# How an Idea Becomes a Law

# WHO WE ARE

- ABATE of Florida, Inc. is a non–profit organization of motorcycle enthusiasts from all walks of life.
- We lobby and educate the government and the general public to promote motorcycling in a safe and positive image.
- We endeavor to enlist the cooperation and participation of all organizations and individuals that share a similar interest in preserving our American tradition of FREEDOM.
- We promote motorcycle safety, training, and political awareness.
- We fund our work by holding a series of annual events at different locations within our service area and other motorcycle activities.
- We are your neighbors and friends who work, pay taxes, and get involved with our community.
- We serve and support our country and believe in freedom.
- We use all legal means to protect our rights without infringing on the rights of others.
- ABATE of Florida, Inc. is incorporated under the laws of Florida as a motorcycle rights organization or MRO. We are currently the only political MRO in Florida representing the interest of its members and the motorcycling public at-large.
- WE ARE NOT A CLUB OR A GANG.

ABATE is open to all individuals age 18 and older interested in motorcycle rights, safety or education. It doesn't matter what you ride or even if you ride. Everyone is welcome to join ABATE of Florida, Inc., which ensures YOUR opinion and views on motorcycle laws will be heard.

There are no requirements to join us and we respect and welcome all motorcycle clubs or any other motorcycle associations or organizations. We do not have any mandatory meetings or rides.

## ***Paid Membership Includes:***

- ABATE Voting Privileges
- Free \$4,000 Accidental Death or Dismemberment Insurance Policy from the American Income Life Insurance Company. As long as your membership is current, you are covered.
- Free classified advertising in the Southeast Chapter and State ABATE newsletters.
- Motorcycle Safety and Educational Updates.
- A full-time ABATE of Florida, Inc. lobbyist who fights for your rights at the state and national levels.

ABATE OF FLORIDA, INC. DOES NOT CONDONE DRINKING AND RIDING. DONATIONS TO ABATE OF FLORIDA, INC. ARE NOT DEDUCTIBLE FOR FEDERAL INCOME TAX PURPOSES. A COPY OF THE OFFICIAL REGISTRATION AND FINANCIAL INFORMATION MAY BE OBTAINED FROM THE DIVISION OF CONSUMER SERVICES BY CALLING TOLL-FREE WITHIN THE STATE. REGISTRATION DOES NOT IMPLY ENDORSEMENT, APPROVAL, OR RECOMMENDATION BY THE STATE. WWW.800HELPFLA.COM 1-800-435-7352.

**www.abateflorida.com**

### **Some of ABATE of Florida, Inc.'s Accomplishments**

- On July 1, 2000, we had the 30 year old Florida Helmet law repealed; July 1, 2010 was our 10th Anniversary of Freedom of Choice.
- We've become the 4th largest State Motorcycle Rights Organization (MRO) in the country (IN & IL are 1&2, we regularly switch for 3rd & 4th with PA).
- We got the handlebar heights law modified.
- We successfully fought a bill that would forbid our children from riding on our bikes.
- We successfully fought the bill that would confiscate motorcycles for going 30MPH over the speed limit.
- We developed an effective MSAP program that has raised motorist's perceptions and awareness of motorcycles, and have received funding from the State of FL totaling over \$750,000 to promote motorcycle safety and awareness.
- We successfully fought the bill against vertical tags that had over \$1,100 in fines for a first offense.
- Supported and fought for a texting-while-driving ban for the last few years.
- Our 2009-2010 Stiffer Penalties Bill made it through five of the FL House & Senate's committees; this is the farthest it has gone in the number of years we have tried. On the last day of session, a committee member strenuously attempted to attach a revival of the helmet law to our Bill. To avoid a new helmet law in Florida, we had to kill the Bill.
- We publish monthly Press Releases and/or Articles of Interest in many online & print publications, including Florida Full Throttle.
- The President of ABATE of Florida, Inc. has been asked to be on and currently sits as a member of The Motorcyclist Advisory Council (MAC) to the Federal Highway Administration in Washington, D.C. The Secretary of the U.S. Dept. of Transportation may appoint a representative from only two State MROs throughout the entire U.S.A. to be on this council.
- The President of ABATE of Florida, Inc. sits as the Chairman of the Board of Directors of the National Collation of Motorcyclists (NCOM). NCOM has over 1000 member organizations.

## From Your President

Well, we had a pretty busy month in September. My friends and I went on a beautiful ride down to Southern MC for their Teddy Bear Run. It's one of my favorite rides and they always have awesome music and great food. Then we went to States MC for their Tune-Up Party. They were way cool and let us set up a Safety Booth. Then we went to Mickey's Tiki Bar for Alan's birthday. He is a big part and big supporter of our community and a good friend to all!

And on September 22, 2019, we are going to Mickey's Tiki Bar for the Scurvy Few MC Bahamas Benefit. For those of you who don't know, Scurvy Few MC's Mother Chapter was in Abbaco, so the loss from Hurricane Dorian is personal to them. Thanks to Alan for helping them get this done.

