULD REAUTHORIZE MOTORCYCLIST ADVISORY COUNCIL

"Motorcycles require specific-and in some cases different-requirements of roads, and we need an open dialogue between the motorcycle community, infrastructure experts, and the federal government to discuss these challenges," said U.S. Rep. Mike Gallagher (R-WI) upon sponsoring the bipartisan Motorcycle Advisory Council Reauthorization Act, H.R. 5234.

Rep. Gallagher, alongside Reps. Chris Pappas (D-NH), Troy Balderson (R-OH), and Harley Rouda (D-CA), introduced H.R. 5234 in the U.S. House of Representatives on November 21, 2019 to direct the U.S. Secretary of Transportation to reauthorize the Motorcyclist Advisory Council (MAC) at the U.S. Department of Transportation (DOT) for six years. The MAC, whose authorization under the FAST Act of 2015 expires along with surface transportation programs in FY2021, provides DOT with critical firsthand knowledge on infrastructure and road safety measures and serves as the only official forum for motorcyclists to discuss motorcycle issues with the federal government.

H.R. 5234, if enacted, would require the volunteer body to submit reports to DOT every two years. DOT then would have 60 days to review the council's recommendations and submit a report to Congress.

The measure would also clarify the membership of MAC "to include 12 members, including 5 highway engineering experts from state or local governments, 1 state or local traffic safety engineer who is a motorcyclist, one roadway safety data expert on crash testing and analysis, and 1 representative from each of the following groups: a national association of State transportation officials, a national motorcyclist foundation, a national motorcyclist association, a national motorcycle manufacturing association, and a national safety organization."

CONGRESS CONSIDERS CAPPING ETHANOL CONTENT OF U.S. FUEL SUPPLY

U.S. Senator Tom Udall (D-NM) and U.S. Representative Peter Welch (D-VT) introduced companion bills in the U.S. Senate and U.S. House of Representatives on November 14, 2019 "to reform the Renewable Fuel Standard (RFS) by mitigating harmful environmental impacts of the corn ethanol mandate and advancing the next generation of biofuels that actually reduce greenhouse gas emissions," according to a press release issued by Sen. Udall's office.

The GREENER Fuels Act (Growing Renewable Energy through Existing and New Environmentally Responsible Fuels Act) would phase out the corn ethanol mandate and immediately reduce the amount of ethanol in fuel by as much as 1 billion gallons by capping the amount of ethanol that can be blended into conventional gasoline at 9.7 percent.

Such legislation is important to motorcycle riders, in particular, because none of the nation's 22 million motorcycles and ATVs are certified by the EPA to operate on gasoline that contains more than 10% ethanol (E10), and using fuel containing greater than 10% ethanol can damage fuel systems and violate manufacturers' warranties.

MOTORCYCLING GOOD FOR MIND AND BODY

In a fresh take on a previous UCLA study we reported on earlier this year, visordown.com reports that "A study conducted by the Institute of Neuroscience and Human Behavior

(INHB) has concluded that motorcyclists are less stressed and more fulfilled than their four-wheeled counterparts,” adding that “The study originally set about trying to find out if bikers were constantly riding in fear of being involved in an accident, but inadvertently proved the opposite! The results center around a certain hormone called cortisol that is released in the brain when we become anxious. Scientists found that bikers would produce 28% less cortisol during testing than drivers on the same course.”

The study was conducted by the Semel Institute for Neuroscience and Human Behavior at the University of California, Los Angeles, in a controlled manner, with 50 motorcyclists and 50 car drivers making their way around a closed course for 20-minutes. During this time, the team measured the user’s heart rate, cortisol, and adrenaline levels, as well as the user’s brain activity, and it’s here where the most interesting results came from:

“The results found that when riding, the subjects experienced increased sensory focus and resilience to distraction. Riding also produced an increase in adrenaline levels and heart rate, and a decrease in cortisol levels -- the kind of results you often get after a light exercise session, which also is a stress reducer.”

Concluding that motorcycles are better for you physically, as well as mentally, visordown.com claims; “The news regarding the mental well-being of motorcyclists goes hand-in-hand with a study that found that riding a motorcycle can burn anywhere between 170-600 calories an hour. As much as some people can burn in an hour at the gym.”

NEW YORK POTHOLE MEASURE VETOED

Despite passing both chambers of the New York State legislature, including a unanimous 62-0 vote in the state Senate, Governor Andrew Cuomo (D) has vetoed a measure that would have provided strong incentives for more prompt repairs of road defects by expanding the state’s liability for damages suffered by road users due to roadway defects, if the state Department of Transportation

was notified of the defect and failed to repair it.

