President's Message

Jimbo Sherrow

As some of you may already be aware, this will be my last column as ABATE SE Chapter President, since I have decided not to run for the position again in the Chapter elections that are scheduled for Sunday, June 6th. I definitely enjoyed my time as President, but due to some other things going on in my life – including the fact that I am back in the hospital with an infection from my leg injury — it would have been difficult to commit the time to the job that it requires. Although I will no longer be President after June 6th, I am also looking forward to

getting back to riding and Chapter activities after I am healed, and I appreciate all of the prayers and wishes for a speedy recovery that I have received from my friends and the local biker community over the past couple of weeks.

Luckily for the SE Chapter, there are some very good candidates running to replace me, including our current Vice President, Bob “Old Hippy” Leavitt, and Robert “Bars” Calabrese, our current Chapter Sergeant at Arms. For the first time in many years, there are also several other contested Board positions so it should be an interesting election to say the least. Our Chapter is fortunate to have these individuals who are willing to step up in their responsibilities and the Chapter will be in good hands no matter who is elected. Also, keep in kind that the Chapter election meeting has been moved to Sunday, June 6th, instead of the third Sunday of the month, so if you plan to vote, make sure you go to the meeting on the right day!

We also received additional information since my last column regarding the stiffer penalties bill in Tallahassee. Unfortunately, on April 30, 2010, the bill was poised to clear the final committee and receive a floor vote when one of the anti-biker senators proposed a last minute amendment that would have required mandatory helmets in Florida. Because we already won that battle ten years ago, our President and Lobbyist, Doc Reichenbach, had the bill pulled from the committee so that we did not have to risk a final vote that may have jeopardized our freedom of choice. Although the bill never did receive a full vote on the floor, and it technically “died” in committee, all indications are that it was likely to pass without the helmet bill amendment, so we will try again next year and hope that no one is as stupid as the senator who derailed the bill this year. Even though we did not get the bill passed this year, we certainly sent a strong message to the folks in Tallahassee that we want the bill passed and will not give up until we have accomplished our goal.

Since ABATE has succeeded in beating back the yearly challenge the Freedom of Choice in Tallahassee, we can now celebrate the 10th anniversary of our Freedom of Choice on July 1, 2010. Although no formal events have been planned yet to celebrate ABATE of Florida's greatest legislative achievement, the Chapter is hoping to put something together to mark the event, similar to the midnight helmet runs we used to do before the helmet law was modified. Stay tuned to the Chapter newsletter and website for more details.

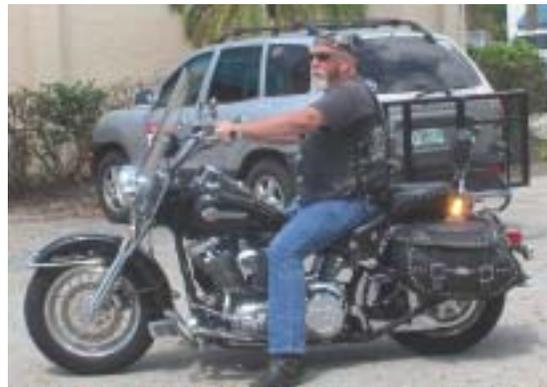

Finally, and although it is doubtful that I will be there, don't forget that SE ABATE is also hosting its annual Memorial Day Event at Cafe 27 on Sunday, May 30th. By the time this column is printed, the party will probably already have been held, so if you came out to the party, we appreciate your support and hope you had a great time, and if it rained, I'm sure it did not run the fun!.

It has been a real pleasure serving as your ABATE Chapter president for the past year and I wish the new Board the best of luck in the future.

Ride safe and free, and remember that the price of freedom is eternal vigilance.

Jimbo Sherrow President, Southeast Chapter

**Thanks to Marie Baxter for
indentifying the last 2
people in the picture from
2000 - Robin and Ted.**

**ABATE of Florida, Southeast Chapter
May 16, 2010**

The meeting was called to order at 10:08am by Sgt @ Arms BARS with 57 members, no guest, no At-Large members in attendance. Total in attendance: 57. Followed by the Pledge of Alliance the meeting started with a prayer given by our chaplain; Poppi.

Presidents Report

Jimbo is back in the hospital. Vice President Old Hippy chaired the meeting.