I know that it's very important for us to get new members, but it's also really important for us to get renewals. The renewing members already know who we are and help us get the word out about ABATE and motorcycle safety, and they help educate the new members. There are still far too many motorcyclists that don't know who we are or what we've accomplished. If you need to renew your membership, you can do so at our party on October 13th at Mickey's Tiki. It's really important to keep your membership up-to-date, because this year is an election year. Don't forget to look in the newsletter to see who your representatives are.

Another thing, please save the date; February 9, 2020 is our State meeting AND February 10, 2020 is ABATE of Florida's 23rd Annual Freedom Ride to the Capitol. If you have never done this ride before, you get to ride your motorcycle right into the courtyard and it's awesome. Look in the newsletter for the flyer. It has all the details. I'm putting this out a couple months early and I'm going to talk about it up until the day it happens. It's really important! We need as many motorcycles out there representing as possible.

We are always looking for advertisers for our Newsletter. Help support biker rights and safety. Our prices are very reasonable. This Newsletter lets you know what's going in the local community, you know, who's having a party, when and where. But more importantly, and this is one of our main purposes, it also lets you know what's going on in Tallahassee and on a national level, as it relates to motorcycle safety and education. We are the only rag in town that is strictly local.

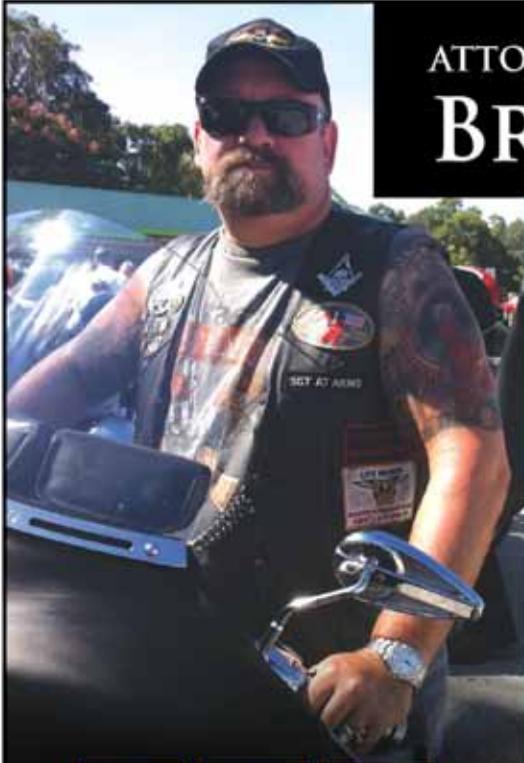

And to the younger people out there, you have the chance to inherit an organization that stands up and fights for biker rights and safety. Help us make a difference, now, and for the future!

***ANYONE WHO RIDES SHOULD BE A MEMBER OF ABATE!!!!***

God bless America!!!!

Peace,  
Johnny Rose  
President  
Southeast Chapter

Southeast Chapter Meeting Minutes  
Held at the AMERICAN LEGION POST 142  
171 SW 2nd Street, Pompano Beach, FL  
September 15th 2019

Johnny Rose called the meeting to order at 10:04AM There were 29 members present. The meeting was called to order, followed by the Pledge of Allegiance and opening prayer by Bear.

**PRESIDENT'S REPORT:**

Johnny started the meeting by thanking everyone for coming. He then opened with a presentation of an award to SpongeBob in recognition and gratitude for his services as Quartermaster, and for his dedication to ABATE. He spoke about the upcoming 39th Annual Motorcycle Event on October 13th. Volunteers need to be there at 0900hrs. He also mentioned that because elections are coming up soon, that now is the time to reach out to your state representatives

**VICE-PRESIDENT REPORT:**

Wavy thanked all the clubs who showed up for the meeting as well as all the new faces and independents. He went in to more detail about how to locate your local elected officials and where the information is located in the newsletter. Wavy spoke about needing volunteers for the Dania Beach Vintage Motorcycle Show on January 25th. We will have a booth there. Since Southeast Chapter is one of the sponsors, we will be on the official Dania Beach Motorcycle Show shirt and the flyers. He then went on to remind everyone about the Ride to the Capitol on February 10th. It was suggested that a flyer be made for a Save the Date for when/where the

friends of Southeast Chapter are meeting up for the ride up so that more people can join and ride together, including some of the clubs. Make sure you dress appropriately, February in Tallahassee is cold. Wavy talked about bringing back the newsletter Sponsorship Program. Details will be in this month's newsletter.

**SECRETARY'S REPORT:**

Marie was absent. Sparkles AKA Killswitch AKA Sasquatch AKA Mongo was taking the minutes for this meeting. A motion was made to accept the minutes as printed, seconded, no discussion, all in favor. Motion was passed.

**TREASURER'S REPORT:**

Sheila read the financial report. A motion was made to accept the financial report, seconded, all were in favor. Motion was passed.

**SERGEANT AT ARMS REPORT:**

Nighthawk thanked everyone who helped out at the Tattoo Expo and spoke briefly about that need for volunteers for safety & parking for the upcoming events.