Under current law, motorists who suffer damage due to defects on local roads may pursue damages against the locality at any time during the year so long as the municipality had advance notice of the defect, but those who suffer damages due to defects in state roads may pursue these damages against the state only if the incident occurred between May 15 and November 15. A.1235, sponsored by Assemblyman Thomas J. Abinanti (D- Westchester County), and S.5422, sponsored by state Sen. Timothy M. Kennedy (D-Buffalo), would have expanded state liability for potholes on state highways year-round.

Potholes and roadway defects can not only be dangerous to drivers but can prove deadly for motorcyclists, but Gov. Cuomo, who rides and has promoted state tourism aboard his Harley-Davidson, vetoed the legislation on November 25, 2019. Similar measures, endorsed by the Automobile Association of America and the state Trial Lawyers Association, were proposed in 2014, 2015-16 and 2017-18, but never made it out of committee.

ANOTHER STATE INSTITUTES THREE-WHEEL “AUTOCYCLE” RECLASSIFICATION

A new “Autocycle” classification will allow consumers to operate a Polaris Slingshot with a standard driver’s license in the state of Wisconsin. Residents of Wisconsin can now operate the three-wheeled Slingshot with a standard driver’s license, rather than the previously required motorcycle license or endorsement. The reclassification will take effect immediately.

With a steering wheel and side-by-side seating, state policymakers recognize Slingshot’s operator skills mirror those required for a valid state driver’s license rather than a motorcycle license and as such, the need for the unique Autocycle classification.

The Slingshot is now classified as an Autocycle in 44 states, including all states bordering Wisconsin. Three states classify the Slingshot as a motorcycle, which requires a motorcycle

endorsement or license; Alaska, Massachusetts and New York.

MINNESOTA CITY SEEKS PUBLIC INPUT TO RIDE AN ATV ON CITY STREETS

The Superior, Minnesota city council is considering a referendum on ATV use, and is seeking public input to determine whether or not it should be legal for ATVs and side-by-sides in the city.

According to a report on SuperiorTelegram.com, a council member has "introduced a resolution that would place an advisory referendum on the April 7, 2020 ballot to gauge public sentiment for allowing ATVs and UTVs to use any city street except those deemed exempt because of state and local laws or safety concerns," and may let voters decide if all city streets and alleys could be open to use by all-terrain and utility-task vehicles.

The Superior City Council wouldn't be bound to act based on the outcome of the election, but if the measure is well-supported by the public, the councilman would introduce an ordinance to that effect.

NEW HAMPSHIRE RESISTS EXIT RENUMBERING

United States highways have been switching to one consistent exit numbering system over the years, and in most states exits now share their number with their closest mile marker, making it simpler for travelers to locate their position and estimate distances between where they are and where they're going.

A few northeastern states have been slow to switch, however, and New Hampshire Governor Chris Sununu (R) believes that holding onto the old sequential exit numbers for the sake of tradition is more important than progress and consistency.

But the renumbering decision isn't entirely up to the individual states, as the federal government has threatened to withhold federal highway funding from states that do not comply with the directive to reassign exit numbers by mileage.

On Twitter, Governor Sununu said, "Exit numbers are a point of pride for some of us in NH -- and we shouldn't let Washington bureaucrats threaten to take that away!"

Numbering exits by mileage is what the rest of the country does, and those few remaining states holding out should probably do the same for consistency for travelers everywhere, though admittedly, this has become less of an issue now that most vehicles, even motorcycles, have GPS capability and can make better decisions based on better information.

TASMANIA BANS THE WEARING OF "OUTLAW MOTORCYCLE GANG" INSIGNIAS

Laws banning the wearing of insignias of five "Outlaw Motorcycle Gangs (OMCG)" has gone into force in Tasmania (an island state of Australia), and their majority Liberal Government "makes no apologies for being tough on criminals and is delivering on our strong plan to keep Tasmania safer from organised crime."

The legislation "applies to an organisation that displays prohibited insignias that causes the public to feel intimidated and threatened," and their new laws relate to five OMCGs -- Bandidos, Outlaws, Devils Henchmen, Black Uhlans and Rebels, which officials say "sends a clear message that crime gangs are not welcome in Tasmania."

ROYALS POSE ON A MOTORCYCLE FOR THEIR CHRISTMAS CARD

The Duke and Duchess of Cambridge, Kate Middleton and Prince William, along with their three children, Prince George, Prince Louis and Princess Charlotte, casually posed on a motorcycle for their 2019 Christmas card, in stark contrast to last year's more traditional family photo!

The Cambridge Household's Holiday card features all five aboard a British-brand motorbike with a sidecar and the salutation; "Wishing you a very Happy Christmas and New Year". Prince William, a longtime motorcycle aficionado, is second in line to the throne behind his father Prince Charles.