Vice-Presidents Report

Old Hippy thanked everyone for coming. Our president Jimbo is back in the hospital. He is in the VA hospital in Miami and is expected to be there for 4 to 6 weeks. Please stop by or call him and keep him in your prayers. Also in the hospital is Cutter recovering from surgery. Our Road Captain Chris is still at the Seaview Nursing and Rehab Center located at 2401 NE 2nd St. in Pompano. Please stop by and visit. Old Hippy also reported we are ready for our Memorial Day Event. It will be held at Café 27 on May 30th. We will need everyone's help to ensure a successful event. The more hands we get to help, the less work there needs to be done. We only have 3 events per year to support our chapter. Any time you can give is greatly appreciated.

May is also Motorcycle Safety and Awareness month. Check out the overhead signs on the highways.

Secretary's Report

A motion was made to accept the minutes of April's meeting as printed in the newsletter. With 1 correction – Paul Davis was not listed as

running for Safety Director. Motion seconded, all in favor, motion passed.

Treasures Report

Alice read April's report. A motion was made, seconded to accept the Treasurers report. All in favor, motion passed.

Sergeant at Arms ReportBARS reported we will be loading the trailer on Sat May 29th at 1000am. This will only take an hour. On Sun we will be meeting at Café 27 at 800am for setup. After our event we will need help in the tear down and returning the items back to the warehouse. Many hands make for little work.

Road Captain's Report

Newcomer reported there was nothing to report. After today's meeting we will be headed to the Wings of Gold Event in Miami.

PLEASE CHECK THE HOTLINE 943-310-4636 FOR MEETING PLACE AND TIMES FOR ALL EVENTS.

Safety Directors Report

Geo asked all our members to increase their level of awareness while on the road. We have had too many riders go down. We have targets on our backs. Just a few things to keep in mind: If you see a driver on a cell phone stay away from them, don't ride in a blind spot, keep your bike in gear at a light and look in your mirror. Please be careful out there. We have new Check for Motorcycle bumper stickers which we received from the state. Thanks to Val for bringing them in. We have a case of them unfortunately their in Jimbo's truck. We will pick them up and have them available at our next meeting.

State Reps Report

Chris reported on the State Meeting. Full details will be in the Masterlink. Highlights include: The ride to the capitol had over 300 bikes. State safety director Tom Nugent has stepped down. Our stiffer penalties bill was pulled prior to being voted on. Senator Steve Aldrich from Alachua County tried to tack on a helmet law to it. We received \$250,000.00 from the state for motorcycle safety. Lengthy discussion on the candidates who are running for the State Board. A motion was made, seconded to vote for the following candidates: President – James D. Reichenbach II, Vice President – Dan Fish, Sgt @ Arms – Dennis Rudoj, Masterlink Editor-Bob von Bulow. All in favor, motion passed. Our state delegates will be instructed to cast our chapters vote for them

Products Report

Susan was excused if you need anything you do not have to wait for the meeting, just give her a call. Her number is in the newsletter.

Membership Report

George reported we now have 612 members. If you know of anyone on the list in the newsletter who has not renewed, please get them to renew. Please let us know if you have a change of address. We are getting mailed returned as members have moved. Reminder, when filling out the application form, PLEASE WRITE OR PRINT LEGIBALLY.

Newsletter Editor

Suzanne was excused. Geo reported Suzanne needs all articles no later than Tuesday so we can have the newsletter to the printer no later than Friday. Thanks to all who help in the distribution of the newsletter. With costs skyrocketing, we

can save some money, you can either pick up a newsletter at any establishment which we deliver to or better yet it is available on-line. Please send our membership trustee George an e-mail at membershipabatase@gmail.com to have your name removed from the mailing list.

Legislative Report

Old Hippy reported on the stiffer penalties bill.

Public Relations

Marjorie reported this was her last report as she is not running for next year. Even though she is not running, she will continue to support our chapter. Thank you Fury.

Advertising

Hope was excused. Old Hippy reported we need advertisers. No matter where you go of if you frequent a local establishment ask them to take out an ad. Business card ads are very reasonable and are the best bang for the buck.

Events Coordinator

Shaky Bob reported we are all set to go. We need your help. We only do 3 events a year for ourselves, please come on out. We will be having a final quick planning meeting here at the Legion on Sat. May 22 at 1200n.

Social Directors Report

Karin reported this month's birthday's party will be next Saturday May 22nd at Hollywood Johnnies. Please come out and celebrate May's birthday babies. Music will be provided by our very own and new Road Captain Geo and his band "The Hoodoo Blue Blues Band. If you want your birthday recognized, please give Karin a call. She will add you to the list.