**ROAD CAPTAIN'S REPORT:**

Troy was absent. Mongo spoke briefly on the importance of checking your equipment before you ride. He then went around and collected money for water for the Scurvy Few MC Bahamas Relief Effort.

**SAFETY DIRECTOR'S REPORT:**

Wavy talked more about the importance of checking your tire pressure before you ride. Remember TCLOCS.

### **PRODUCTS REPORT:**

Little Bit reported that long sleeve shirts are going to be ordered after the October Annual event and to get your pre-orders in ASAP so that we can better decide how many of each size we need.

### **EVENTS COORDINATOR:**

Gabe was not present. Johnny spoke about signing up to help for the October Annual event. He also spoke about needing donations for the door prizes.

### **STATE REPRESENTATIVE'S REPORT:**

Mongo reported there was no meeting last month. Next state meeting is October 12th. Currently we only have one representative slated to go as Old Hippy and Martin are unable to go. He invited anyone who wanted to step up as an alternate delegate to step forward so we could get their name to the State for the next meeting. Sheila suggested members reach out to northern members of Southeast Chapter to see if anyone wants to act as alternate.

### **MEMBERSHIP REPORT:**

Sheila read the membership report and reported we have over 700 members in the Southeast Chapter as of this meeting. Since last July we have almost 300 new members. Our goal for this year is to be 1,000 strong. We got 120 renewals this year.

### **NEWSLETTER EDITOR:**

Abby Normal reported that the newsletter is going great. She prefers to get pictures and articles via email, and, they're due today.

### **LEGISLATIVE:**

Brad reported that the only bill of interest pending in the legislative is HB2007 regarding the appropriation of \$300K of safety money for ABATE. McClain is filing it, it is only a House bill right now, and there is no Senate companion yet.

### **LEGAL COUNSEL:**

Brad opined that the economic downturn will result in many regulatory bills, that are being proposed right now, will not be voted on due to

budgetary constraints. Old Hippy reported that HB71 (Vulnerable Road Users) died in the house.

### **PUBLIC RELATIONS:**

Fern reported that the Toy Run was canceled. Fern is having a Christmas party on December 8th. States MC has Taco Tuesday and Pizza night on Fridays. All the info is available on the Hot line. Hot line is running great. Get your information in by Sunday night for the Hotline.

### **BILLING AND INVOICING:**

Sheila reported everything is up to date and we have a new advertiser, A League of Extraordinary Movers.

### **SOCIAL DIRECTOR'S REPORT:**

Bear brought birthday cake for all the birthdays in September. Happy birthday, Dawne & Hope.

### **NEWSLETTER DISTRIBUTION:**

Wavy reported that distribution is going well. All members present are welcome to take a few newsletters and put them in their saddle bags to hand out.

### **QUARTERMASTER'S REPORT:**

SpongeBob will attempt to get a good deal on cases of water from Costco for the Bahamas Relief Effort.

### **PHOTOGRAPHERS REPORT:**

Abby Normal and Barry both reported that pictures can be submitted via email. And that they continue to take lots of pictures. Remember to send in pictures via email.

### **WEBMASTER REPORT:**

Dark Angel was not present and excused. Johnny reported that the website is up and running and she is doing a great job on it.

### **CHAPLAIN'S REPORT:**

Chrissy was is not present an excused. Bear asked that everyone keep Marie in their prayers.

### **OLD BUSINESS:**

Johnny thanked the Commander of Post 142 for allowing us to relocate and stated that the

*Continued from previous page*

Commander requested that all the bikes park in the street side parking area.

**NEW BUSINESS:**

Chapter needs donations for door prizes for the Annual. Johnny thanked all the people that have donated so far.

**GOOD OF THE ORDER:**

Cards were passed around to be signed for Alan, from Mickey's birthday, for Lighthouse Chapter for the loss of their brother, Brad Eling, and for Marie, for her mom passing on to Heaven.

Upcoming events are: September 18th Alligator Alley Harley Davidson Bike Night at Hurricane Grill and Wings in Coral Springs, September 22nd Scurvy Few MC Bahamas Rescue Relief at Mickey's, September 28th Peterson's Harley Davidson Bike Show at Peterson's North, September 29th Kingdom of Brothers MC Annual Event at Mickey's, October 5th Family Event & Classic Car, Truck, & Bike Show and maybe we can get Johnny in the Dunk Tank, October 6th Mystic Seven MC 31st Annual Party at Mickey's, October 12th ABATE State meeting at American Legion Post 340 in Pensacola, October 13th ABATE Southeast Annual Motorcycle Event at Mickey's, December 7th is camping with friends at Camping Circle B at Markham Park hosted by Jimmy Les.

Motion to adjourn the meeting was called for at 11:20am, the motion was seconded, all were in favor. Next Chapter Meeting will be at the American Legion Post 142 in Pompano Beach on October 20th, 2019.

Zach Storrs AKA Sparkles AKA Killswitch AKA Sasquatch AKA Mongo, standing in for Marie Baxter, Secretary, Southeast Chapter

# Vice-President

Good Day,

I would like to thank the Biker Community for all the support they give to ABATE, especially the MC's. Also thank you to all the advertisers in our newsletter, they help keep our newsletter going and I hope they get something out of it to help their business. So let's support these businesses so they can continue to help support us. Even though sometimes it is easier and maybe cheaper to buy from the internet, we really need to support our local small businesses.