Quartermaster's Report

Bob Anz reported there was no report.

Photographer's Report

Brett reported there are about 1000 pictures on Facebook. So check it out

Web-Master's Report

Ricky Mouse reported our web is up and running. If you have any issues, please contact him at: webmasterabatese@gmail.com. Don't forget our web address is: www.abatese.org

Trash master's Report

Commander Louis reported it was his last report as he is not running for the position next year. He thanked all the members who came out to support this program.

Legal Council

Demetrius reported on the red light camera law which has been signed by Governor Christ.

Old Business

Nominations for the 2010-2011 Board of Director's and Trustee Positions. This is the final month for nominations. Nominations for the 2010-2011 year close today. Members who were previously nominated for office and were undecided at last month's meeting and were not present for today's meeting and have not stated their intentions to the secretary are listed as declined. Those nominated for board positions that are running unopposed will be elected to their position next month by the secretary's vote. Board positions with multiple candidates will be listed on the ballot. Nomination chairperson "Geo" opened up nominations:

OldHippy's Corner

I was deciding on what I wanted to put in this column this month and figured that with all the changes that are taking place it might not be a bad deal to reflect on some of my past rants and columns

I wrote on a while back that kind of hit a nerve with a few people and it was on the subject of "do not care".

It dealt with members of the motorcycle rights organization and how some are too busy to get involved or have been burned out by being too involved. It also touched on people in the organization that their main objective is to make a name for themselves.

This made such an impact that one of our members came up to me and mention that he did not renew his membership because of it.

I was able to talk to him and had him renew after I explained that he misinterpret what was said.

I also wrote how municipalities are short of funds and how in Houston they where making ton's of money by installing red light cameras.

Guess what... We got it thanks to our leaders. Now look out at intersection especially making right on red. Most of the tickets written so far have been for that and remember we have to put a foot on the ground to be at a complete stop. I wonder if the car behind me will also come to complete stop so someone from being a hood ornament.

Speaking of making money ... they are still conducting the test where you will pay instead of gas tax per gallon , you will be charged by the mile by having a device hooked up to your vehicle.

I brought updates on highway funds ear marked for motorcycle safety and how they have been somehow diverted to other things

I also relay a piece by Graydon Wheeler (MRF Member Representative) Titled " It can't Happen Here" where he makes a point that if all changes that

effect our motorcycle freedom like the government dictating how we dress and where and when to ride is a direct result of person you see when you look in the mirror.

I try to have this put in at least once a year.

One subject I touch on a lot was the subject of Gang profiling. Where in effort to control gang activities they have targeted groups that wear anything that is considered to be a logo of what they deem as a gang. Like colors, hats, shirts, ink and so on and also what some communities diffinition of a gang which, by their standard would include a lot of public employees!

Enough nostalgia for now and with that I'll leave you with a couple of my favorite quotes

Zappa was right, "America is a nation of laws, poorly written and randomly enforced"

THOMAS JEFFERSON, letter to John Taylor, Jun. 1, 1798

"A little patience and we shall see the reign of witches pass over, their spells dissolved, and the people recovering their true sight, restoring their government to its true principles."

Till next time

Keep the shinny side up and the greasy side down

TRASHMASTER REPORT:

I would like to publicly thank all those members who helped make this year's Trash Pick-Up Project a success, even if it was only 1% of the total 660+ membership! I thank all of you for having placed your confidence in me by placing me in the position of Trashmaster last October despite the fact that I was a "behind-the-ears-wet" new member of the ABATE SE Chapter.

I think it was the best job a new member or even a plank holder of ABATE SE can get involved with at the Chapter. You would be making an effort to keep our community clean and you are showing the ABATE is not a biker club but a political association/organization that cares about its community and environment!!

By the way, I recently renewed my annual membership (have you?), thanks to a recent 50/50 raffle, so you still have the Commander to kick around. Maybe the chapter membership may see fit to continue having me as one of the volunteer board members of the association at the June elections . Either way, I am still here for ABATESE!!

I hope to see all of you at our Annual ABATE SE Memorial Day Commeration Bike Rally at CAFE 27 on Sunday, 30 May. While you are it.....please pick up that piece of trash you see laying around!!

Commander

MENTION WOTR & TAKE 10% OFF LUNCH & DINNER

Vice Prez

Being this is my last column that I will be writing here; I would like to take this opportunity to thank all the people that have helped in the many things that it takes to make this chapter succeed.

It takes a certain type of person who is willing, especially in these times to sacrifice his personal time and more times than not, money for the good of the chapter and organization.

I honestly believe that these people need to be recognized and thanked for their effort and dedication.

First thing is the board, which has been able to overcome many things that they have confronted them, such as the unfortunately accidents to the chapter President and Road captain among other things that have come up.

Being a Chapter of Abate of Florida we have legal obligations and goals that are the main duties of the board to make sure that they get fulfilled and keep the Chapter pointed in the right direction, which they have been able to do.

This brings me to the next group of people whom in my opinion has been the true work horses of the chapter. They are the Trustees, and without their dedication and hard work we would be in deep do-do.

Take the newsletter. Thank you Suzanne

This, by far is the most labor intensive part of all that we do as a chapter on a monthly base. Not only does it take the editor, who has to be knowledgeable about putting it together and willing to spend umpteen hours to get it ready to print, but it also takes an army of others to make it happen.

We have our trustee, Hope who does all the billing for the advertisers that we have in the newsletter.

We also have many volunteers that help get it out to the public, coordinated by Karen, and then there, of course there is Lynnhara our call girl, these people use their own time and gas to make sure that the newsletter gets delivered, but in Lynnhara's case it's her big mouth and nagging on the phone that helps make it happen.

Next on my list is the Event Coordinator, Shokie Bob

We have 3 events a year that are the mainstay of our finances, which not only are used to pay the overhead, but without it we would not be able to put out this newsletter, because even with the advertiser we have, it is still not self funded.

Putting together one of these takes tons of time just to get it started and by the time it is done and over it is time to start planning for the next one.

I also want to thank all the people that help in the working of the event, between all the work needed for the setup, teardown, there are the people who man the different posts that are needed like gate, product sales, security and most thankless job of all, parking.

These are just a few of many of the volunteers that have stepped forward and helped with the things that keep this chapter going, all with no personal gains for themselves other than the satisfaction of knowing that they are doing their part for a worthwhile organization.

There are so many other efforts being set forth by other trustees in positions that sometimes go unnoticed that we need to realize that these are part of the make up of the chapter's foundation.

Thanks to Safety director, Geo who helps in the education outside of the biking community that also answers to the state.

Thanks to Membership, George who keeps a good tally on all our members

Thanks to Our state reps, which go to the meeting in other parts of the state to represent our chapter and also to bring back much needed info on subjects that we need to know and they are:
Jimmy Les, Chris Sharp, Demetrius and even our past President, Chuck has made a couple.

Thanks to Axman, Bret, Fern and all the others that have taken pictures for us to enjoy and use for the newsletter.

Thanks to our products person Susan, who has to haul all the stuff that we have to sell.

Thanks to all the volunteers like Newcomer, Fern (who is the voice on the hot line), Blindman, Rick Jordan and much more many others who have always been there to help when they can.

There are so many that I know I have failed to mention and I apologize for unintentionally leaving them out, but I'm running out of time and space.

The New Board is coming in this month and hope everybody gives them the support they will need.

In closing

SAFETY DIRECTOR'S REPORT

“Geo” Bograkos

Well folks, by the time you read this, my tenure as your Safety Director will be coming to an end. This will be my final report as your Abate of Florida, Inc. SE Chapter Safety Director. However, I'm not going anywhere since I was elected unopposed to be our new Road Captain next year. Thank you for the confidence you all have placed in me by electing me to the Board these last two years.

I won't say we had a great year with Safety because we did not. We did not do as many events as we have done in previous years because of time constraints and I will accept responsibility for that.

I tried to provide as much positive Safety information as I could through these columns, but we still had many of our brothers go down, some seriously injured and some unfortunate fatalities.

Positive messages alone do not prevent some of us from doing stupid things on motorcycles. Common sense and good judgment is our best friend. You all know someone either in this chapter or outside of it, who does stupid things on a motorcycle from time to time. I too have done some stupid things on a motorcycle in my 35 years of riding, but I learned from it and was fortunate enough to have never had an accident on a motorcycle. Others have not been so lucky.

We have a few members who are still using poor judgment when they ride. They ride way too fast for themselves or lesser experienced riders in their group, which force the new riders dangerously out of their comfort zone, some still drink & ride and some still do other things that put themselves and others in harms way like not paying attention to their surroundings. I hope they learn to make better choices in their riding habits that they may stay around to be with us a bit longer.