*Our newsletter is starting up a sponsorship page where your name will be at the top of a page. In this Month, you will find all the information and levels of sponsorship. This is another way "we" can help with the cost of this informative newsletter as the cost keeps going up, like everything. So if you can, and you want to see your name in our newsletter, check it out.*

This is the only newsletter in town that keeps you informed and up to date with the events and legislative news that is important to our biker community.

*A reminder that Sunday, Oct 13, 2019 is ABATE SE 39th Annual. It is at Mickey's Tiki Bar, starts at noon thru 5 pm. Hope to see you all there.*

Thank you for your support,

Your V.P.  
Jon "Wavy" Viger

**NEWSLETTER DEADLINE: On or by the 2nd Sunday of each month for articles, ads, flyers, etc.**

## From Our Road Captains

### **Rider Beware and Stay Alert!!**

I just hung up the phone with a fellow brother who was riding in the mountains and he was describing how he just about went down on his bike and over the edge of a cliff while group riding with some fellow bikers. As they were riding down the mountain his tires went across what many bikers call "Tar Snakes", those winding concrete road repairs where tar is filled in the cracks by the Highway Departments. As he was coming around a downhill corner, his front tire completely lost traction with the road when this tar snake broke the friction between his tire and the pavement. Luckily, he was able to save it before going down but not before going onto the narrow shoulder stopping just before the edge of a long drop off. Because he was riding in a group this could have been a multiple bike catastrophe for usually when one rider goes down all the riders behind have to suddenly maneuver to keep from going down themselves.

While these Tar Snakes are bad enough, there are a few other not readily known hazards motorcyclist have to also be familiar with. Many riders are unaware that grass clipping in the road can have the same effect as ice on the road. More than one rider has been in a serious accident due to homeowners mowing their grass clippings in the street. These seemingly harmless acts can have a devastating outcome for motorcyclists.

Another area to be cautious due to all the rain we have had, when pulling up to a stop sign and putting your foot down on a wet, painted white crosswalk stripe, watch out for it also can be like stepping on a frozen lake.

There are so many hazards to avoid. Stay safe out there and rider beware and always stay alert!

Your Road Captains,  
Zak and Troy

## *From Your Safety Director*

Good Day,

To start with, thank you for picking up this newsletter and actually reading the articles.

As we all know, it has been extremely hot out and we need to stay hydrated. If you do find yourself Feeling overheated, someone told me to hold the cold water bottle to your wrist and hold it there for a few minutes, then switch to the other wrist. When I tried it, it made me feel better in less than 10 minutes. Just something for you to try.

Along with the heat there have been the sudden thunderstorms bringing lots of rain, so watch for standing water, you never know how deep it is or what is under it. The rain also makes the roads slippery.

The other thing I would like to mention is – taking care of your bike. It's not that hard to do and your bike in return will take care of you.

Before you ride, just do a few checks, here are a few

1. Tire pressure
2. Check all your lights
3. Check oil and other fluids
4. Make sure center or side stand is working properly

I know this seems like a lot but you might find something that can keep you from breaking down or having a serious accident. So it is worth taking the few moments and checking your bike.

For more safety information go to: [nhtsa.gov/safety/motorcycles](https://www.nhtsa.gov/safety/motorcycles)

Well thanks for reading this article and as always,  
Ride Safe so you can Ride Again.

Your Safety Director,  
Jon "Wavy" Viger

PS – Don't forget ABATE SE 39th Annual @ Mickey's on Oct 13, 2019, see you there

## WHICH SPIRIT LEADS THE WAY?

It's October and that means the holidays are just around the corner. Halloween and harvest decorations have already filled the shelves, and before you can say "BOO", Christmas merchandise will be taking over. Fall is my favorite time of year... slightly cooler riding temperatures, the suns angle on the road, and with any luck, and we may get to wear long sleeves. It's the spirit of the season.

The season is full of other spirits as well. You might find a few of them at one of our local MC Halloween Events (see the calendar), while other spirits get poured straight from a bottle. But the spirit I'm talking about is a dear friend of mine and He was sent to the earth to be a helper. Many don't understand the important role that the Holy Spirit plays in our lives.

Some people refer to their 'conscience' when speaking of an inner voice. Others say, "Something gave me a feeling.' Either way, Holy Spirit gets the credit. When Jesus left the earth, He promised us we would never be alone. He sent the Comforter, the Helper, or Holy Spirit, and the role he plays is important. He speaks to us, which can happen in different ways... through the Bible, prayer, thoughts, conversations, experiences, dreams, visions, and even a voice. As mystical as that may sound, his job is to reveal Jesus everywhere we go. His other jobs are to comfort us, bring us truth, and guide us in our lives, especially when making decisions. When we ask, he also gives us the strength to make the right choice. He's that 'still, small voice' and we decide if we want him as our GPS.