I want to pay respect to and thank the following individuals for helping us this year by manning booths at events, presenting programs or otherwise promoting our Safety message: Bob Anz, Bars & Alice Calabrese, Lynnhara Fremgen, Brett Gerber, Rick & Susan Jordan, Suzanne Keen, Terry & Hope Lanius, James Lesniak, Bob Levitt, Jim McLemore, Jim & Aja Sears, Barry & Lynda Sadoff, Jimbo Sherrow, Luis Subirats & George Torrence. If I forgot someone, let me know and I will give you special mention at our next meeting.

I particularly want to recognize “Trike” George Torrence & Barry “Teddy Bear” Sadoff. These two individuals were the backbone of the Safety events programs this year. They were at every single Safety Event all year long. George was re-elected unopposed as your Membership Director next year and Barry Sadoff is running for my position of Safety Director.

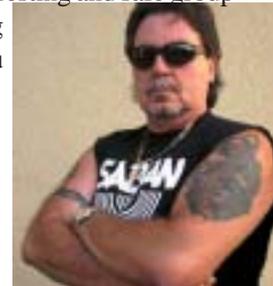

I believe Barry Sadoff is an excellent choice for Safety Director as he has worked hard with us in the Safety program and is, in my opinion, extremely qualified to be your next Safety Director.

You will still hear from me every month because I will write a monthly page in the newsletter called Road Captain's Report and you can expect it to be Safety oriented along with upcoming ride info. We'll be planning some interesting rides around Lake “O”, the Keys and other nice destinations.

I'd like some experienced and safe riders to step up and fill some road guard and assistant Road Captain positions, like we used to have awhile back, so we can enjoy some organized, interesting and safe group rides together. I am looking forward to it and I hope you are as well. Please see me.

With many Thanks
and much Respect,

“Geo”

BENEFITING FREDDIE WRIGHTS FIGHT

In GOD we trust

In God we trust

I would like to start out by saying thank you to all my brothers and sisters in our Southeast Chapter of Abate for the great donations to CMA. As usual you all came through.

Again with your help CMA made enough money to fund the projects they support and to meet the National CMA costs for the year. With that, being said I'd like to say a prayer that the Lord Jesus Christ watch over each one of us and keep us safe while we're riding. Remember to watch out for those crazy cagers out there trying to get us, that's how it seems anyway.

We sell a patch that says "I'm sick and tired of burying my brothers and sisters to preserve America's right to drive stupid" I think we all should wear them to let everybody who reads it know how we feel about what's happening on our roads today, and maybe it will get them thinking a little more about watching out for us.

In closing I would like to take this opportunity to invite everybody who is inclined to do so, and would like to attend a church service on Sunday morning that will welcome you with open arms. I am speaking about my church Harvest Fellowship. It's a very small storefront church that believes in nothing more than Jesus Christ. Our service is at 10 am and is located at 6500 Sterling Rd, Hollywood. Come in and meet Pastor Joe Cella. Hope to see you there

As always

NCOM BIKER NEWSBYTES

Compiled & Edited by Bill Bish, National Coalition of Motorcyclists (NCOM) MOTORCYCLIST FATALITIES INEXPLICABLY PLUMMET

Following more than a decade of steady increases, motorcycle rider fatalities unaccountably dipped by double-digit proportions last year. Motorcyclist deaths dropped by 16% nationwide through the first three quarters of 2009, compared to the same period in 2008 when fatalities reached their highest level of 5,290.

The study — sponsored by the Governors Highway Safety Association, which represents state traffic safety agencies — is drawn from preliminary fatality data from all 50 states and the District of Columbia. While there is nothing in the data to indicate the cause of the sudden decline, the GHSA asked state safety agencies to speculate on reasons for the decline, and several respondents pointed to the economy and underscored that a significant portion of motorcycling is for recreation rather than transportation.

Other reasons cited in the study for the decline: Fewer beginning motorcyclists; an increase in priority given to state motorcycle safety programs; an increased awareness of motorcycles by other drivers; and colder, wetter weather in some states during the riding season. It doesn't appear helmet laws played a significant role in the decline.

The popularity of motorcycles has surged in the past decade, particularly among aging baby boomers and women, nearly doubling to more than 10 million.