Knowing the Holy Spirit is here to help, why not give him a try? The next time you need help, ask the RIGHT spirit

Navigated by Him

# ABATE SOUTHEAST CHAPTER SPONSORSHIP PROGRAM

We are bringing back our old Sponsorship Program. This was an idea to help raise money for our Chapter, and also to recognize those brothers and sisters who provide extra monetary support, to promote the Chapter's mission. Members, or other individuals, who provide a donation to the Chapter, will have name recognition in our Monthly Newsletter and on the Chapter's website, for one year. The categories are: Platinum Donor \$125+; Diamond Donor \$100-\$124, Gold Donor \$75-\$99, Silver Donor \$50-\$74, and Bronze Donor \$25-\$49.

Approximately 40% of our members are Life Members, which means they do not pay annual dues, so they do not financially support the Chapter through dues. They do buy products, pay to attend events, post ads in our Newsletter, and make monetary donations, but they have no obligation to do so. This is another opportunity for them to contribute, if they wish, but anyone can do this.

This is an opportunity for all Southeast Chapter brothers and sister to become ABATE Southeast Chapter Sponsors. Platinum Donors also get to select a page in our Newsletter, to sponsor, where you name will be listed in a banner at the top of the chosen page, and first come, first serve.

I want to sponsor ABATE Southeast Chapter with the following donation (not tax-deductible). Check one:

- Platinum Donor      \$125+                       Diamond Donor      \$100-\$124
- Gold Donor            \$75-\$99                       Silver Donor      \$50-\$74
- Bronze Donor        \$25-\$49

Name: \_\_\_\_\_

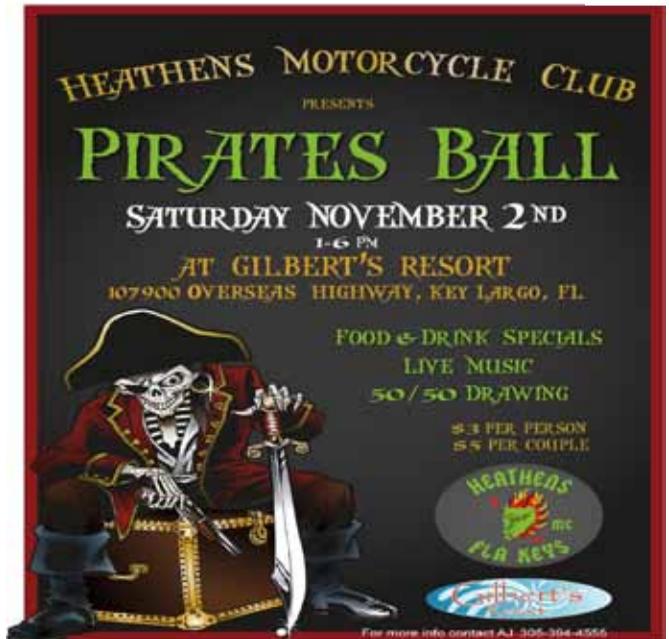

Address: \_\_\_\_\_

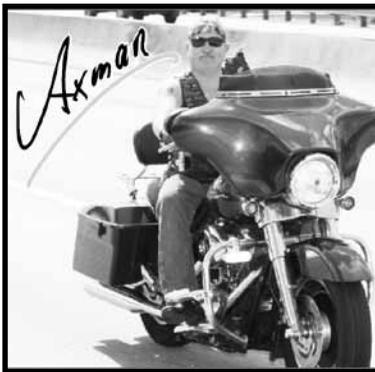

City, State & Zip: \_\_\_\_\_

Make checks payable to ABATE of Florida, Inc. and mail the Sponsorship Form to:

# OLDHIPPIY'S CORNER

*- Throwback to October 2009*

Hello my fellow Americans and members of SE Chapter Florida's Motorcycle Rights organization, ABATE. This is the year that we are expecting a past ugly infringement of our "Freedom to Choose" to rear its unwelcome head again, namely the helmet law!

After the backlash with mandatory the seat belt law that came in effect making it a primary offence, the cagers are making some sort of retaliatory statement for their loss of freedom of choice, such as "why do I have to buckle up" when the riders of Motorcycles don't have to wear a helmet? And guess who is taking notice Bottom line is ..... They let it happen! This is the same thing that can happen to us if we do not nip this in the bud by being involved. I was going over the report that ABATE of Florida puts out showing how many members that each chapter has and the percentage on members that are voters. I find this rather interesting by the diversity of the numbers that are recorded. As of June's, report which included, "At Large" members showed anywhere from the low of 59% for Sumter and Duval Chapters to 100% for Nature Coast Chapter.

We at Southeast have only 73% of our members that state they are voters and if you take that in consideration it translates to around 150 members that have no say, no voice in decisions that can and will be made that will have an effect on our freedom and how we live our lives.

"Bad officials are elected by good citizens who do not vote." - George Jean Nathan

The reason we ask if you are a register voter is because numbers count! When we deal with our policy makers, we can say we have so many constitutes in your area that are interested in things that will affect them, they have a tendency to listen! I'm asking you to please review with our membership committee to make sure you are listed and also if you can get a voter registration card, get one, every vote counts!

If you have any question on how to find out who your law makers are, or on registering, please call me or E-Mail me at [oldhippybob@yahoo.com](mailto:oldhippybob@yahoo.com)

Money and a short of is all you hear. People out of work, property value going down causing the revenue the government gets to be less and making it harder for them to budget the bottom line. It is a trickle-down effect for most of us, the administration for years has been pushing us to be more energy conservative in almost everything we do and especially with in comes to our gas guzzling cars. The feds get 18.5 cents a gallon as a fuel tax which funds the current Highway Trust Fund (HTF), think of it as a user fee. The money that this tax has generated has gone up each and every year because we have bought more gas which in turn has but more money into the HTF each year. Well, we did last summer what they have been preaching to us and did the unthinkable, bought less gas. It was brought on by high gas prices, people out of work and the pretty little hybrids that have ultra-high MPG's. Less gas bought, means less taxes was paid and in of course means less money for the fund that is now broke from it. In fact, the fund is so broke that congress is had to infuse \$7 billion to keep the necessary funds to the state.

## OLDHIPPY'S CORNER

The current bill (PL109 59) is set to expire at the end of September and has spent \$256 billion in the last 4 years. The proposals on the table this time are suggesting that we need \$550 billion to cover the next 6 years. Let's see, if no additional tax is put on fuel, we can safely say the current income from the tax would be around \$250 billion over the next 6 years. That's translate to around \$300 billion in revenue that needs to somehow appear from somewhere. (Remember the gizmo that records miles driven that I mention in my past post)

With the current administration efforts on healthcare , cap and trade legislation , plus all the bail out money that has been spent , coupled with fear of losing popularity , MRF has determined that they what to punt the half trillion bill past the 2010 elections. There an 18-month extension that came out of a committee under the leadership of Barbara Boxer (DCA) to the current law. I guess Obama and she agree that a year and a half of wait time is ok for the repairs of the crumbling bridges or bring up our aged and out dated roads. It has been stated that America transportation infrastructure, manly our roads helped earned the top spot amongst global supper power countries.

This may or not may not be fact but consider this: Afghanistan has only one paved road! Simply put, Congress needs to get off their ass and do something fast. 18 months is not good enough, maybe 6 months is more reasonable. The last bill needed 12 extensions and took over a year and a half over the expiration date of the previous law, so don't look for any thing to happen for a while. Government's view of the economy could be summed up in a few short phrases: If it moves, tax it. If it keeps moving, regulate it. And if it stops moving, subsidize it. - Ronald Reagan

I'm out of time. Government still sucks and I need a beer.

# President's Rant Corner

So, an old friend of mine told me that he thinks we are a dying breed. I told him I think he's nuts. And he told me he was going to leave me with this poem.

He's an old school biker, a dying breed I am told  
His big V twin cycle thunders as he rides down the road  
He cracks the throttle and then shifts a gear  
The wind in his face and all of his problems will just disappear  
He likes rock and roll, ape hangers, and loud pipes  
Don't even try to tell him how to run his own life  
He's all dressed in leather and rides in a pack  
With his brothers and sisters, they all make it back  
He may have a knife and he may have a gun  
But with respect and brotherhood, that's how it's done  
-by Ramblin Mind

He may have a point because times are a changin', so it's up to us to teach the new riders about brotherhood, loyalty, and respect. After all, that's what old school is, that and love for the good old USA and our Constitution and our Star-Spangled Banner and our Pledge of Allegiance and our the Flag (I still won't watch the NFL).

God bless America!

Peace,  
Johnny

# HOW TO BUY CAR INSURANCE

*Order Your FREE Book Today!*

**This is the book your agent does not want you to know about!**

Car insurance is so expensive, and it can be difficult to get all the information you need to make an informed purchasing decision. This book takes the mystery out of buying car insurance.

Most people can't even answer basic questions about their own policy regarding bodily injury liability, comprehensive, or collision coverage.

Buying Car Insurance will help you to understand the fine print in your insurance policy. You'll discover why the legal minimums might not give you the coverage you need.

No insurance agent will reveal the industry secrets covered in this book. We will show you how a few more dollars in monthly premiums can return thousands in future protection.

### **JUDGE DISMISSES COUNTY AS DEFENDANT IN TWIN PEAKS LAWSUIT**

A federal judge has dismissed McLennan County as a defendant in a civil rights lawsuit filed by three bikers arrested after the 2015 Twin Peaks shootout, but ruled the plaintiffs can pursue claims against the city of Waco and seven individual defendants.

The lawsuit, filed by the three bikers who were never indicted in the deadly shootout with law enforcement, is one of about 20 pending Twin Peaks civil lawsuits involving about 130 bikers with claims of unlawful arrest and conspiracy.

The plaintiffs allege former McLennan County District Attorney Abel Reyna was the final policymaker for McLennan County regarding the events at Twin Peaks, but U.S. District Judge Alan Albright ruled that a county sheriff, not the district attorney, is the final policymaker.