During the nine-month period of the comparison, the District and 38 states reported a drop in motorcycle deaths, and 12 states recorded an increase. California had 133 fewer deaths, Florida had 111 fewer and Ohio had 48 fewer. Only two states — Hawaii and Rhode Island — had double-digit increases. Once numbers for the final three months of 2009 are factored in, the report projects, the annual fatality decline will be at least 10%.

AGING RIDERS AT HIGHER RISK

Motorcycle riders across the country are growing older, and the impact of this trend is evident in emergency rooms nationwide as doctors are finding that senior citizens who ride motorcycles are more likely to be involved in accidents and also more likely to be injured or die than their younger counterparts.

Researchers at the University of Rochester Medical Center found that half of all motorcyclists needing emergency treatment in 2005 were over 40, nearly double the number in 1996, which is consistent with demographic data indicating that the average age of motorcycle ownership has rose from 33 years in 1998 to 40 years in 2003. Injury severity, length of stay in the hospital or intensive care unit, and mortality were higher for riders over the age of 40.

In the study, which was published in the March issue of the American Surgeon, researchers using the National Trauma Databank reviewed the records of 61,689 motorcyclists aged 17 to 89 years involved in a motorcycle crash between 1996 and 2005.

Those ages 50-59 were the fastest growing group involved with crashes, and accidents involving riders in that age group were almost twice as likely to be fatal as those involving younger bikers. "Treating a 60-year-old who has been in a motorcycle accident is very different from treating a 21-year-old who has been in a similar accident — 60-year-olds bring a lot more medical baggage with them and impact outcomes," Dr. Mark Gestring, director of the trauma program at the Medical Center.

Age-related factors associated with aging, such as impaired vision, delayed reaction time, and altered balance contribute to motorcycle crashes in this population.

The increase in injury severity for older riders may be related to the reduced capacity to withstand injury as the body ages, including decreases in bone strength and brain size, as well as pre-existing medical conditions.

NATURALISTIC MOTORCYCLE SAFETY STUDY

The Motorcycle Safety Foundation (MSF) has announced that it will partner with the Virginia Tech Transportation Institute (VTTI) on the world's first motorcycle safety study that will use small video recorders and instrumentation mounted on numerous bikes for 6-18 months to gather data about the riders and events that occur.

Termed a "naturalistic" study, VTTI has developed this technology and used it successfully to conduct a 100-car study in 2005 that included 69 crashes and more than 750 near-crashes. According to the MSF, "The method is presently in use by researchers across the globe to target nearly every type of roadway user, with the exception of two-wheeled vehicles. This study, expected to be on the road by early 2011, will greatly advance the understanding of interactions among rider, motorcycle, roadway, other roadway users and the environment."

VTTI Director Tom Dingus added that "We expect the study to be very valuable to the Motorcycle Safety Foundation's work, since we also will examine where and how crash avoidance is successful. With so much information bandwidth coming from the cameras and instrumentation on each bike, we'll be able to examine details for years, and the findings will be relevant for decades."

Naturalistic Method identifies crashes using time-series video and numeric data, reveals factors not detectable through crash investigation, creates its own controls by comparing the crash-involved rider to himself/herself at all other times, and permits quantification of rider performance and behavior in non-critical and critical riding situations.

GLOBAL MARKETS BOOST MOTORCYCLE SALES

While U.S. motorcycle sales continue to drift downward, globally Honda bucked the trend by posting a 30% sales gain for first quarter of 2010, reflecting 2.54 million motorcycles sold outside of Japan.

Sales in the American market dropped 21% during the first quarter of 2010, a less precipitous slip than the previous year's 37% slide, but the rising demand for small displacement bikes in Asian markets helped the juggernaut manufacturer post a \$2.68 billion profit for the last fiscal year, a staggering 95.9% increase over the prior year.

We may find consolation in the U.S. market since our sales are sliding less steeply than before, but the evolving global marketplace is not only motivating companies like Volkswagen to purchase one fifth of Suzuki, such international sales figures are also prompting manufacturers like U.S. stalwart Harley-Davidson to divert their efforts into regions like India.

PATRIOT GUARD RIDERS BARRED FROM MINERS MEMORIAL

Many of the 29 West Virginia coal miners who died at the Upper Big Branch mining explosion on April 5th were veterans and some rode motorcycles, so bereaved families had requested the Patriot Guard Riders to attend the memorial service. PGR is an informal group of motorcyclists which exists to make sure that all veterans are given respectful funerals. But they were barred from attending this service by federal officials who labeled them a security threat.

The appearance of the Patriot Guard Riders at the service, at the request of several families, had been cleared in advance by West Virginia Governor Joe Manchin, who is also a motorcycle rider. But the day before the service, Joe Cumberidge, the West Virginia State Captain of the Patriot Guard Riders e-mailed the men who were scheduled to participate: "Due to circumstances totally and completely beyond the control of the Patriot Guard Riders and Governor Joe Manchin of West Virginia, we are regrettably ordering a STAND DOWN for this mission. Specific details will not be posted here but, we've been told we are not welcome to participate because of certain high-level dignitaries that are scheduled to be in attendance."

The "high-level dignitaries" were President Barack Obama and Vice President Joe Biden. A Patriot Guard Rider told WSAZ in Charleston that Manchin had been forbidden to allow them to participate "because of overwhelming security concerns with high-ranking federal officials — it was just not logistically possible for them to be a part of the event."

Both Obama and Biden managed to escape West Virginia unharmed.

LEGAL CHALLENGES TO MICHIGAN HELMET LAW

Several members of ABATE of Michigan rode to the Lenawee County judicial building on Tuesday, April 20th to show support for a fellow motorcyclist who is challenging a non-compliant helmet ticket. Ryan Hildebrand, 26, is one of nearly a dozen riders ticketed this spring by Adrian police Sgt. Lynn Courington for wearing helmets that the state claims do not meet federal Department of Transportation standards.

Representing the group of ticketed riders is Aid to Injured Motorcyclists (A.I.M.) attorney Lawrence "Katman" Katkowsky, who filed an appearance for the helmet defendant. A formal hearing was set for June 29 in district court, and Katkowsky said he will try to consolidate all the helmet infraction cases that are being challenged for the June 29 hearing. "The issues are all the same," he said.

He is taking on the helmet enforcement issue in Lenawee County on behalf of ABATE of Michigan, which also has a lawsuit pending in

United State District Court in Grand Rapids, challenging the state's DOT helmet rule.

One of the enforcement issues Katkowsky will raise is regarding probable cause to justify a traffic stop on a civil infraction. ABATE claims in the lawsuit that police have to look inside a helmet to determine if it meets DOT standards, and therefore cannot claim plain sight evidence to justify a traffic stop and request to inspect a helmet. No trial date is scheduled.

ANGRY FRENCH MOTORCYCLISTS SNARL TRAFFIC IN PROTEST

Forty thousand motorcyclists demonstrated all over France in protest of a recent Government announcement to fine any bikers caught filtering through traffic ("lane splitting"), and more than 60 cities saw their roads blocked by hordes of angry riders who said NON to French authorities who propose to treat motorbikes, scooters and mopeds like cars and require them to stay in their lane one behind another.

So, they behaved like cars! On March 13th the La Fédération Française Des Motards en Colère (FFMC - the French Federation of Angry Bikers) urged all motorcyclists to occupy the space of one car in each lane, and within minutes an enormous traffic jam was created that gridlocked the whole of Paris on a busy Saturday afternoon as car drivers were stuck in traffic until late in the evening.

While bikers blocked the roadways above ground, other protestors went underground bringing the subway system to a grinding halt in response to a statement made by French Transport Secretary Jean-Marc Belotti, who said "If they (bikers) are not happy, they can take the metro like everyone else."

They inconvenience us, we will inconvenience them, responded the FFMC, which set a fine example of civil obedience to demonstrate the impact of motorcycles on traffic flow, good or bad.

WEIRD NEWS: EASY WRITERS TEXT WHILE RIDING

Everyone knows that texting while driving can be dangerous. Now consider this: texting while riding a motorcycle, in heavy traffic! It's not uncommon in Vietnam, where 29 million motorcycles are the primary source of transportation.

Pham Thi Thuy Linh is 21, a college student and — according to a recent contest sponsored by a mobile phone company — has the fastest fingers in Vietnam. She can text 160 characters in 25 seconds, though she admits she is "about 20 or 30 percent slower texting on my bike." She doesn't much care that texting while driving is both illegal and not too smart.

Tran Van Thanh is a senior official in the government's office of traffic safety. He told National Public Radio that understands the concerns about texting while driving, but says peoples' bad habits will take time to change, and with limited resources it's impossible to crack down on everyone for everything.

Meanwhile, contest-winner Pham says she can't wait to get one of the new iPhone packages. She says it will enable her to text even faster than she does now, from everywhere — including her bike.