The lawsuit alleges Reyna was the county's final policymaker because he "was responsible for devising the overall prosecutorial goals and strategies" of the county on the day of the shootout that left nine bikers dead and 20 injured in a hail of police gunfire, but the judge ruled that "regardless of Reyna's involvement in helping to decide whether the arrests should be made, he did not have authority to make municipal policy."

The judge denied the city's motion to dismiss the lawsuit. The order leaves claims pending against D.A. Reyna, as well as the former Waco police chief, assistant chief and various named officers.

More than 200 bikers were jailed on identical arrest warrant allegations. Only one case went to trial, which ended in a hung jury favoring acquittal and a mistrial. District Attorney Barry Johnson, Reyna's successor, dismissed the remaining charges against the bikers.

According to a report by Tommy Witherspoon in Insane Throttle Biker News ([www.harleyliberty.com](http://www.harleyliberty.com)), the lawsuits allege the defendants violated the bikers' Fourth Amendment rights by obtaining arrest warrants based on a fill-in-the-name affidavit that lacked probable cause. They also allege defendants violated their 14th Amendment due process right to be free from unlawful arrest.

Insane Throttle was recently awarded the Silver Spoke Award for Media at the 2019 National Coalition of Motorcyclists' NCOM Convention in Orlando, Florida.

### **PROPOSED IOWA ORDINANCE WOULD ALLOW ATVs ON COUNTY ROADS**

A committee in Linn County, Iowa is working to pass a new ordinance that will allow ATVs to be driven on county roads, despite concerns about having off-road vehicles sharing the streets with regular vehicles.

County Supervisor Brent Oleson said a committee approached him about the ordinance, saying that "I'm all for not taking anything off the table, anything that gets people outdoors can only have positive benefits."

But Sheriff Brian Gardner told TV9 that combining ATVs and regular vehicles on the same road is just too dangerous. "They're off-road vehicles, and they're designated as off-road vehicles for a reason."

Oleson says they're going to look at what works for ATV ordinances in other areas, and hopes to have something passed before spring.

Right now, unless a town or county passes an ordinance allowing it, ATVs can only be driven on one of Iowa's eight riding parks or on private property. ATVs are also allowed to cross streets, with some restrictions.

### **VIRGINIA BECOMES 15TH STATE TO CREATE AN OFFICE OF OUTDOOR RECREATION**

Virginia Governor Ralph Northam (D) has announced the creation of an Office of Outdoor Recreation to lead efforts to promote the outdoor recreation industry in Virginia and recruit new outdoor businesses to the Commonwealth.

The outdoor recreation industry contributes nearly \$22 billion annually to the Virginia economy, and employs more than 197,000 Virginians. Virginia will be the 15th state in the nation to establish an office or task force dedicated to strengthening the outdoor industry, and the third on the East Coast.

"Every region of our Commonwealth is home to unique outdoor assets and recreation opportunities, which continue to earn national praise and are sought out by millions of travelers each year," Gov. Northam said. "In establishing a statewide Office of Outdoor Recreation, we are taking significant steps to recognize the importance of this industry as a true driver of economic development in the Commonwealth, and demonstrate why Virginia is the natural fit for outdoor business. Outdoor recreation not only improves the growth potential of our communities, but it also aligns with our goals on land conservation, workforce development, and public health."

The Office will lead an effort to grow the outdoor industry in Virginia through industry promotion, coordination, and recruitment.

### **NATIONWIDE MOTORCYCLE THEFTS DECREASING**

While motorcycle theft has been a significant problem in the US, the latest National Insurance Crime Bureau report indicates that motorcycle thefts across the country went down in 2018, and in fact have been on a steady decline since 2016 after experiencing an uptick the previous two years.

A total of 41,674 motorcycles were reported stolen in 2018 compared with 44,268 reported stolen in 2017 -- a decrease of six percent.

By manufacturer, Honda was the most stolen bike brand, followed by Yamaha, Suzuki, and Kawasaki. Harley-Davidson rounded out the top five.

Unsurprisingly, motorcycle thefts in the US are at their peak during the summer months, with August, July, and September, in that order, seeing the highest number of thefts, and with about half as many bikes stolen in February 2018.

The report also gives a state-by-state breakdown, and notes that thefts are more common in large metropolitan areas as well. California leads the country in motorcycle thefts, with 7,035 occurring in 2018, followed by Florida with 4,279 thefts reported, then Texas (3,073), New York (1,777) and South Carolina (1,743). By city, New York City led the way with 1,310, then Los Angeles with 628, Miami (595), Las Vegas (540), and San Diego fifth with 527

A total of 16,261 bikes were recovered from thieves in 2018, or about 44% of those stolen.

### **STUDY SHOWS MOTORCYCLES MOST LIKELY VEHICLE TYPE IN U.K. TO BE STOLEN**

One in every 46 registered motorcycles in the United Kingdom (UK) was stolen last year, according to new figures gained by a Freedom of Information (FOI) request by the Motorcycle Action Group (MAG). In London, one in every 12

bikes was reported stolen in 2018.

While the countrywide figure actually signals a modest 3.98% improvement over 2017, the national average of one in 46 still means that motorcycles are seven times more likely to be stolen than any other road vehicle!

"For a biker, the theft of their bike is definitely not a victimless crime," said Colin Brown, MAG's Director of Campaigns & Political Engagement. "More so than for any other mode of transport, riders become emotionally attached to their bikes. For some, the loss of a bike is akin to the loss of a family member."

With an average 500 bikes stolen a week in 2018 motorcycles remain the most commonly stolen vehicle in the UK, seven times more likely to be nicked than anything else, which is why security firms are coming up with ever-more sophisticated locks.

### **NEW HAMPSHIRE TO MODERNIZE DMV IN WAKE OF DEADLY JUNE CRASH**

Following the deadly June 2019 crash that killed seven motorcyclists in New Hampshire, officials want to work with other states to prevent anything like this from happening ever again.

The truck driver currently facing seven charges of negligent homicide in those deaths -- who had a Massachusetts-issued CDL -- should not even have been driving, according to his combined driving record. The head of the Massachusetts DMV resigned and others at the agency were fired once this came to light.

Over the past few weeks, New Hampshire has also been conducting an internal review of its own DMV records and practices. On August 29, 2019, NH governor Chris Sununu gave a press conference with other top officials to share their findings. The results: nearly 4,000 drivers will have their licenses suspended following a review of over 13,000 out-of-state notices, as well as a

backlog of 62 commercial license notices dating back to 2016.

One unintended and potentially good consequence of this terrible accident is that it's led New Hampshire to modernize its DMV system and automate notices, so that paper backlogs like this can't build up in the future. Additionally, the governor is now pushing the state legislature to allow the NH DMV to become part of a computerized state-to-state driver verification system using Real ID.

One of the biggest issues that the terrible crash brought to light is that truck driver Volodymyr Zhukovskyy had a number of driving offenses spread across multiple states -- that obviously didn't communicate effectively with one another. Creating processes that enhance communication of driving offenses across state lines seems like a logical step toward preventing catastrophes like this in the future.

### **EURO5 EMISSIONS RULES EXPECTED TO BRING TECH PROGRESS**

The latest European emissions limits (Euro5) will be introduced from the start of next year on, and while many naysayers preach gloom about tightening emissions laws, others predict that they will spur development, creating bikes that are measurably better than their predecessors.

Euro5 is the fifth iteration of European emissions limits that have got steadily stricter since the original Euro1 came in 1999, and the newest limits represent an astounding improvement over the two decades since: compared to the current Euro4 limits, Euro5 levels are down by a third.

The big news is the introduction of a limit for 'non-methane hydrocarbons' (NMHC) -- quite literally hydrocarbons that aren't methane -- which wasn't measured before. NMHC makes up most of a bike's HC emissions, so the 0.068g/km limit is a particular challenge. To reduce HC emissions in high-revving performance engines as well as

at low revs, expect to see an explosion in the use of variable valve timing (VVT) as well as higher capacity engines to reduce reliance on higher revs; both of which will boost performance.

On the downside, as the bikes get more impressive, they'll also be more complicated, making them more costly to produce, and making maintenance more expensive.

As before, Euro5's introduction is staged. New models from January 1, 2020 must meet the limits but manufacturers have an extra 12 months to adapt existing designs.

Brexit won't exclude the UK from compliance, as they're already committed to remaining aligned with EU rules and other non-EU countries such as India and China are adopting similar standards.

### **FRENCH ROLL OUT 'NOISE CAMERAS'**

France has begun tackling loud motorcycle exhausts, by installing a 'noise radar' capable of identifying the offending vehicle, with the device linked to Police CCTV cameras in order to automatically issue fines.

In the UK, the Department for Transport has likewise announced that they will be trialing new 'noise cameras' in a bid to cut down on illegal exhausts.

**QUOTABLE QUOTE:** "Washington is a city surrounded on all four sides by reality."

~ Florida Congressman Matt Gaetz

## Motorcycle Rights & Safety Dedicated to

### "Freedom of Choice, Freedom of the Road"

You may know us as the motorcycle organization that got the helmet law repealed in Florida or from our motorcycle rights and safety rally's throughout the year. ABATE of Florida is not a club, we are a motorcycle rights & safety organization dedicated to promoting motorcycle safety while remaining ever vigilant of the legislative issues concerning motorcyclists' nationwide.

### We Are Not ANTI-HELMET, We are ANTI-HELMET Law!

One of the most popular misconceptions about ABATE is that we are anti-helmet. Nothing could be further from the truth. We are "anti-helmet law" if you choose to ride with or without a helmet it's your choice, it is your right to decide whether wearing a helmet is right for you. ABATE is an organization fighting to protect your rights.

### GOALS & PURPOSES OF ABATE

To print a newsletter to keep all bikers informed with regard to legislative actions and events around the state and throughout the country.  
To become a powerful and viable political force in legislative matters concerning all motorcyclists rights.  
To provide a lobbyist to represent ABATE of Florida, Inc. on the state and national level.  
To promote voter registration and motivate members to write their legislators.  
To promote safe riding habits without infringing on individual rights.  
To educate the public about motorcycle awareness.
